Rockwall, Texas Proclamation

Whereas, for more than a quarter millennium, surveyors have played a central role in the epic saga of America, her people, and the land they love; and

Whereas, perhaps the most famous land surveyors in U.S. History were Meriwether Lewis and William Clark, two explorers at the turn of the nineteenth century who embarked on an expedition through the uncharted territory purchased from France, sowing seeds of “Manifest Destiny” and a sense of purpose that would shape the trajectory of our people for years to come; and

Whereas, the promise of land ownership beckoned pioneers from each corner of the globe, and in the era of westward expansion, many settlers journeyed to the Lone Star State to build a better life; and

Whereas, to inspire continued immigration from the United States, Stephen F. Austin, the Father of Texas, published the first commercially-produced map of the region in 1830 and updated it in 1840 to reflect Texas’ newfound status as a sovereign nation; and

Whereas, although surveyors paved the way for many glories of the past, their present influence is as significant as ever – whether construction, transportation, conservation, industry or disaster recovery, much of modern life depends on land surveyors; and

Whereas, the field of land surveying is a sophisticated science that involves advanced data collection methods and precise geographic information systems; and

Whereas, from land ownership to infrastructure development, surveyors make a meaningful, tangible difference in our city, state and nation, with these professionals possessing a great deal of both technical expertise and advanced analytical abilities.

Now, Therefore, I, Trace Johannesen, Mayor of the City of Rockwall, Texas, do hereby proclaim **MARCH 16 – 22** as

SURVEYORS WEEK

in the City of Rockwall and encourage all citizens to acknowledge and applaud these hardworking professionals for the important work they do, which is of great benefit to us all.

In Witness Whereof, I hereunto set my hand and official seal this 17th day of March, 2025.

Trace Johannesen, Mayor

VII. Open Forum

Mayor Johannesen explained how Open Forum is conducted, asking if anyone would like to come forth and speak at this time.

Stan Jeffus
2606 Cypress Drive
Rockwall, TX

Mr. Jeffus came forth and showed some slides on the overhead screen, indicating that he has some questions about the "Homestead" development, which has 50 acres that he understands will be given to the city so it can become a city park. He essentially expressed concern about density (490 lots on 196 acres, per Mr. Jeffus' slides he showed). He believes this development is actually 'high density,' even though the city council says it's 'low density.' Mayor Johannesen explained that it's not the city council who defines 'low vs. high density.' Rather, these terms are defined within the city's UDC / Comprehensive Plan. Mr. Jeffus shared that he does not understand the logic and the density-related calculations reflected in these documents.

There being no one else wishing to come forth and speak at this time, Mayor Johannesen closed Open Forum.

X. Action Items

1. **MIS2025-004** - Discuss and consider a request by Phil Wagner of the Rockwall Economic Development Corporation (REDC) for the approval of a *Miscellaneous Request* for a *Variance* to the *Utility Placement* requirements of the *General Overlay District Standards* to allow overhead utilities along a portion of SH-276 between John King Boulevard and Rochelle Road and a portion of Corporate Crossing [FM-549] between the IH-30 Frontage Road and SH-276, City of Rockwall, Rockwall County, Texas, being right-of-way, and take any action necessary.

The applicant has requested this item be tabled. So it will come back before Council at the March 17 city council meeting. No discussion or action took place at this time.

2. Hear presentation of the City's Charter Review Commission and City Attorney regarding report and recommendations as a result of the Commission's review of the City Charter, and take any action necessary.

Chairman of the Charter Review Commission, Kevin Fowler, came forth and thanked the Council for forming the Commission and inviting its members to review the city's existing Charter. He explained that his peers elected him as "Chair" of this process, one that consisted of three meetings held. During said meetings, in addition to reviewing the Charter as a whole, the Commissioners discussed and considered topics submitted by city council members as well as one topic brought forth by residents. Regarding each topic discussed, a vote was taken by Commission members, and each topic voted on was unanimous and had no dissenting votes. He explained that the city attorney will brief the Council in more depth regarding the topics that were evaluated and discussed.

City Attorney, Frank Garza then came forth and provided a more extensive presentation to City Council regarding the various topics that were reviewed, discussed and debated as part of the review process. He shared that all recommendations being brought forth are ones that the Commission members have all unanimously agreed to. He went on to explain that topics were discussed but the Commissioners decided to leave 'as is' and put forth no recommendations for changes. One such topic is regarding 'plurality' versus 'majority' votes required during city council elections. The Commission is NOT recommending any change from the current plurality requirement because of the infrequency of more than two candidates running in a given race and the cost of runoff elections. He noted that when only two candidates run in any given position, there will naturally be one candidate who earns a majority of the votes. He went on to explain that smaller cities (usually considered "General Law" cities) use plurality voting; whereas, usually larger cities go to majority voting systems.

Another such topic discussed is if even numbered Council seats should be required to be "given up" (incumbents being required to 'resign to run') and placed on the ballot, along with odd numbered seats, in mayoral election years. The commission is NOT recommending this change at this time.

Also discussed by the Commission was the topic of doing away with appointments to fill vacant Council seats and, instead, require an election. The Commission is not recommending this change because of the potential for vacancies to be prolonged due to no ability to hold elections on dates other than Uniform Election dates, which are prescribed (only) by the State.

The topic that was discussed the most was the topic of possible creation of 'single member districts' in place of the current 'at large' election system that is in place. This topic was discussed (at length) at each of the three meetings held by the Commission. The Commission is NOT recommending a change to single-member districts at this time.

The Commission also agreed to put forth a recommendation for some non-substantive changes such as modifying language to be gender-neutral.

Mr. Garza also explained some of the recommended substantive (which would require stand-alone ballot propositions) changes, including modifications to 'terms' of city council members. The Charter Commission is recommending maintaining the three consecutive terms in the same Council position

but recommends revising to allow up to five consecutive terms in both Council and Mayor positions. This would allow a person to serve two consecutive terms in a different elected position.

An additional substantive change that is being recommended is for the timeframe associated with the City Secretary validating signatures on a petition. Current language allows for 21 calendar days. The Commission is recommending it be increased to 30 calendar days.

Mr. Garza also explained a recommendation of the Commission related to the timeframe a person has to file a claim with the city. He explained that case law has consistently shown that 180 days is considered a reasonable amount of time; however, current Charter language specifies 60 days. It's being recommended that this timeframe be increased to the 180 days.

He also shared that he is recommending that the Charter be amended to allow the Council, by ordinance, to update the Charter on non-substantive matters, such as correcting typographical errors, grammatical errors, references to laws which have been changed or which references are, for any reason, incorrect, and to neutralize all gender references, provided that no such amendment changes the meaning or substance of the Charter. He shared that many cities, statewide, are making these sorts of changes in their Charter so that minor, non-substantive amendments may be made without holding a charter election.

Councilmember Lewis thanked Mr. Garza and the Commissioners for their work on reviewing the Charter. Councilmember Thomas had brief dialogue with Mr. Garza concerning the timeframe associated with filing 'notices of claim' with a city in Texas.

Councilmember McCallum expressed that he is the one who put this topic on a past council meeting agenda and wanted a Charter Commission to be formed. He thanked the Commission for its work. He also expressed that he is not in agreement with some of the Commission's recommendations. He, for example, would like to see majority voting rather than plurality. He wonders how many other cities in Texas of our size have plurality voting instead of majority voting. Mr. Garza expressed he is unsure of that answer; however, he knows it is common for cities of a population of 100k or more to go to 'majority.' At the same time, though, there are still some very large cities that have stayed with 'plurality' voting. Chairman Fowler and Councilman McCallum had brief discussion about 'plurality' versus 'majority.' Commission Chairman Fowler came forth and shared that this topic was one that the members went back and forth on and it, perhaps, could have gone either way; however, historically the number of times that an election has come about in which 'plurality' versus 'majority' voting would have even mattered was very minimal. So it came down to the fact it hasn't really come up very often, and 'cost of an election' (financial cost) was also a consideration.

Councilmember McCallum indicated there have been two contested Council races in the last decade – one ten years ago and one four years ago. In the case of the one four years ago, regarding Councilmember Jorif's race, there would have been a need for a run-off election. That would have been the only run-off in the last decade, so – from that perspective – additional costs seem likely minimal. He believes the minimal cost would be worth it, especially considering – if the trend continues it won't happen very often – and he believes it's worth it to ensure that candidates elected to office have garnished a majority of votes.

Councilmember McCallum went on to share that he'd like to see the City Charter require a review of the Charter at least once every ten years.

Mayor Pro Tem Jorif thanked the Commissioners for their work.

Councilmember Campbell asked for clarification on election-related costs. City Secretary, Kristy Teague, mentioned that the estimated total for the city's portion is likely around \$14,000. The number quoted in the most current countywide, joint elections contract for the overall estimated cost of the May 3, 2025 General Election is estimated to be \$80,000 total.

Mayor Johannesen was glad to have the group of Commissioners that were put into place, as he views them as very knowledgeable, given that most of them are former council members. He is also pleased to know that citizens also attended, participated in the process, and gave input.

The Council took no action as a result of this discussion item.

- 3. Hear presentation from Leadership Rockwall Class of 2025 regarding their class and associated project, and take any action necessary.**

Lindsay Lombard came forth and introduced herself, sharing that she is representing her Leadership Rockwall Class in speaking before the City Council this evening. She explained that this year's class will be raising funds and constructing a 'sensory garden' to benefit dogs who are in training at the local Patriot Paws, non-profit organization that helps provide service dogs to military veterans.

Councilmember Lewis expressed kind sentiments about Patriot Paws, indicating this is a very worthwhile project.

City Manager, Mary Smith indicated that City Secretary, Kristy Teague has been working with FEMA and with the State Division of Emergency Management to attempt to get reimbursement money associated with the May 28, 2024 storm-related clean up and related expenses. She has successfully secured reimbursement at 100%, which totals over \$400,000. She thanked Ms. Teague for her work in this regard.

TO: Mayor and City Council
DATE: March 17, 2025
APPLICANT: Ryan Joyce; *Michael Joyce Properties*
CASE NUMBER: P2025-004; *Preliminary Plat for the Juniper Subdivision*

SUMMARY

Consider a request by Ryan Joyce of Michael Joyce Properties on behalf of John Vick of Qualico Developments (US), Inc. for the approval of a Preliminary Plat for Phase 1 and 2 of the Juniper Subdivision consisting of 366 single-family residential lots on a 195.685-acre tract of land identified as part of Tract 3 of the A. Johnson Survey, Abstract No. 123 [355.146-acres]; and Tract 7 of the W. H. Baird Survey, Abstract No. 25 [20.3942-acres], City of Rockwall, Rockwall County, Texas, zoned Planned Development District 103 (PD-103) for Single-Family 10 (SF-10) and limited General Retail (GR) District land uses, situated within the SH-205 Overlay (SH-205) and SH-205 By-Pass Overlay (SH-205 BY OV) District, generally located on the east and west side of S. Goliad Street [SH-205] at the corner of the intersection of John King Boulevard and S. Goliad Street [SH-205], and take any action necessary.

PLAT INFORMATION

- Purpose. The purpose of the applicant's request is to Preliminary Plat a 195.685-acre tract of land (i.e. part of Tract 3 of the A. Johnson Survey, Abstract No. 123 and Tract 7 of the W. H. Baird Survey, Abstract No. 25) to show the future establishment of 366 single-family residential lots, 23 open space lots, and one (1) amenity center lot (i.e. Lots 1-12, Block A; Lots 1-9, Block B; Lots 1-41, Block C; Lots 1-15, Block D; Lots 1-23, E; Lots 1-21, Block F; Lots 1-17, Block G; Lots 1-20, Block H; Lots 1-42, Block I; Lots 1-18, Block J; Lots 1-14, Block K; Lots 1-21, Block L; Lots 1-28, Block M; Lots 1-28, Block N; Lots 1-14, Block O; Lots 1-20, Block P; Lots 1-10, Block Q; Lots 1-11, Block R, Juniper Subdivision). The proposed Preliminary Plat also lays out the necessary easements (e.g. fire lane, public access/right-of-way, utilities, and drainage) for the future development of the residential subdivision. Staff should note that in conjunction with the submittal of this Preliminary Plat, the applicant has also submitted a Master Plat [Case No. P2025-005] outlining the phasing plans for the Juniper Subdivision.

- Background. The portions of the subject property adjacent to the current alignment of S. Goliad Street [SH-205] were annexed into the City on May 19, 1986 by Ordinance No. 86-37 [Case No. A1986-005]. The remainder of the subject property, north of S. Goliad Street [SH-205], was annexed into the City on June 15, 1998 by Ordinance No. 98-20 [Ordinance No. A1998-002]. The portion of the subject property southeast of S. Goliad Street [SH-205] was annexed into the City on August 30, 1999 by Ordinance No. 99-33 [i.e. Case No. A1999-001]. At the time of annexation, the subject property was zoned Agricultural (AG) District. On January 6, 2025, the City Council approved a zoning change [Case No. Z2024-060] for the subject property changing the zoning from an Agricultural (AG) District to Planned Development District 103 (PD-103) for Single-Family 10 (SF-10) and limited General Retail (GR) District land uses. This zoning change was approved by a vote of 4-3, with Council Members McCallum, Jorif, and Campbell dissenting. The property has remained vacant since annexation. The following is a summary of the lot composition and density and dimensional standards contained within Planned Development District 103 (PD-103):

General Notes:

- 1: Lots fronting onto curvilinear streets, cul-de-sacs and eyebrows may have the front lot width reduced by 20% as measured at the front property line provided that the lot width will be met at the *Front Yard* and *Rear Yard Building Setback*. Additionally, the lot depth on lots fronting onto curvilinear streets, cul-de-sacs and eyebrows may be reduced by up to ten (10) percent, but shall meet the minimum lot size for each lot type referenced in *Table 1*.
- 2: The location of the *Front Yard Building Setback* as measured from the front property line.
- 3: The *Maximum Height* shall be measured to the eave or top plate (*whichever is greater*) of the single-family home.
- 4: The location of the *Rear Yard Building Setback* as measured from the rear property line.
- 5: Sunrooms, porches, stoops, bay windows, balconies, masonry clad chimneys, eaves and similar architectural features may encroach beyond the *Front Yard Building Setback* by up to ten (10) feet for any property; however, the encroachment shall not exceed five (5) feet on *Side Yard Setbacks*. A sunroom is an enclosed room no more than 15 - feet in width that has glass on at least 50% of each of the encroaching faces.
- 6: *J-Swing* or *Traditional Swing Garages* are permitted to encroach into the front yard building setback a maximum of five (5) feet.
- 7: Air-conditioned space.
- 8: No drive approach for a residential lot shall be situated to allow access on a collector or arterial roadway except as otherwise depicted on the concept plan for the two (2) lots fronting on to Mercer's Colony Avenue.
- 9: All *Corner Lots* that back to a lot that fronts onto the same street that the *Corner Lot* sides to (*i.e. a Keystone Lot*), shall have a side setback that is equal to the front setback of the fronting lot. In addition, no solid fence shall be situated within this setback.

☑ Parks Board. In accordance with Section 38-57, of Article II, *Park Land Dedication*, of Chapter 38, *Subdivisions*, of the Municipal Code of Ordinances, the Juniper Subdivision is subject to cash-in-lieu of land fees and pro-rata equipment fees; however, due to the dedication of a 22.118-acre public park the Parks Board determined that the cash-in-lieu of land fees will not be collected. Given this, only the pro-rata equipment fees will be collected for a total of \$215,822.88 (*i.e. \$589.68 x 366 = \$215,822.88*). With all that being said, the Parks Board recommended approval of the public park dedication and the pro-rata equipment fees on March 4, 2025.

☑ Conformance to the Subdivision Ordinance. The surveyor has completed the majority of the technical revisions requested by staff, and this plat -- *conforming to the requirements for plats as stipulated by the Chapter 38, Subdivisions, of the Municipal Code of Ordinances* -- is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

- Conditional Approval.* Conditional approval of this Preliminary Plat by the City Council shall constitute approval subject to the conditions stipulated in the *Conditions of Approval* section below.

CONDITIONS OF APPROVAL

If the City Council chooses to approve the Preliminary Plat for the Juniper Subdivision, staff would propose the following conditions of approval:

- (1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this Preliminary Plat; and,
- (2) Any construction resulting from the approval of this Preliminary Plat shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On March 11, 2025, the Planning and Zoning Commission approved a motion to recommend approval of the Preliminary Plat by a vote of 7-0.

TO: Mayor and City Council
DATE: March 17, 2025
APPLICANT: Ryan Joyce; *Michael Joyce Properties*
CASE NUMBER: P2025-005; *Master Plat for the Juniper Subdivision*

SUMMARY

Consider a request by Ryan Joyce of Michael Joyce Properties on behalf of John Vick of Qualico Developments (US), Inc. for the approval of a Master Plat for the Juniper Subdivision consisting of 870 single-family residential lots on a 526.778-acre tract of land identified as Tracts 3 & 3-1 of the A. Johnson Survey, Abstract No. 123 [355.146-acres]; Tract 7 of the W. H. Baird Survey, Abstract No. 25 [20.3942-acres]; and Tracts 3 & 4 of the J. R. Johnson Survey, Abstract No. 128 [144.00-acres], City of Rockwall, Rockwall County, Texas, zoned Planned Development District 103 (PD-103) for Single-Family 10 (SF-10) and limited General Retail (GR) District land uses, situated within the SH-205 Overlay (SH-205) and SH-205 By-Pass Overlay (SH-205 BY OV) District, generally located on the east and west side of S. Goliad Street [SH-205] at the corner of the intersection of John King Boulevard and S. Goliad Street [SH-205], and take any action necessary.

PLAT INFORMATION

- ☑ Purpose. The applicant is requesting approval of a Master Plat for the Juniper Subdivision. Based on the proposed Master Plat, the Juniper Subdivision will be constructed in six (6) phases that will consist of 870 single-family residential lots, two (2) commercial lots, 46 open space lots, and two (2) amenity centers. In addition to the Master Plat, the applicant submitted a Parks and Open Space Plan. This plan delineates the 7.42-miles of trails proposed for the Juniper Subdivision. 2.38-miles of these trails will be ten (10) feet wide and 5.04-miles of these trails will be eight (8) feet wide. In addition, the Master Plat delineates the open space lots that are proposed for this subdivision. Staff should note that in conjunction with the submittal of this Master Plat, the applicant has also submitted a Preliminary Plat [Case No. P2025-004] for Phase 1 & 2 of the Juniper Subdivision.
- ☑ Background. The portions of the subject property adjacent to the current alignment of S. Goliad Street [SH-205] were annexed into the City on May 19, 1986 by Ordinance No. 86-37 [Case No. A1986-005]. The remainder of the subject property, north of S. Goliad Street [SH-205], was annexed into the City on June 15, 1998 by Ordinance No. 98-20 [Ordinance No. A1998-002]. The portion of the subject property southeast of S. Goliad Street [SH-205] was annexed into the City on August 30, 1999 by Ordinance No. 99-33 [i.e. Case No. A1999-001]. At the time of annexation, the subject property was zoned Agricultural (AG) District. On January 6, 2025, the City Council approved a zoning change [Case No. Z2024-060] for the subject property changing the zoning from an Agricultural (AG) District to Planned Development District 103 (PD-103) for Single-Family 10 (SF-10) and limited General Retail (GR) District land uses. This zoning change was approved by a vote of 4-3, with Council Members McCallum, Jorif, and Campbell dissenting. The property has remained vacant since annexation.
- ☑ Parks Board. In accordance with Section 38-7(2), Master Plat, of Chapter 38, Subdivisions, of the Municipal Code of Ordinances, the applicant has submitted a Parks and Open Space Plan with the Master Plat for the Juniper Subdivision. Included with the Parks and Open Space Plan was a trail plan that delineates all of the proposed trails within the Juniper Subdivision. On March 4, 2025, the Parks Board recommended approval of the Parks and Open Space Plan.
- ☑ Conformance to the Subdivision Ordinance. The surveyor has completed the majority of the technical revisions requested by staff, and this plat -- conforming to the requirements for plats as stipulated by the Chapter 38, Subdivisions, of the Municipal Code of Ordinances -- is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

- ☑ Conditional Approval. Conditional approval of this Master Plat by the City Council shall constitute approval subject to the conditions stipulated in the Conditions of Approval section below.

CONDITIONS OF APPROVAL

If the City Council chooses to approve the Master Plat for the Juniper Subdivision, staff would propose the following conditions of approval:

- (1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this Master Plat; and,
- (2) Any construction resulting from the approval of this Master Plat shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On March 11, 2025, the Planning and Zoning Commission approved a motion to recommend approval of the Master Plat by a vote of 7-0.

MEMORANDUM

TO: Mayor and City Council Members
FROM: Misty Farris, Purchasing Agent
DATE: March 17, 2025
SUBJECT: Purchase of Aerial Ladder Truck

The purchase of a new Aerial Ladder Truck and the associated loose equipment funded from General Fund Reserves was approved in the 2024 budget. On November 6, 2023, Council approved the execution of a purchase order in the amount of \$2,066,658 for this apparatus.

The purchase of a new Ladder Truck in the 2025 budget in lieu of the one identified in the 2024 budget is part of a strategic shift in the management and operation of the fleet. The new truck is slightly shorter and more maneuverable than the one previously identified, while still providing the same reach. In addition, it is \$128,992 less expensive. This new Ladder Truck will replace our current 2013 model Ladder 2. Build time on the new Ladder Truck will be approximately 42-43 months from order date. Acceptance by and delivery to the Fire Department is estimated to be late December 2028. Cost is \$1,937,666.00

The 2025 model apparatus have been competitively bid and available for purchase from Siddons-Martin/Pierce through the Houston-Galveston Area Council of Governments (H-GAC) Cooperative Purchasing Program contract FS12-19 (FIRE) and FS12-19A (FIRE). The City, as a member and participant in this cooperative program, has met all formal bidding requirements pertaining to the purchase of this apparatus.

For Council consideration is the bid award for the new Ladder Truck to Siddons-Martin/Pierce for \$1,937,666.00 as well as pre-authorization to buy the loose equipment from various vendors and authorize the City Manager to execute a purchase order for the new apparatus and associated equipment.

CITY OF ROCKWALL, TEXAS MEMORANDUM

TO: Mary Smith, City Manager
FROM: Travis E. Sales, Director Parks, Recreation and Animal Services
DATE: March 17, 2025
SUBJECT: Grounds Maintenance Services Contract Bid

The current small landscape maintenance services contract provides for mowing, weed eating, trimming and debris removal at City facilities, parks, street medians, ROW and thoroughfares. Maintenance includes but is not limited to all trees, shrubs, ground cover, beds, turf, mulch and application of some herbicides and insecticides. These contracts provide for an annual extension at end of the initial contract period for up to three consecutive years should the scope of work and contracted bid conditions remain the same; and both parties agree to the extension. Staff has determined that it is in the best interest of the City to renew these contracts, but 2025 requires a re-bid as all renewals have been utilized.

Small Contract

The small service contract expires in April 2025 that was awarded to SRH Landscape in March 2021. The current contract amount was \$100,945.16 and a 5% increase was figured into the 2024-2025 budget for the re-bid. Bids were as follows:

Yellowstone Landscape: \$145,700.02
Green World Care: \$159,741.30
SLM Landscaping: \$161,060.00
SRH Landscape: \$161,540.00
Chief Landscaping: \$242,670.00

Bids were advertised per purchasing procedures and bids were opened on Thursday, March 13, 2025 at 2:00pm. The best value bid was submitted by Yellowstone in the amount of \$145,700.02. Best value scoring matrix was utilized that averages all scoring sheets from the three panel members that scored the bids under the supervision of Misty Farris. Yellowstone Landscape will be a new contractor for Rockwall in 2025-2026. The overage in the new contract amount will be absorbed by extra mowing cycles due to weather and extra funds for new sites during the budget year that were calculated during the 2024-2025 budget process to cover unexpected expenses. Also, the large mowing contract was awarded under budget during this budget cycle.

Staff asks City Council to consider authorizing the City Manager to execute this contract with Yellowstone Landscape for a period of one-year with three one-year renewal options for the new 2025-2026 projected cost.

MEMORANDUM

TO: Mary Smith, City Manager
FROM: Edward Fowler, Chief of Police 
DATE: February 25, 2025
SUBJECT: 2024 Racial Profiling Comparative Analysis

In compliance with Texas Code of Criminal Procedure the Police Department's 2024 Racial Profiling Report has been completed and is attached with this memo. The full analysis has also been submitted to the Texas Commission on Law Enforcement (TCOLE), which is the designated central repository for all such reports. Below is a cursory breakdown of some of the data points and attached is the analysis of our data that was prepared by Del Carmen Consulting LLC.

The Department received no racial profiling complaints surrounding traffic stops, during the 2024 Calendar Year. The department did receive and investigate one external complaint alleging race biased policing surrounding a call for service during the 2024 Calendar Year, which was unfounded. In reviewing the Police Department's public education efforts concerning the racial profiling complaint process, both printed and electronic information on the process to file a racial profiling complaint was found in the Police Department's lobby and website. In addition, a review of the data supported the fact that the patrol supervisors were actively reviewing and auditing the activity of those officers that fell under their chain of command. The data supported the fact that the officers were acting in accordance with state law and/or established Departmental policies.

The conclusion based upon the information that has been gleaned from the comparison is that the officers and supervisors of the Rockwall Police Department are following the procedures set forth by the Rockwall Police Department's General Order 412.00 Bias Based Profiling. In addition, the report found that the Department is abiding by all set rules and is in compliance with the Texas Racial Profiling Law and all of its requirements.

LAW ENFORCEMENT EXPERTS

"Dr. Alex del Carmen's work on racial profiling exemplifies the very best of the Sandra Bland Act, named after my daughter. My daughter's pledge to fight for injustice is best represented in the high quality of Dr. del Carmen's reports which include, as required by law, the data analysis, audits, findings and recommendations. I commend the agencies that work with him as it is clear that they have embraced transparency and adherence to the law."

-Quote by Geneva Reed (Mother of Sandra Bland)

February 4, 2025

Rockwall City Council
385 S Goliad St.
Rockwall, TX 75087

Dear Distinguished Members of the City Council,

The Texas Racial Profiling Law was enacted by the Texas Legislature in 2001, with the intent of addressing the issue of racial profiling in policing. During the last calendar year, the Rockwall Police Department, in accordance with the law, has collected and reported traffic and motor vehicle related contact data for the purpose of identifying and addressing (if necessary) areas of concern regarding racial profiling practices. In the 2009 Texas legislative session, the Racial Profiling Law was modified, and additional requirements were implemented. Further, in 2017 the Sandra Bland Act was passed and signed into law (along with HB 3051, which introduced new racial and ethnic designations). The Sandra Bland Law currently requires that law enforcement agencies in the state collect additional data and provide a more detailed analysis. I am pleased to report that all of these requirements have been met by the Rockwall Police Department and are included in this report.

In this annual report, you will find three sections with information on motor vehicle-related contacts. In addition, when applicable, documentation is included which demonstrates the way the Rockwall Police Department has complied with the Texas Racial Profiling Law. In section one, you will find the table of contents. Section two documents compliance by the Rockwall Police Department relevant to the requirements established in the Texas Racial Profiling Law. That is, you will find documents relevant to the training of all police personnel on racial profiling prevention and the institutionalization of the compliment and complaint processes, as required by law.

Section three contains statistical data relevant to contacts (as defined by the law) which were made during motor vehicle stops that took place between 1/1/24 and 12/31/24. Further, this section includes the Tier 2 form, which is required to be submitted to TCOLE (Texas Commission on Law Enforcement) and the law enforcement agency's local governing authority by March 1 of each year. The data in this report has been fully analyzed and compared to information derived from the U.S. Census Bureau's Fair Roads Standard. The final analysis and recommendations are also included in this report.

In the last section of the report, you will find the original draft of the Texas Racial Profiling Law, SB1074, as well as the Sandra Bland Act (current law). Also in this section, a list of requirements relevant to the Racial Profiling Law, as established by TCOLE is included. The findings in this report support the Rockwall Police Department's commitment to comply with the Texas Racial Profiling Law.

Sincerely,

Alex del Carmen, Ph.D.

Public Education on Responding to Compliments and Complaints

Informing the Public on the Process of Filing a Compliment or Complaint with the Rockwall Police Department

The Texas Racial Profiling Law requires that police agencies provide information to the public regarding the manner in which to file a compliment or racial profiling complaint. In an effort to comply with this particular component, the Rockwall Police Department launched an educational campaign aimed at informing the public on issues relevant to the racial profiling complaint process.

The police department made available, in the lobby area and on its web site, information relevant to filing a compliment and complaint on a racial profiling violation by an Rockwall Police Officer. In addition, each time an officer issues a citation, ticket or warning, information on how to file a compliment or complaint is given to the individual cited. This information is in the form of a web address (including in the document issued to the citizen), which has instructions and details specifics related to the compliment or complaint processes.

It is believed that through these efforts, the community has been properly informed of the new policies and the complaint processes relevant to racial profiling.

All Rockwall Police Officers have been instructed, as specified in the Texas Racial Profiling Law, to adhere to all Texas Commission on Law Enforcement (TCOLE) training and the Law Enforcement Management Institute of Texas (LEMIT) requirements. To date, all sworn officers of the Rockwall Police Department have completed the TCOLE basic training on racial profiling. The main outline used to train the officers of Rockwall has been included in this report.

It is important to recognize that the Chief of the Rockwall Police Department has also met the training requirements, as specified by the Texas Racial Profiling Law, in the completion of the LEMIT program on racial profiling. The satisfactory completion of the racial profiling training by the sworn personnel of the Rockwall Police Department fulfills the training requirement as specified in the Education Code (96.641) of the Texas Racial Profiling Law.

2.0 RACIAL PROFILING AND THE COMMUNITY

2.1 UNIT GOAL: The student will be able to identify logical and social arguments against racial profiling.

2.1.1 LEARNING OBJECTIVE: The student will be able to identify logical and social arguments against racial profiling.

- A. There are appropriate reasons for unusual traffic stops (suspicious behavior, the officer's intuition, MOs, etc.), but police work must stop short of cultural stereotyping and racism.
- B. Racial profiling would result in criminal arrests, but only because it would target all members of a race randomly – the minor benefits would be far outweighed by the distrust and anger towards law enforcement by minorities and the public as a whole.
- C. Racial profiling is self-fulfilling bad logic: if you believed that minorities committed more crimes, then you might look for more minority criminals, and find them in disproportionate numbers.
- D. Inappropriate traffic stops generate suspicion and antagonism towards officers and make future stops more volatile – a racially-based stop today can throw suspicion on tomorrow's legitimate stop.
- E. By focusing on race, you would not only be harassing innocent citizens, but overlooking criminals of all races and backgrounds – it is a waste of law enforcement resources.

3.0 RACIAL PROFILING VERSUS REASONABLE SUSPICION

3.1 UNIT GOAL: The student will be able to identify the elements of both inappropriate and appropriate traffic stops.

3.1.1 LEARNING OBJECTIVE: The student will be able to identify elements of a racially motivated traffic stop.

- A. Most race-based complaints come from vehicle stops, often since race is used as an inappropriate substitute for drug courier profile elements
- B. "DWB" – "Driving While Black" – a nickname for the public perception that a Black person may be stopped solely because of their race (especially with the suspicion that they are a drug courier), often extended to other minority groups or activities as well ("Driving While Brown," "Flying While Black," etc.)
- C. A typical traffic stop resulting from racial profiling
 1. The vehicle is stopped on the basis of a minor or contrived traffic violation which is used as a pretext for closer inspection of the vehicle, driver, and passengers
 2. The driver and passengers are questioned about things that do not relate to the traffic violation
 3. The driver and passengers are ordered out of the vehicle
 4. The officers visually check all observable parts of the vehicle
 5. The officers proceed on the assumption that drug courier work is involved by detaining the driver and passengers by the roadside
 6. The driver is asked to consent to a vehicle search – if the driver refuses, the officers use other procedures (waiting on a canine unit, criminal record checks, license-plate checks, etc.), and intimidate the driver (with the threat of detaining him/her, obtaining a warrant, etc.)

3.1.2 LEARNING OBJECTIVE: The student will be able to identify elements of a traffic stop which would constitute reasonable suspicion of drug courier activity.

- A. Drug courier profile (adapted from a profile developed by the DEA)
 1. Driver is nervous or anxious beyond the ordinary anxiety and cultural communication styles
 2. Signs of long-term driving (driver is unshaven, has empty food containers, etc.)
 3. Vehicle is rented
 4. Driver is a young male, 20-35
 5. No visible luggage, even though driver is traveling
 6. Driver was over-reckless or over-cautious in driving and responding to signals
 7. Use of air fresheners

- B. Drug courier activity indicators by themselves are usually not sufficient to justify a stop

3.1.3 LEARNING OBJECTIVE: The student will be able to identify elements of a traffic stop which could constitute reasonable suspicion of criminal activity.

- A. Thinking about the totality of circumstances in a vehicle stop

- B. Vehicle exterior
 1. Non-standard repainting (esp. on a new vehicle)
 2. Signs of hidden cargo (heavy weight in trunk, windows do not roll down, etc.)
 3. Unusual license plate suggesting a switch (dirty plate, bugs on back plate, etc.)
 4. Unusual circumstances (pulling a camper at night, kids' bikes with no kids, etc.)

- C. Pre-stop indicators
 1. Not consistent with traffic flow
 2. Driver is overly cautious, or driver/passengers repeatedly look at police car
 3. Driver begins using a car- or cell-phone when signaled to stop
 4. Unusual pull-over behavior (ignores signals, hesitates, pulls onto new street, moves objects in car, etc.)

- D. Vehicle interior
 1. Rear seat or interior panels have been opened, there are tools or spare tire, etc.
 2. Inconsistent items (anti-theft club with a rental, unexpected luggage, etc.)

Analysis and Interpretation of Data

As previously noted, in 2001, the Texas Legislature passed Senate Bill 1074, which eventually became the Texas Racial Profiling Law. This particular law came into effect on January 1, 2002, and required all police departments in Texas to collect traffic-related data and report this information to their local governing authority by March 1 of each year. This version of the law remained in place until 2009, when it was modified to include the collection and reporting of all motor vehicle-related contacts in which a citation was issued, or an arrest was made. Further, the modification to the law further requires that all police officers indicate whether or not they knew the race or ethnicity of the individuals before detaining them. In addition, it became a requirement that agencies report motor vehicle-related data to their local governing authority and to the Texas Commission on Law Enforcement (TCOLE) by March 1 of each year. The purpose in collecting and disclosing this information is to determine if police officers in any particular municipality are engaging in the practice of racially profiling minority motorists.

One of the main requirements of the law is that police departments interpret motor vehicle-related data. Even though most researchers would likely agree that it is within the confines of good practice for police departments to be accountable to the citizenry while carrying a transparent image before the community, it is in fact very difficult to determine if individual police officers are engaging in racial profiling from a review and analysis of aggregate/institutional data. In other words, it is challenging for a reputable researcher to identify specific "individual" racist behavior from aggregate-level "institutional" data on traffic or motor vehicle-related contacts.

As referenced earlier, in 2009 the Texas Legislature passed House Bill 3389, which modified the Racial Profiling Law by adding new requirements; this took effect on January 1, 2010. The changes included, but are not limited to, the re-definition of a contact to include motor vehicle-related contacts in which a citation was issued, or an arrest was made. In addition, it required police officers to indicate if they knew the race or ethnicity of the individual before detaining them. The 2009 law also required adding "Middle Eastern" to the racial and ethnic category and submitting the annual data report to TCOLE before March 1 of each year.

In 2017, the Texas Legislators passed HB 3051 which removed the Middle Eastern data requirement while standardizing the racial and ethnic categories relevant to the individuals that came in contact with police. In addition, the Sandra Bland Act (SB 1849) was passed and became law. Thus, the most significant legislative mandate (Sandra Bland Act) in Texas history regarding data requirements on law enforcement contacts became law and took effect on January 1, 2018. The Sandra Bland Act not only currently requires the extensive collection of data relevant to police motor vehicle contacts, but it also mandates for the data to be analyzed while addressing the following:

1. A comparative analysis of the information compiled (under Article 2.133):

- a. Evaluate and compare the number of motor vehicle stops, within the applicable jurisdiction, of persons who are recognized as racial or ethnic minorities and persons who are not recognized as racial or ethnic minorities;*
- b. Examine the disposition of motor vehicle stops made by officers employed by the agency, categorized according to the race or ethnicity of the affected persons, as appropriate, including any searches resulting from stops within the applicable jurisdiction;*
- c. Evaluate and compare the number of searches resulting from motor vehicle stops within the applicable jurisdiction and whether contraband or other evidence was discovered in the course of those searches.*

2. Information related to each complaint filed with the agency alleging that a peace officer employed by the agency has engaged in racial profiling.

In an effort to comply with The Texas Racial Profiling/Sandra Bland Law, the Rockwall Police Department commissioned the analysis of its 2024 contact data. Hence, two different types of data analyses were performed. The first of these involved a careful evaluation of the 2024 motor vehicle-related data. This particular analysis measured, as required by law, the number and percentage of Whites, Blacks, Hispanics or Latinos, Asians and Pacific Islanders, Alaska Natives and American Indians, who came in contact with police in the course of a motor vehicle-related contact and were either issued a ticket, citation, or warning or an arrest was made. Also included in this data were instances when a motor vehicle contact took place for an alleged violation of the law or ordinance. The Tier 2 data analysis included, but was not limited to, information relevant to the number and percentage of contacts by race/ethnicity, gender, reason for the stop, location of stop, searches while indicating the type of search performed, result of stop, basis of an arrest, and use of physical force resulting in bodily injury.

The analysis on the data performed in this report, was based on a comparison of the 2024 motor vehicle contact data with a specific baseline. When reading this particular analysis, one should consider that there is disagreement in the literature regarding the appropriate baseline to be used when analyzing motor vehicle-related contact information. Of the baseline measures available, the Rockwall Police Department agreed with our recommendation to rely in part, as a baseline measure, on the Fair Roads Standard. This particular baseline is established on data obtained through the U.S. Census Bureau (2020) relevant to the number of households that have access to vehicles while controlling for the race and ethnicity of the heads of households.

It should be noted that the census data presents challenges to any effort made at establishing a fair and accurate racial profiling analysis. That is, census data contains information on all residents of a particular community, regardless whether they are among the driving population. Further, census data, when used as a baseline of comparison, presents the challenge that it captures information related to city residents only, thus excluding individuals who may have come in contact with the Rockwall Police Department in 2024 but live outside city limits. In some jurisdictions the percentage of the population that comes in contact with the police but lives outside city limits represents a substantial volume of all motor vehicle-related contacts made in a given year.

In 2002, major civil rights groups in Texas expressed their concern and made recommendations to the effect that all police departments should rely, in their data analysis, on the Fair Roads Standard. This source contains census data specific to the number of “households” that have access to vehicles. Thus, proposing to compare “households” (which may have multiple residents and only a few vehicles) with “contacts” (an individual-based count). In essence this constitutes a comparison that may result in ecological fallacy. Despite this risk, as noted earlier, the Rockwall Police Department accepted the recommendation to utilize this form of comparison (i.e., census data relevant to households with vehicles) in an attempt to demonstrate its “good will” and “transparency” before the community. Thus, the Fair Roads Standard data obtained and used in this study is specifically relevant to the Dallas Fort-Worth (DFW) Metroplex.

Tier 2 (2024) Motor Vehicle-Related Contact Analysis

When examining the enhanced and more detailed Tier 2 data collected in 2024, it was evident that most motor vehicle-related contacts were made with Whites, followed by Hispanics. Of those who came in contact with police, most tickets or citations were issued to Whites and Hispanics; this was followed by Blacks. However, in terms of written warnings, most of these were issued to Whites, followed by Hispanics.

While reviewing searches and arrests, the data showed that most searches took place among Blacks. When considering all searches, most were consented by Hispanics, while most custody arrests were of Blacks. Overall, most searches did not result in contraband; of those that produced contraband, most were of Blacks; this was followed by Whites. Of the searches that did not produce contraband, most were of Blacks. Most arrests were made of Blacks. Most of the arrests that originated from a violation of the penal code involved Blacks. Overall, the police department reports two instances where force was used that resulted in bodily injury.

Comparative Analysis

A comprehensive analysis of the motor vehicle contacts made in 2024 to the census data relevant to the number of “households” in DFW who indicated in the 2020 census that they had access to vehicles, produced interesting findings. Specifically, the percentage of Whites and Asians who came in contact with police was the same or lower than the percentage of White and Asian households in DFW that claimed in the last census to have access to vehicles. The opposite was true of Blacks, Hispanics, and American Indians. That is, a higher percentage of Blacks, Hispanics, and American Indians came in contact with police than the percentage of Black, Hispanic, and American Indian households in DFW that claimed in the last census to have access to vehicles. It should be noted that the percentage difference among American Indian contacts with households is of less than 3%; thus, deemed by some as statistically insignificant.

The comprehensive analysis of the searches resulting in contraband shows that the most significant contraband hit rate is of Asians. This was followed by Blacks and Whites. This means that among all searches performed in 2024, the most significant percentage of these that resulted in contraband was among Asians. The lowest contraband hit rate was among American Indians.

Summary of Findings

As previously noted, the most recent Texas Racial Profiling Law requires that police departments perform data audits in order to validate the data being reported. Consistent with this requirement, the Rockwall Police Department has engaged del Carmen Consulting, LLC in order to perform these audits in a manner consistent with normative statistical practices. As shown in Table 6, the audit performed reveals that the data is valid and reliable. Further, as required by law, this report also includes an analysis on the searches performed. This analysis includes information on whether contraband was found as a result of the search while controlling for race/ethnicity. The search analysis demonstrates that the police department is engaging in search practices consistent with national trends in law enforcement.

While considering the findings produced as a result of this analysis, it is recommended that the Rockwall Police Department should continue to collect and evaluate additional information on motor vehicle contact data (i.e., reason for probable cause searches, contraband detected), which may prove to be useful when determining the nature of the contacts police officers are making with all individuals.

As part of this effort, the Rockwall Police Department should continue to:

- 1) Perform an independent analysis on contact and search data in the upcoming year.
- 2) Commission data audits in 2025 in order to assess data integrity; that is, to ensure that the data collected is consistent with the data being reported.

The comprehensive data analysis performed serves as evidence that the Rockwall Police Department has complied with the Texas Racial Profiling Law and all of its requirements. Further, the report demonstrates that the police department has incorporated a comprehensive racial profiling policy, currently offers information to the public on how to file a compliment or complaint, commissions quarterly data audits in order to ensure validity and reliability, collects and commissions the analysis of Tier 2 data, and ensures that the practice of racial profiling will not be accepted or tolerated.

Checklist

The following requirements were met by the Rockwall Police Department in accordance with The Texas Racial Profiling Law:

- ✓ Implement a Racial Profiling Policy citing act or actions that constitute racial profiling.
- ✓ Include in the racial profiling policy, a statement indicating prohibition of any peace officer employed by the Rockwall Police Department from engaging in racial profiling.
- ✓ Implement a process by which an individual may file a complaint regarding racial profiling violations.
- ✓ Provide public education related to the compliment and complaint process.
- ✓ Implement disciplinary guidelines for officers found in violation of the Texas Racial Profiling Law.
- ✓ Collect, report and analyze motor vehicle data (Tier 2).
- ✓ Commission Data Audits and a Search Analysis.
- ✓ Indicate total number of officers who knew and did not know, the race/ethnicity of individuals before being detained.
- ✓ Produce an annual report on police contacts (Tier 2) and present this to the local governing body and TCOLE by March 1, 2025.
- ✓ Adopt a policy, if video/audio equipment is installed, on standards for reviewing video and audio documentation.

Legislative & Administrative

TCOLE GUIDELINES

Guidelines for Compiling and Reporting Data under Senate Bill 1074

Background

Senate Bill 1074 of the 77th Legislature established requirements in the Texas Code of Criminal Procedure (TCCP) for law enforcement agencies. The Commission developed this document to assist agencies in complying with the statutory requirements.

The guidelines are written in the form of standards using a style developed from accreditation organizations including the Commission on Accreditation for Law Enforcement Agencies (CALEA). The standards provide a description of *what* must be accomplished by an agency but allows wide latitude in determining *how* the agency will achieve compliance with each applicable standard.

Each standard is composed of two parts: the standard statement and the commentary. The *standard statement* is a declarative sentence that places a clear-cut requirement, or multiple requirements, on an agency. The commentary supports the standard statement but is not binding. The commentary can serve as a prompt, as guidance to clarify the intent of the standard, or as an example of one possible way to comply with the standard.

Standard 1

Each law enforcement agency has a detailed written directive that:

- clearly defines acts that constitute racial profiling;
- strictly prohibits peace officers employed by the agency from engaging in racial profiling;
- implements a process by which an individual may file a complaint with the agency if the individual believes a peace officer employed by the agency has engaged in racial profiling with respect to the individual filing the complaint;
- provides for public education relating to the complaint process;
- requires appropriate corrective action to be taken against a peace officer employed by the agency who, after investigation, is shown to have engaged in racial profiling in violation of the agency's written racial profiling policy; and
- requires the collection of certain types of data for subsequent reporting.

Commentary

Article 2.131 of the TCCP prohibits officers from engaging in racial profiling, and article 2.132 of the TCCP now requires a written policy that contains the elements listed in this standard. The article also specifically defines a law enforcement agency as it applies to this statute as an “agency of the state, or of a county, municipality, or other political subdivision of the state, that employs peace officers who make traffic stops in the routine performance of the officers’ official duties.”

The article further defines race or ethnicity as being of “a particular descent, including Caucasian, African, Hispanic, Asian, or Native American.” The statute does not limit the required policies to just these ethnic groups.

This written policy is to be adopted and implemented no later than January 1, 2002.

Standard 2

Each peace officer who stops a motor vehicle for an alleged violation of a law or ordinance regulating traffic, or who stops a pedestrian for any suspected offense reports to the employing law enforcement agency information relating to the stop, to include:

- a physical description of each person detained, including gender and the person’s race or ethnicity, as stated by the person, or, if the person does not state a race or ethnicity, as determined by the officer’s best judgment;
- the traffic law or ordinance alleged to have been violated or the suspected offense;
- whether the officer conducted a search as a result of the stop and, if so, whether the person stopped consented to the search;
- whether any contraband was discovered in the course of the search, and the type of contraband discovered;
- whether probable cause to search existed, and the facts supporting the existence of that probable cause;
- whether the officer made an arrest as a result of the stop or the search, including a statement of the offense charged;
- the street address or approximate location of the stop; and
- whether the officer issued a warning or citation as a result of the stop, including a description of the warning or a statement of the violation charged.

Commentary

The information required by 2.133 TCCP is used to complete the agency reporting requirements found in Article 2.134. A peace officer and an agency may be exempted from this requirement under Article 2.135 TCCP Exemption for Agencies Using Video and Audio Equipment. An agency may be exempt from this reporting requirement by applying for the funds from the Department of Public Safety for video and audio equipment and the State does not supply those funds. Section 2.135 (a)(2) states, “the governing body of the county or municipality served by the law enforcement agency, in conjunction with the law enforcement agency, certifies to the Department of Public Safety, not later than the date specified by rule by the department, that the law enforcement agency needs funds or video and audio equipment for the purpose of installing video and audio equipment as described by Subsection (a) (1) (A) and the agency does not receive from the state funds for video and audio equipment sufficient, as determined by the department, for the agency to accomplish that purpose.”

Standard 3

The agency compiles the information collected under 2.132 and 2.133 and analyzes the information identified in 2.133.

Commentary

Senate Bill 1074 from the 77th Session of the Texas Legislature created requirements for law enforcement agencies to gather specific information and to report it to each county or municipality served. New sections of law were added to the Code of Criminal Procedure regarding the reporting of traffic and pedestrian stops. Detained is defined as when a person stopped is not free to leave.

Article 2.134 TCCP requires the agency to compile and provide and analysis of the information collected by peace officer employed by the agency. The report is provided to the governing body of the municipality or county no later than March 1 of each year and covers the previous calendar year.

There is data collection and reporting required based on Article 2.132 CCP (tier one) and Article 2.133 CCP (tier two).

The minimum requirements for “tier one” data for traffic stops in which a citation results are:

- 1) the race or ethnicity of individual detained (race and ethnicity as defined by the bill means of “a particular descent, including Caucasian, African, Hispanic, Asian, or Native American”);
- 2) whether a search was conducted, and if there was a search, whether it was a consent search or a probable cause search; and
- 3) whether there was a custody arrest.

The minimum requirements for reporting on “tier two” reports include traffic and pedestrian stops. Tier two data include:

- 1) the detained person’s gender and race or ethnicity;
- 2) the type of law violation suspected, e.g., hazardous traffic, non-hazardous traffic, or other criminal investigation (the Texas Department of Public Safety publishes a categorization of traffic offenses into hazardous or non-hazardous);
- 3) whether a search was conducted, and if so whether it was based on consent or probable cause;
- 4) facts supporting probable cause;
- 5) the type, if any, of contraband that was collected;
- 6) disposition of the stop, e.g., arrest, ticket, warning, or release;
- 7) location of stop; and
- 8) statement of the charge, e.g., felony, misdemeanor, or traffic.

Tier one reports are made to the governing body of each county or municipality served by the agency an annual report of information if the agency is an agency of a county, municipality, or other political subdivision of the state. Tier one and two reports are reported to the county or municipality not later than March 1 for the previous calendar year beginning March 1, 2003. Tier two reports include a comparative analysis between the race and ethnicity of persons detained to see if a differential pattern of treatment can be discerned based on the disposition of stops

including searches resulting from the stops. The reports also include information relating to each complaint filed with the agency alleging that a peace officer employed by the agency has engaged in racial profiling. An agency may be exempt from the tier two reporting requirement by applying for the funds from the Department of Public Safety for video and audio equipment and the State does not supply those funds [See 2.135 (a)(2) TCCP].

Reports should include both raw numbers and percentages for each group. Caution should be exercised in interpreting the data involving percentages because of statistical distortions caused by very small numbers in any particular category, for example, if only one American Indian is stopped and searched, that stop would not provide an accurate comparison with 200 stops among Caucasians with 100 searches. In the first case, a 100% search rate would be skewed data when compared to a 50% rate for Caucasians.

Standard 4

If a law enforcement agency has video and audio capabilities in motor vehicles regularly used for traffic stops, or audio capabilities on motorcycles regularly used to make traffic stops, the agency:

- adopts standards for reviewing and retaining audio and video documentation; and
- promptly provides a copy of the recording to a peace officer who is the subject of a complaint on written request by the officer.

Commentary

The agency should have a specific review and retention policy. Article 2.132 TCCP specifically requires that the peace officer be promptly provided with a copy of the audio or video recordings if the officer is the subject of a complaint and the officer makes a written request.

Standard 5

Agencies that do not currently have video or audio equipment must examine the feasibility of installing such equipment.

Commentary

None

Standard 6

Agencies that have video and audio recording capabilities are exempt from the reporting requirements of Article 2.134 TCCP and officers are exempt from the reporting requirements of Article 2.133 TCCP provided that:

- the equipment was in place and used during the proceeding calendar year; and
- video and audio documentation is retained for at least 90 days.

Commentary

The audio and video equipment and policy must have been in place during the previous calendar year. Audio and video documentation must be kept for at least 90 days or longer if a complaint has been filed. The documentation must be retained until the complaint is resolved. Peace officers are not exempt from the requirements under Article 2.132 TCCP.

Standard 7

Agencies have citation forms or other electronic media that comply with Section 543.202 of the Transportation Code.

Commentary

Senate Bill 1074 changed Section 543.202 of the Transportation Code requiring citations to include:

- race or ethnicity, and
- whether a search of the vehicle was conducted and whether consent for the search was obtained.

The Texas Law on Racial Profiling

S.B. No. 1074 - An Act relating to the prevention of racial profiling by certain peace officers.
BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Chapter 2, Code of Criminal Procedure, is amended by adding Articles 2.131 through 2.138 to read as follows:

Art. 2.131. RACIAL PROFILING PROHIBITED. A peace officer may not engage in racial profiling.

Art. 2.132. LAW ENFORCEMENT POLICY ON RACIAL PROFILING. (a) In this article:

(1) "Law enforcement agency" means an agency of the state, or of a county, municipality, or other political subdivision of the state, that employs peace officers who make traffic stops in the routine performance of the officers' official duties.

(2) "Race or ethnicity" means of a particular descent, including Caucasian, African, Hispanic, Asian, or Native American descent.

(b) Each law enforcement agency in this state shall adopt a detailed written policy on racial profiling. The policy must:

(1) clearly define acts constituting racial profiling;

(2) strictly prohibit peace officers employed by the agency from engaging in racial profiling;

(3) implement a process by which an individual may file a complaint with the agency if the individual believes that a peace officer employed by the agency has engaged in racial profiling with respect to the individual;

(4) provide public education relating to the agency's complaint process;

(5) require appropriate corrective action to be taken against a peace officer employed by the agency who, after an investigation, is shown to have engaged in racial profiling in violation of the agency's policy adopted under this article;

(6) require collection of information relating to traffic stops in which a citation is issued and to arrests resulting from those traffic stops, including information relating to:

(A) the race or ethnicity of the individual detained; and

(B) whether a search was conducted and, if so, whether the person detained consented to the search; and

(7) require the agency to submit to the governing body of each county or municipality served by the agency an annual report of the information collected under Subdivision (6) if the agency is an agency of a county, municipality, or other political subdivision of the state.

(c) The data collected as a result of the reporting requirements of this article shall not constitute prima facie evidence of racial profiling.

(d) On adoption of a policy under Subsection (b), a law enforcement agency shall examine the feasibility of installing video camera and transmitter-activated equipment in each agency law enforcement motor vehicle regularly used to make traffic stops and transmitter-activated equipment in each agency law enforcement motorcycle regularly used to make traffic stops. If a law enforcement agency installs video or audio equipment as provided by this subsection, the

policy adopted by the agency under Subsection (b) must include standards for reviewing video and audio documentation.

(e) A report required under Subsection (b)(7) may not include identifying information about a peace officer who makes a traffic stop or about an individual who is stopped or arrested by a peace officer. This subsection does not affect the collection of information as required by a policy under Subsection (b)(6).

(f) On the commencement of an investigation by a law enforcement agency of a complaint described by Subsection (b)(3) in which a video or audio recording of the occurrence on which the complaint is based was made, the agency shall promptly provide a copy of the recording to the peace officer who is the subject of the complaint on written request by the officer.

Art. 2.133. REPORTS REQUIRED FOR TRAFFIC AND PEDESTRIAN STOPS. (a) In this article:

(1) "Race or ethnicity" has the meaning assigned by Article 2.132(a).

(2) "Pedestrian stop" means an interaction between a peace officer and an individual who is being detained for the purpose of a criminal investigation in which the individual is not under arrest.

(b) A peace officer who stops a motor vehicle for an alleged violation of a law or ordinance regulating traffic or who stops a pedestrian for any suspected offense shall report to the law enforcement agency that employs the officer information relating to the stop, including:

(1) a physical description of each person detained as a result of the stop, including:

(A) the person's gender; and

(B) the person's race or ethnicity, as stated by the person or, if the person does not state the person's race or ethnicity, as determined by the officer to the best of the officer's ability;

(2) the traffic law or ordinance alleged to have been violated or the suspected offense;

(3) whether the officer conducted a search as a result of the stop and, if so, whether the person detained consented to the search;

(4) whether any contraband was discovered in the course of the search and the type of contraband discovered;

(5) whether probable cause to search existed and the facts supporting the existence of that probable cause;

(6) whether the officer made an arrest as a result of the stop or the search, including a statement of the offense charged;

(7) the street address or approximate location of the stop; and

(8) whether the officer issued a warning or a citation as a result of the stop, including a description of the warning or a statement of the violation charged.

Art. 2.134. COMPILATION AND ANALYSIS OF INFORMATION COLLECTED.

(a) In this article, "pedestrian stop" means an interaction between a peace officer and an individual who is being detained for the purpose of a criminal investigation in which the individual is not under arrest.

(b) A law enforcement agency shall compile and analyze the information contained in each report received by the agency under Article 2.133. Not later than March 1 of each year, each local law enforcement agency shall submit a report containing the information compiled

during the previous calendar year to the governing body of each county or municipality served by the agency in a manner approved by the agency.

(c) A report required under Subsection (b) must include:

(1) a comparative analysis of the information compiled under Article 2.133 to:

(A) determine the prevalence of racial profiling by peace officers employed by the agency; and
(B) examine the disposition of traffic and pedestrian stops made by officers employed by the agency, including searches resulting from the stops; and

(2) information relating to each complaint filed with the agency alleging that a peace officer employed by the agency has engaged in racial profiling.

(d) A report required under Subsection (b) may not include identifying information about a peace officer who makes a traffic or pedestrian stop or about an individual who is stopped or arrested by a peace officer. This subsection does not affect the reporting of information required under Article 2.133(b)(1).

(e) The Commission on Law Enforcement Officer Standards and Education shall develop guidelines for compiling and reporting information as required by this article.

(f) The data collected as a result of the reporting requirements of this article shall not constitute prima facie evidence of racial profiling.

Art. 2.135. EXEMPTION FOR AGENCIES USING VIDEO AND AUDIO EQUIPMENT. (a) A peace officer is exempt from the reporting requirement under Article 2.133 and a law enforcement agency is exempt from the compilation, analysis, and reporting requirements under Article 2.134 if:

(1) during the calendar year preceding the date that a report under Article 2.134 is required to be submitted:

The magistrate may order a defendant to a facility operated by the Department of State Health Services or the Health and Human Services Commission [Department of Aging and Disability Services] for examination only on request of the local mental health or intellectual and developmental disability [mental retardation] authority and with the consent of the head of the facility. If a defendant who has been ordered to a facility operated by the Department of State Health Services or the Health and Human Services Commission [Department of Aging and Disability Services] for examination remains in the facility for a period exceeding 21 days, the head of that facility shall cause the defendant to be immediately transported to the committing court and placed in the custody of the sheriff of the county in which the committing court is located. PLANNING AND ZONING DEPARTMENT

PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO: Mayor and City Council
DATE: March 17, 2025
APPLICANT: Cory and Destiny Smith
CASE NUMBER: Z2025-004; *Specific Use Permit (SUP) for a Guest Quarters and Agricultural Accessory Building at 2201 E. FM-550*

SUMMARY

Hold a public hearing to discuss and consider a request by Corey Smith on behalf of Destiny Smith for the approval of a Specific Use Permit (SUP) allowing a *Guest Quarters/Secondary Living Unit* and an *Agricultural Accessory Building/Barn* on a 10.00-acre tract of land identified as Tract 1-5 of the J. W. Pitman Survey, Abstract No. 181, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, addressed as 2201 E. FM-550, and take any action necessary.

BACKGROUND

The subject property was annexed into the City of Rockwall on October 4, 2010 by *Ordinance No. 10-27 [Case No. A2010-001]*. At the time of annexation, the subject property was zoned Agricultural (AG) District. According to the Rockwall Central Appraisal District (RCAD) there is a 5,260 SF single-family home constructed in 2016 situated on the subject property. The property has remained zoned Agricultural (AG) District since it was annexed.

On February 28, 2024 the Building Inspections Department issued a pool permit [*Permit No. RES2024-850*] for the subject property. At the time of final inspection on April 28, 2024, the Building Inspection Department failed the permit due to a pool barrier not being installed meeting the requirements of the International Building Code (IBC). Following this on December 18, 2024 the Neighborhood Improvement Services (NIS) Division initiated a code enforcement case for the lack of a pool barrier [*Case No. CE2024-6475*] and for an unpermitted accessory building [*Case No. CE2024-6477*]. The NIS Division subsequently issued three (3) citations and granted one (1) extension for the accessory building due to the failure to apply for a Specific Use Permit (SUP). This prompted the applicant to apply for the Specific Use Permit (SUP) on February 14, 2025.

PURPOSE

The applicants – *Cory and Destiny Smith* -- are requesting approval of a Specific Use Permit (SUP) for the purpose of allowing a 4,185 SF *Guest Quarters and Agricultural Accessory Building* to remain on the subject property.

ADJACENT LAND USES AND ACCESS

The subject property is located at 2201 E. FM-550. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is E. FM-550, which is identified as a A4D [*i.e. major arterial, four [4] lane, divided roadway*] on the Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Beyond this is the Corporate Limits for the City of Rockwall followed by several vacant tracts of land that are situated within Rockwall County.

South: Directly south of the subject property is the Corporate Limits for the City of Rockwall. Beyond this are several vacant tracts of land situated within Rockwall County.

East: Directly east of the subject property is a vacant 10.00-acre tract of land [*i.e. Tract 1-21 of the J. W. Pitman Survey, Abstract No. 181*]. Beyond this is a 20.00-acre tract of land [*i.e. Tract 1-4 of the J. W. Pitman Survey, Abstract No.*

181] developed with a 7,973 SF single-family home. Following this is a 25.00-acre tract of land [i.e. *Tract 1-3 of the J. W. Pitman Survey, Abstract No. 181*] developed with a 4,192 SF single-family home and a 2,400 SF accessory building. All of these properties are zoned Agricultural (AG) District. East of this is the Corporate Limits for the City of Rockwall.

West: Directly west of the subject property is the Corporate Limits for the City of Rockwall. Beyond this are several tracts of land that are vacant or occupied with single-family homes that are situated within Rockwall County.

CHARACTERISTICS OF THE PROJECT

The applicant is requesting approval for a *Guest Quarters/Secondary Living Unit* and an *Agricultural Accessory Building/Barn* that have already been constructed. The structure is a total of 4,185 SF in size, where the *Guest Quarters* is 960 SF and the *Agricultural Accessory Building* is 3,225 SF. The accessory structure is situated on a concrete foundation, has an approximate total height of 20-feet, and incorporates a 4:12 and 1:12 roof pitch. The floor plan provided by the applicant indicates that the *Guest Quarters/Secondary Living Unit* incorporates living spaces, a restroom, and a kitchen. In accordance with the Article 11, *Development Applications and Review Procedures*, of the UDC, the applicant was required to pay a \$1,000.00 non-compliant structure fee in addition to the Specific Use Permit (SUP) application fee.

CONFORMANCE TO THE HISTORIC DISTRICT GUIDELINES & CITY'S CODES

According to Article 13, *Definitions*, of the Unified Development Code (UDC) a *Guest Quarters/Secondary Living Unit* is defined as **“(a)n accessory building designed for the temporary occupancy of guests of the primary dwelling for which there is no remuneration and is not rented or otherwise used as separate domicile.”** According to the *Permissible Use Charts* contained in Article 04, *Permissible Uses*, of the Unified Development Code (UDC) a *Guest Quarters/Secondary Living Unit/Accessory Dwelling Unit* is permitted as an accessory use in an Agricultural (AG) District, and -- according to Subsection 02.03 -- is subject to the following *Conditional Land Use Standards*: [1] the structure must be ancillary to a single-family home, [2] the square footage of the structure shall not exceed 30.00% of the square footage of the primary structure, [3] the structure may not be sold or conveyed separately from the single-family home without meeting the zoning requirements for the district, and [4] the structure may not incorporate kitchen facilities (e.g. a stove or oven, food preparation area, etc.). In addition to these requirements, a *Guest Quarters/Secondary Living Unit/Accessory Dwelling Unit* is subject to the dimensional requirements contained in Subsection 07.01, *Residential District Development Standards*, of Article 05, *District Development Standards*, and the parking requirements of Article 06, *Parking and Loading*, of the Unified Development Code (UDC). As stated above, *Guest Quarters/Secondary Living Unit* are permitted to be 30.00% of the square footage of the primary structure. In this case, the applicant is permitted a 1,578 SF *Guest Quarters/Secondary Living Unit* (i.e. $5,260\text{SF} \times 30.00\% = 1,578\text{ SF}$) based on the operational conditions for a *Guest Quarters/Secondary Living Unit*. With that being said, the applicant is requesting a 960 SF *Guest Quarters/Secondary Living Unit*, which represents 18.25% of the primary structure. This is approximately 11.75% less than what the Unified Development Code (UDC) allows. In addition, given that the kitchen facilities are not permitted within the *Guest Quarters/Secondary Living Unit*, the applicant has indicated that this component has not been finished out and will not be installed.

According to Article 13, *Definitions*, of the Unified Development Code (UDC) an *Agricultural Accessory Building/Barn* is defined as **“(a) barn or agricultural accessory building is a building that is located on a property that is a minimum of ten acres in size, zoned Agricultural (AG) District, and is intended to be used to store agricultural equipment used for animal production, crop production and/or other agricultural related uses.”** According to the *Permissible Use Charts* contained in Article 04, *Permissible Uses*, of the Unified Development Code (UDC) an *Agricultural Accessory Building/Barn* requires approval of a Specific Use Permit (SUP) in an Agricultural (AG) District, and -- according to Subsection 02.03 -- is subject to the following *Conditional Land Use Standards*: [1] the property shall be a minimum of ten (10) acres or more in size, [2] a structure shall be a minimum of 2,000 SF and a maximum of 4,999 SF in total size (i.e. under roof), and [3] the structure shall be located behind the front façade of the primary structure, and be subject to the same building setbacks as the primary structure. In this case, the applicant's request meets all of the *Conditional Land Use Standards* as required by the Unified Development Code (UDC).

According to Subsection 03.01, *General Residential District Standards*, of Article 05, *District Development Standards*, of the Unified Development Code (UDC), **“(a)ll residential structures shall be constructed with a minimum 3:12 roof pitch.”** In this case, the majority of the proposed *Guest Quarters/Secondary Living Unit* and an *Agricultural Accessory Building/Barn* meets this requirement by incorporating a 4:12 roof pitch; however, the canopy utilizes a 1:12 roof pitch. The City Council pending a

recommendation from the Planning and Zoning Commission shall consider this roof pitch exception as part of the Specific Use Permit (SUP) request.

If the applicant's Specific Use Permit (SUP) is approved, staff has included operational conditions in the Specific Use Permit (SUP) ordinance that tie down the size, height, and general architecture of the proposed structure. With this being said, the approval of a Specific Use Permit (SUP) request is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission.

NOTIFICATIONS

On February 21, 2025, staff mailed four (4) property owner notifications to property owners and occupants within 500-feet of the subject property. There were no **Homeowner's Associations (HOAs) or Neighborhood Organizations within 1,500-feet** of the subject property participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At the time this report was drafted, staff has not received any notices in reference to the **applicant's request**.

CONDITIONS OF APPROVAL

If the City Council chooses to approve **the applicant's** request for a Specific Use Permit (SUP) to construct a *Guest Quarters* and *Agricultural Accessory Building* on the subject property, then staff would propose the following conditions of approval:

- (1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the Specific Use Permit (SUP) ordinance and which are detailed as follows:
 - (a) The development of the *Subject Property* shall generally conform to the Site Plan as depicted in **Exhibit 'B'** of the SUP ordinance.
 - (b) The *Guest Quarters/Secondary Living Unit* and *Agricultural Accessory Building/Barn* shall generally conform to the Building Elevations as depicted in **Exhibit 'C'** of the SUP ordinance.
 - (c) The *Guest Quarters/Secondary Living Unit* and *Agricultural Accessory Building/Barn* shall not exceed a maximum size of 4,300 SF.
 - (d) The *Guest Quarters/Secondary Living Unit* shall not have a kitchen, and the existing kitchen that was constructed without a building permit shall be removed prior to a *Building Permit* being completed for the structure.
 - (e) The *Guest Quarters/Secondary Living Unit* and *Agricultural Accessory Building/Barn* shall not be sold or conveyed separately from the single-family home without meeting the requirements of the zoning district and subdivision ordinance.
- (2) Any construction resulting from the approval of this Specific Use Permit (SUP) request shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On March 11, 2025, the Planning and Zoning Commission approved a motion to recommend approval of the SUP by a vote of 7-0.

APPLICANT: Adam Buczek; *Skorburg Company*
CASE NUMBER: Z2025-005; *Zoning Change (AG to PD) for the Erwin Farms Subdivision*

SUMMARY

Hold a public hearing to discuss and consider a request by Adam Buczek of the Skorburg Company on behalf of Dr. Karl Erwin of the Estate of Karl W. Erwin for the approval of a Zoning Change from an Agricultural (AG) District to a Planned Development District for Single-Family 10 (SF-10) District land uses on a 98.40-acre tract of land identified as a portion of Tract 4 of the J. M. Gass Survey, Abstract No. 88, City of Rockwall, Rockwall County, Texas zoned Agricultural (AG) District, generally located on the southside of North Country Lane east of the intersection of North Country Lane and FM-1141, and take any action necessary.

BACKGROUND

The subject property was annexed on August 30, 1999 by *Ordinance No. 99-33 [Case No. A1999-001]*. At the time of annexation, the subject property was zoned Agricultural (AG) District. According to the Rockwall Central Appraisal District (RCAD), currently situated on the subject property is: [1] a 3,200 SF single-family home, [2] a 720 SF attached carport, [3] a 2,025 SF barn, and [4] a 1,320 SF barn. The two (2) barns were constructed in 1960. The single-family home and attached carport were constructed in 1985. Beyond these structures, the subject property has remained largely undeveloped and the zoning designation has not changed since annexation.

PURPOSE

On February 14, 2025, the applicant -- *Adam Buczek of the Skorburg Company* -- submitted an application requesting to change the zoning of the subject property from an Agricultural (AG) District to a Planned Development District for Single-Family 10 (SF-10) District land uses. Specifically, the applicant is proposing to entitle the subject property for a 123-lot single-family, residential subdivision that will consist of three (3) lot sizes (*i.e. [A] 100, 100' x 120' lots; [B] 17, 120' x 230' lots; and [C] 6, 120' x 275' lots*).

ADJACENT LAND USES AND ACCESS

The subject property is generally located on the southside of North Country Lane, east of the intersection of North Country Lane and FM-1141. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is North Country Lane, which is identified as an M4U (*i.e. major collector, four [4] lane, undivided roadway*) on the Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Beyond this is the Nelson Lakes Subdivision, which consists of 262 single-family residential lots on 120.90-acres. This subdivision was filed with Rockwall County on February 28, 2023, and is zoned Planned Development District 90 (PD-90) for Single-Family 10 (SF-10) District land uses. Beyond this is FM-552, which is identified as an A4D (*i.e. arterial, four [4] lane, divided roadway*) on the Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan.

South: Directly south of the subject property is Clem Road, which is identified as a *Minor Collector* on the on the Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Beyond that is the Winding Creek Subdivision, which consists of 138 single-family residential lots on 78.83-acres. This subdivision was filed with Rockwall County on January 10, 2024, and is zoned Planned Development District 91 (PD-91) for Single-Family 16 (SF-16) District land uses. Beyond this is Maytona Ranch Estates, which consists of 19 single-family residential lots

on 15.50-acres. This subdivision was filed with Rockwall County on September 26, 1983 before annexation into the city, and is currently zoned Agriculture (AG) District.

East: Directly east of the subject property are: [1] 12 residential lots, zoned Single-Family 16 (SF-16) District, that are in the Northcrest Estates, Phase 2 Addition; [2] three (3) residential lots, zoned Planned Development District 72 (PD-72) for Single-Family Estate 1.5 (SFE-1.5) District land uses, that are in the Watson Estates Addition; [3] six (6) residential lots, zoned Single-Family 1 (SF-1), Single-Family Estate 1.5 (SFE-1.5) and Single-Family Estates 4.0 (SFE-4.0) Districts, that are in the Mustang Acres Addition; [4] one (1) residential lot, zoned Single-Family 1 (SF-1) District, that is in the Blueberry Hill Estates Addition; and [5] nine (9) residential lots, zoned Agricultural (AG), Single-Family Estate 1.5 (SFE-1.5), Single-Family Estate 2.0 (SFE-2.0), Single-Family Estate 4.0 (SFE-4.0) Districts, that are unplatted. Beyond this is Stodghill Road [FM-3549], which is identified as an A4D (i.e. *arterial, four [4] lane, divided roadway*) on the Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan.

West: Directly west of the subject property is a two (2) acre tract of land (i.e. *Tract 14-10, Abstract No. 88, of the J.M Gass Survey*) owned by the City of Rockwall and developed with the North Country Water Tower. Beyond this is a 46.267-acre tract of land (i.e. *Tract 14, Abstract No. 88, of the J.M. Gass Survey*) owned by the City of Rockwall and dedicated as Alma Williams Park.

MAP 1: LOCATION MAP
YELLOW: SUBJECT PROPERTY

CHARACTERISTICS OF THE REQUEST

The applicant has submitted a concept plan and development standards for the proposed residential subdivision. The concept plan shows that the 98.40-acre subject property will consist of 123 residential lots. These lots will consist of three (3) lot sizes (i.e. [A] 100, 100' x 120' lots; [B] 17, 120' x 230' lots; and [C] 6, 120' x 275' lots). This translates to a gross density of 1.25 dwelling units per gross acre (i.e. $123 \text{ lots} / 98.40\text{-acres} = 1.25 \text{ dwelling units per gross acre}$). The minimum dwelling unit size (i.e. *air-condition space*) will be 2,800 SF for all homes within the development. With regard to the proposed housing product,

staff has incorporated anti-monotony and masonry standards into the proposed Planned Development District ordinance. Specifically, the ordinance will require a minimum of 100% masonry, and the homes will be subject to the City's upgraded anti-monotony standards; however, the Planned Development District ordinance will also incorporate provisions that allow up to 50.00% cementitious fiberboard utilized in a horizontal lap-siding, *board-and-batten* siding, or decorative pattern to allow a variation of materials throughout the subdivision.

The following are some of the examples provided by the applicant of cementitious fiberboard that are contained within the Planned Development District ordinance:

FIGURE 1: EXAMPLES OF CEMENTITIOUS FIBERBOARD

Looking at the garage orientation proposed for the development, the applicant is proposing to require all garage doors will be oriented in a *J-Swing (or a Traditional Swing)* configuration or *Recessed Entry* configuration (*i.e. where the garage door is situated a minimum of 20-feet behind the front façade*). In addition, the applicant is proposing to incorporate upgraded finishes on all garage doors that include: [1] coach lighting, [2] decorative wood doors or wood overlays on insulated metal doors, and [3] driveways that are constructed with ornamental stamped concrete brick paver, stained finish, or salt finished. The following are some of the examples of the upgrades required in the Planned Development District ordinance:

FIGURE 4: EXAMPLES OF UPGRADED GARAGES

The proposed subdivision will be subject to the land uses and density and dimensional requirements stipulated for properties within a Single-Family 10 (SF-10) District unless otherwise specified in the Planned Development District ordinance. The following is a summary of the lot composition and density and dimensional standards contained in the proposed Planned Development District ordinance:

TABLE 1: LOT COMPOSITION

<i>Lot Type</i>	<i>Minimum Lot Size (FT)</i>	<i>Minimum Lot Size (SF)</i>	<i>Dwelling Units (#)</i>	<i>Dwelling Units (%)</i>
<i>A</i>	100' x 120'	12,000 SF	100	81.30%
<i>B</i>	120' x 230'	32,670 SF	17	13.82%

<i>Maximum Permitted Units:</i>			<i>123</i>	<i>100.00%</i>

TABLE 2: LOT DIMENSIONAL REQUIREMENTS

MINIMUM LOT DEPTH	120'	230'	275'
MINIMUM LOT AREA	12,000 SF	32,670 SF	43,560 SF
MINIMUM FRONT YARD SETBACK ^{(2), (5) & (6)}	25'	30'	30'

MINIMUM AREA/DWELLING UNIT (SF) ⁽⁷⁾	2,800 SF	3,000 SF	3,000 SF
MAXIMUM LOT COVERAGE	65%	60%	60%

GENERAL NOTES:

- ¹: Lots fronting onto curvilinear streets, cul-de-sacs and eyebrows may have the front lot width reduced by 20% as measured at the *Front Yard Building Setback*. Additionally, the lot depth on lots fronting onto curvilinear streets, cul-de-sacs and eyebrows may be reduced by up to ten (10) percent, but shall meet the minimum lot size for each lot type referenced in *Table 1*.
- ²: The location of the *Front Yard Building Setback* as measured from the front property line.
- ³: The *Maximum Height* shall be measured to the eave or top plate (*whichever is greater*) of the single-family home.
- ⁴: The location of the *Rear Yard Building Setback* as measured from the rear property line.
- ⁵: Sunrooms, porches, stoops, bay windows, balconies, masonry clad chimneys, eaves and similar architectural features may encroach beyond the *Front Yard Building Setback* by up to ten (10) feet for any property; however, the encroachment shall not exceed five (5) feet on *Side Yard Setbacks*. A sunroom is an enclosed room no more than 15-feet in width that has glass on at least 50% of each of the encroaching faces.
- ⁶: All *Corner Lots* that back to a lot that fronts onto the same street that the *Corner Lot* sides to (*i.e. a Keystone Lot*), shall have a side setback that is equal to the front setback of the fronting lot. In addition, no solid fence shall be situated within this setback.
- ⁷: Air-Conditioned Space.

The proposed concept plan shows that the development will consist of a total of 33.19-acres open space that includes 17.15-acres of private open space, and 16.04-acres of floodplain. This translates to an open space percentage of 25.58% (*i.e. 16.04-acres of floodplain/2 + 17.15-acres of open space = 25.17-acres/98.40 = 25.579%*). In addition, the applicant has incorporated an eight (8) foot trail along N. County Lane, Clem Road, the floodplain on the subject property, and connecting to Alma Williams Park. The applicant has also incorporated an eight (8) foot walking trail throughout the subdivision.

INFRASTRUCTURE

Based on the applicant's concept plan and the proposed density, the following infrastructure is required to be constructed to provide adequate public services for the proposed development:

- (1) **Roadways.** All residential streets are required to be constructed to an R2 (*i.e. residential, two [2] lane, undivided roadway*) standard, which is a 29-foot *back-to-back* concrete street centered within a 50-foot right-of-way with a minimum five (5) foot concrete sidewalk on either side of the street. Each parallel parking space shall be a minimum of 22-feet in length and nine (9) feet in width and shall be the responsibility of the Homeowner's Association (HOA) to repair and/or replace. With regard to the Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan, the applicant will be required to construct the following:
 - (a) **North Country Lane.** North Country Lane is identified as an M4U (*i.e. major collector, four [4] lane, undivided roadway*), which requires a minimum of a 65-foot right-of-way with a 45-foot *back-to-back* concrete street centered within the right-of-way. This means the applicant will be required to dedicate the remaining right-of-way to ensure that the full right-of-way width of 65-feet is provided, and construct a minimum of 24-feet of paving.
 - (b) **Clem Road.** Clem Road is identified as a *Minor Collector*, which requires a 60-foot right-of-way with 41-foot *back-to-back* concrete street centered in the right-of-way. This means the applicant will be required to dedicate the remaining right-of-way to ensure that the full right-of-way width of 60-feet is provided, and construct a minimum of 24-feet of paving.

All of these streets are required to be curb and gutter, and any medians are required to be curbed with the streets draining away from the medians. In addition to these roadways, the applicant will be required to perform a Traffic Impact Analysis (TIA) that is prepared in accordance with the requirements of the Engineering Department's *Design and Construction Manual*.

- (2) **Water**. The applicant shall submit an *Infrastructure Study* to the City's water/wastewater consultant. At a minimum, the applicant will be required to loop an eight (8) inch water line through the property, and install a minimum 12-inch water main and dedicate any necessary easements in accordance with the with the City's *Master Water Distribution Plan* and the approved *Infrastructure Study*.
- (3) **Wastewater**. The applicant shall submit for an *Infrastructure Study* to the City's water/wastewater consultant. At a minimum, the applicant will need to install an eight (8) inch sewer main in accordance with the City's *Wastewater Collection Plan* and the approved *Infrastructure Study*. In addition, a minimum eight (8) inch sewer line will need to extend through the site to the property lines. In addition, the applicant will be required to pay a \$86.44 per acre pro-rata fee for the wastewater improvements that were previously installed. However, if the applicant's request for *On-Site Sewage Facilities* (OSSF) is approved, the applicant would not be required to extend the minimum eight (8) inch sewer line through the south end of the development.
- (4) **Drainage**. The applicant shall be required to perform a flood study to delineate the fully developed 100-year localized floodplain for all ponds, creeks or streams, and draws on the subject property. Detention will be required and sized per the required detention study, and be situated outside the floodplain and erosion hazard setback. The applicant will also be required to perform a Wetlands and Waters of the United States (WOTUS) study for any existing ponds on the subject property. Any changes to the existing floodplain will require approval from the Natural Resource Conservation Service (NRCS), the City of Rockwall, and the Federal Emergency Management Agency (FEMA). All residential lots shall be exclusive of the erosion hazard setback and the floodplain. The floodplain and erosion hazard set-back shall be located within a lot and be maintained by the Home Owners Association (HOA).

CONFORMANCE TO THE CITY'S CODES

The proposed Planned Development District conforms to the majority of the City's code requirements; however, it should be noted that the development standards contained within the Planned Development District ordinance deviate from the requirements of the Unified Development Code (UDC), the Municipal Code of Ordinances, and the Engineering Department's *Standards of Design and Construction Manual* in the following ways:

- (1) **Alleyways**. The Engineering Department's *Standards of Design and Construction Manual* stipulates that "(a)lleys shall be provided in all residential areas and shall be paved with steel reinforced concrete..." The code does grant the City Council the ability to "... waive the residential alley requirement, if it is in the best interest of the City." [*Page 14; Section 2.11 of the Standards of Design and Construction Manual*]
- (2) **Streets Adjacent to a School or a Park**. Section 38.09, *Subdivision Requirements*, of the *Municipal Code of Ordinances* stipulates that "(i)n cases where a perimeter or internal street is adjacent to a public or private school or public park or open space, the city engineer or director of the planning and zoning department may require a minimum of a 41-foot street (*as measured from back-of-curb to back-of-curb*) to facilitate proper traffic circulation."

Applicant's Response to (2): Staff has requested that the applicant provide a 41-foot street adjacent to Alma Williams Park and the private open space lot that runs east/west on the concept plan. In lieu of providing the requested 41-foot streets, the applicant is proposing to provide 29-foot *back-to-back* concrete streets throughout the development. As a compensatory measure the applicant is proposing additional parallel parking spaces adjacent to the amenity area and an eight (8) foot walking trail that loops around the amenity area.

With regard to the applicant's request for *On-Site Sewage Facilities* (OSSF), the City Rockwall has an Interlocal Agreement with Rockwall County for OSSF inspections. Per this agreement, Rockwall County will issue permits and perform OSSF inspections on new and existing septic systems per the County's *Rules for Regulation of On-Site Sewage Facilities*, which stipulates a minimum lot size of 1½-acres. According to Subsection 44-243(d) of Article IV, *Sewers and Sewage Disposal*, of the Municipal Code of Ordinances, "(n)o permit for the installation of an on-site sewage facility (OSSF) will be issued for property of less than

1½-acre, unless an exception is granted by the City Council on the grounds that undue hardship will be created if said lot is not connected to an OSSF.” Staff should note that Rockwall County has stated that they will not inspect OSSF’s that are on lots less than 1½-acres. It should also be noted that the City Council has granted OSSF systems for developments (e.g. *Planned Development District 76 [PD-76], Planned Development District 78 [PD-78]*) proposing lots less than 1½-acre in size, but greater than one (1) acre when the developer proposes [1] the OSSF systems are designed by a licensed OSSF professional (i.e. *licensed engineer, sanitarian, etc.*), [2] a stamped and signed copy of the OSSF plan indicating the full limits of the septic field be submitted to the City at the time of building permit on a *lot-by-lot* basis, and [3] all OSSF are inspected by a City approved inspector. In this case, the applicant is requesting to install OSSF’s on lots that range in size from 0.75-acres to 1.00-acres (*with the majority of the lots being less than one [1] acre in size*), and has included language generally in compliance with the aforementioned stipulations. In addition, the applicant has included language that will [1] ensure all *Septic Systems* shall be designed by a licensed *On-Site Sewage Facility (OSSF)* professional (e.g. *licensed engineer, sanitarian, etcetera*), [2] ensure that a stamped and signed copy of the *Septic System* plans indicating the full limits of the septic field shall be submitted to the city at the time of building permit on a *lot-by-lot* basis, and [3] All *Septic Systems* shall be inspected and approved by the City’s chosen inspector. The applicant has stated the reason for the OSSF request is to be able to incorporate the estate-sized lots at the south-end of the proposed subdivision.

CONFORMANCE WITH OURHOMETOWN VISION 2040 COMPREHENSIVE PLAN

According to the *Land Use Plan* contained in the OURHometown Vision 2040 Comprehensive Plan, the subject property is located within the *Northeast Residential District* and is designated for *Low Density Residential* land uses. The plan defines *Low Density Residential* land uses as “... residential subdivisions that are two (2) units per gross acre or less; however, a density of up to two and one-half (2½) units per gross acre may be permitted for developments that incorporate increased amenity and a mix of land uses ...” In this case, the applicant is proposing a total density of 1.25 dwelling units per acre. Based on this the applicant’s request is in conformance with the *Low-Density Residential* designation indicated for the subject property.

In addition, the applicant is proposing to incorporate walking trails and 25.57% open space, as well as amenities that will feature two (2) multi-use sport court (e.g. *pickle ball and basketball court*), two (2) retention ponds with fountains, one (1) 16’ X 54’ pavilion, and two (2) park benches.

FIGURE 6: PAVILION

According to the *District Strategies* for *Suburban Residential* in the *Northeast Residential District*, “...(a)ny new Suburban Residential developments should include a mix of larger to mid-sized lots. Lots in these developments should not be smaller than existing Suburban Residential in this district”. In this case, the subject property is directly adjacent to Nelson Lake Estates and Winding Creek Subdivisions. Contained within the Winding Creek subdivision are lots that are 90’ x 100’ (*or a minimum of*

16,000 SF) and within the Nelson Lakes Estates Subdivision lots range from 60' x 120' (or a minimum of 7,000 SF) to 72' x 120' (or a minimum of 8,600 SF). This means that the applicant is proposing lots that are equal to or larger than the lots in the adjacent subdivisions with the larger lots at the north and south property lines; however, the applicant's lot mix does not appear to be in conformance with the housing tree model. Based on this, this aspect of the applicant's remains a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission.

With regard to the policies and goals for residential development contained in the Comprehensive Plan, the applicant's request incorporates the majority of these policies and goals (e.g. *minimum of six [6] foot side yard setbacks on all lot types, 25-foot setback for front entry garages, etc.*); however, staff has identified the following non-conformities on the original concept plan and provided the following recommendations to the applicant:

RED: NOT INCORPORATED INTO THE PLANNED DEVELOPMENT DISTRICT ORDINANCE.

BLUE: INCORPORATED INTO THE PLANNED DEVELOPMENT DISTRICT ORDINANCE.

- (1) CH. 1: Section 2.02; Goal #2 | Policy #4 (Page 1-2). At a minimum, new residential development should be equal to or of a higher quality than the existing surrounding residential development.

Staff's Response: The development should use similar architectural styles (i.e. Traditional Neighborhood Design principles, modern tutor, craftsman or farmhouse architectural styles/material mixes, etc.) and lot sizes as the adjacent Nelson Lakes, Northgate, and Winding Creek Subdivisions and the larger estates lots to create a consistent development theme throughout the area.

- (3) CH. 8: Section 2.02; Goal #1 | Policy #4 (Page 8-2). Developments should be encouraged to provide a mixture of lot sizes throughout each phase to ensure that maximum value accrues for all properties. This is particularly important in developments that propose clusters of smaller lots.

Staff's Response: The development has three (3) lot sizes that are clustered next to each other and do not provide a mixture throughout the development. This is in part due to requesting the On-Site Sanitary Facilities (OSSF) for the lots on the south side of the development.

- (4) CH. 8: Section 2.02; Goal #2 | Policy #1 (Page 8-2). When planning a residential development, open space, drainage areas, trails and tree groupings should be identified prior to laying out the development. This will lead to a development that places an emphasis on preserving the natural environment.

Staff's Response: The applicant has identified the open space, drainage areas, trails and floodplain. In addition, the applicant has provided an update concept plan showing the tree groupings that are intended to be preserved.

- (5) CH. 8: Section 2.02; Goal #3 | Policy #4 (Page 8-2). All parks and open space should provide an integrated trail system that serves the adjacent neighborhood areas.

Staff's Response: The original concept plan provided shows an integrated trail system; however, staff suggested strengthening the plan by providing a trail that loops around the amenity area. The applicant implemented the trail that was suggested by staff.

- (6) CH. 8: Section 2.03; Goal #1 | Policy #2 (Page 8-3). *To maximize the value of properties that are directly adjacent to or across the street from a park and/or public open space, the house on the property should face onto the park and/or public open space, and should not back or side to the park and/or open space.*

Staff's Response: The majority of lots within the concept plan do not incorporate houses that face onto parks and/or public open space; however, about 15% of the lots that are directly adjacent to or across the street from a park or public open space conform to this policy.

- (7) CH. 8: Section 2.03; Goal #1 | Policy #5 (Page 8-3). Design neighborhoods utilizing the *Housing Tree Model*.

Staff's Response: The concept plan is not designed utilizing the Housing Tree Model. The current design includes three (3) lot sizes that are clustered next to each other and do not provide a mixture throughout each phase. This is in part due to requesting the On-Site Sanitary Facilities (OSSF) for the lots on the south side of the development.

The applicant's request does appear to conform to the majority of the Unified Development Code (UDC), the Municipal Code of Ordinances, the Standards of Design and Construction Manual, and the OURHometown Vision 2040 Comprehensive Plan; however, the plan does have some deviations from the City's codes and does not fully conform to the Comprehensive Plan, and -- *since this is a request for a zoning change* -- the request is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission.

NOTIFICATIONS

On February 21, 2025, staff mailed 125 notices to property owners and occupants within 500-feet of the subject property. Staff also notified the Dalton Ranch Homeowner's Association (HOA), which is the only HOA's within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At the time this report was drafted, staff has received the following:

- (1) One (1) response from a property owner within the 500-foot notification buffer opposed to the applicant's request.
- (2) One (1) response from a property owner outside the 500-foot notification buffer in favor of the applicant's request.
- (3) Seven (7) responses from six (6) property owners outside the 500-foot notification buffer opposed to the applicant's request.

CONDITIONS OF APPROVAL

If the City Council chooses to approve the applicant's request to rezone the subject property from an Agricultural (AG) District to a Planned Development District for Single-Family 10 (SF-10) District land uses, then staff would propose the following conditions of approval:

- (1) The applicant shall be responsible for maintaining compliance with the concept plan and development standards contained in the Planned Development District ordinance.
- (2) Any construction resulting from the approval of this Zoning Change shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On March 11, 2025, the Planning and Zoning Commission approved a motion to recommend approval of the Zoning Change by a vote of 7-0.

I am concerned about the pace at which new homes are being built without the road infrastructure in place to support the additional traffic. I have nothing against this development in the long run, but I think it would be wise to pause new home construction (and hopefully eliminate new apartment complexes) until a better road system is in place to handle the auto traffic.

DO YOU COUNSEL MEMBERS EVER DRIVE DOWN THE SOUTH SIDE OF TOWN AND SEE HOW BAD THE TRAFFIC IS ON THIS SIDE OF TOWN? I LIVE LITERALLY 3 MILES FTOM COSTCO AND IT TAKES ME 30 MINUTES TO GET THERE AND ANOTHER 30 TO GET BACK HOME. IT IS RIDICULOUS HOW MUCH TRAFFIC THERE IS FOR THIS ROAD TO HANDEL. AGAIN I HAVE CALLED TXDOT AND THEY HAVE NO IDEA WHEN 205 WILL BE WIDENED AND THERE IS NO WIDENING IF THESE COUNTRY ROADS. Routes and on-ramps to IH-30 are minimal and cumbersome. This will create severe traffic issues. Traffic congestion in the downtown area will worsen and essentially hinder free movement in the downtown area and for families at intersections of Lakeshore Drive and 66, all the way into Rowlett.

City of Rockwall
Attn: Ryan Miller, AICP

Rockwall, TX 75087

Dear Mr. Miller,

Please include this letter in the Planning & Zoning Commissioners and City Councilmembers' packets for the remaining public hearings to be held pertaining to Case No. Z2025-005 (Erwin Farms).

The purpose of this letter is to explain that the primary reason behind the few remaining deviations from the City's Comprehensive Plan as cited in staff's report (other than the alley waiver) is because we wanted to incorporate estate-sized lots based on feedback we received from neighbors and the Planning & Zoning Commission in our previous submittals.

The twenty-three (23) estate lots in our current PD are entirely located south of the Atmos gas line easement and will require On-Site Sewage Facilities ("OSSF") systems (so they cannot be commingled with the 100' wide lot type).

We look forward to continuing to work with the City to bring this high-quality community to fruition.

Sincerely,

Skorburg Company

CONCEPT PLAN
CITY OF ROCKWALL
FEBRUARY 27, 2025

11 NORTHEAST RESIDENTIAL DISTRICT

↑ NORTHERN ESTATES DISTRICT (PAGE 1-24)

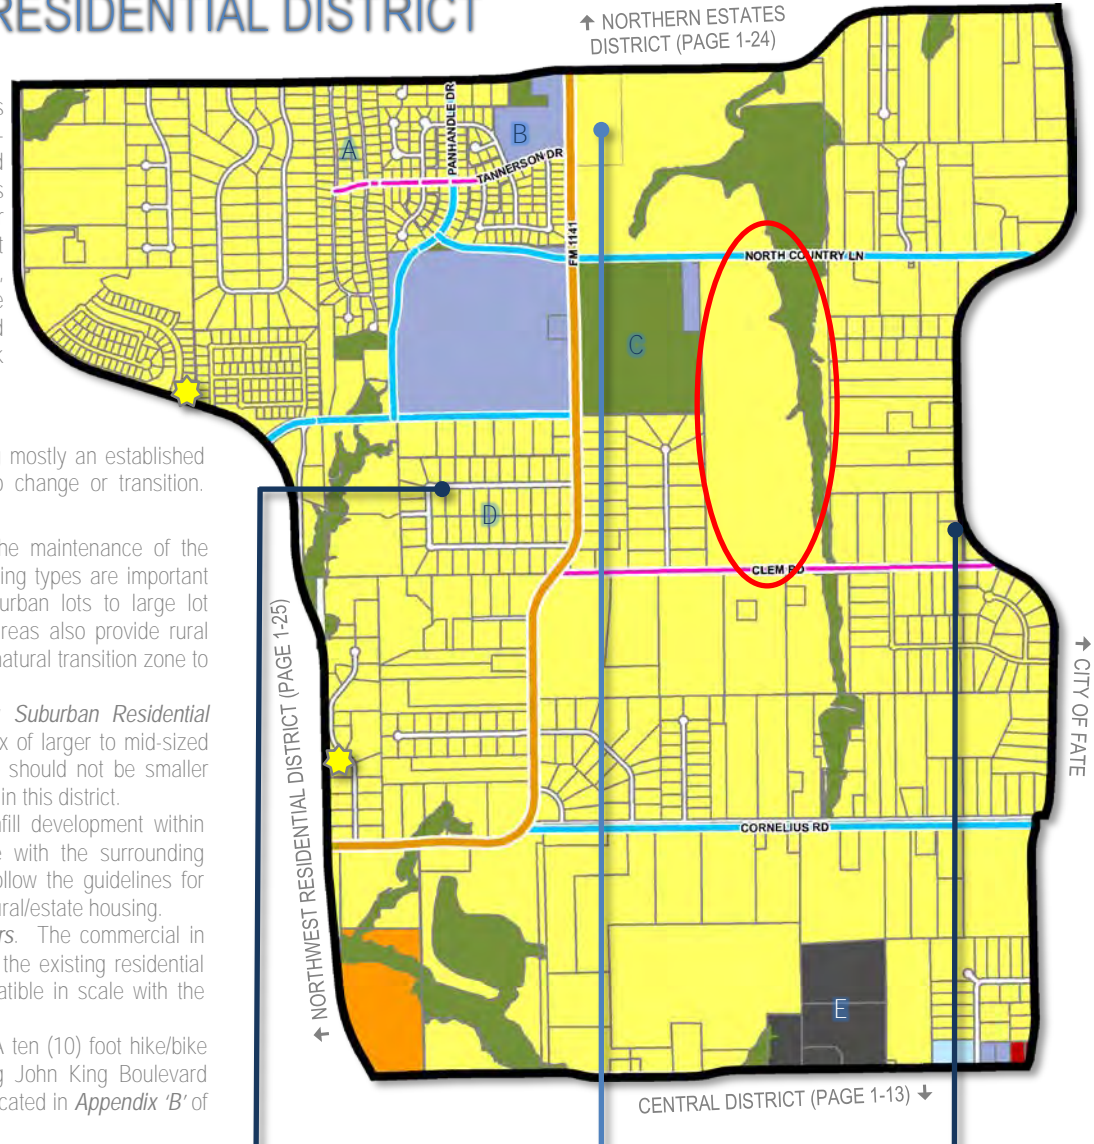

DISTRICT DESCRIPTION

The *Northeast Residential District* is characterized by its established low-density residential subdivisions and rural/estate style lots. This district is anticipated to be a future growth center for the City, having several large vacant tracts of land suitable for low-density, residential development. In addition, the City currently owns a large tract of land that will be a northern community park and serve this district in the future.

DISTRICT STRATEGIES

The *Northeast Residential District* being mostly an established residential district, is not anticipated to change or transition. The strategies for this district are:

- 1 Estate and Rural Residential.** The maintenance of the *Estate* and *Rural Residential* housing types are important to balancing the diversity of suburban lots to large lot housing within the City. These areas also provide rural reserves for the City and create a natural transition zone to the east, towards FM-3549.
- 2 Suburban Residential.** Any new *Suburban Residential* developments should include a mix of larger to mid-sized lots. Lots in these developments should not be smaller than existing *Suburban Residential* in this district.
- 3 Infill Development.** Residential infill development within this district should be compatible with the surrounding structures and should generally follow the guidelines for low density, suburban housing or rural/estate housing.
- 4 Neighborhood/Convenience Centers.** The commercial in this district is intended to support the existing residential subdivisions and should be compatible in scale with the adjacent residential structures.
- 5 John King Boulevard Trail Plan.** A ten (10) foot hike/bike trail should be incorporated along John King Boulevard with rest stops and signage as indicated in *Appendix 'B'* of this Comprehensive Plan.

TO: Mayor and City Council
DATE: March 17, 2025
APPLICANT: Lisa Brooks and Rene'e Holland; *Makeway, LLC*
CASE NUMBER: Z2025-006; *Zoning Change from Agricultural (AG) District to General Retail (GR) District*

SUMMARY

Hold a public hearing to discuss and consider a request by Lisa Brooks and Rene'e Holland of Makeway, LLC for the approval of a Zoning Change from an Agricultural (AG) District to a General Retail (GR) District for a 2.751-acre tract of land identified as Tract 1-04 of the S. R. Barnes Survey, Abstract No. 13, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the SH-205 By-Pass Overlay (SH-205 BY-OV) District, located at the southeast corner of the intersection of John King Boulevard and Quail Run Road, and take any action necessary.

BACKGROUND

The subject property was annexed into the City on March 16, 1998 by *Ordinance No. 98-10 [Case No. A1998-001]*. At the time of annexation, the subject property was zoned Agricultural (AG) District. On September 20, 2021, the City Council denied a zoning change [*Case No. Z2021-035*] proposing to rezone the subject property from Agricultural (AG) District to Neighborhood Services (NS) District. Currently, the subject property is a 2.751-acre vacant tract of land.

PURPOSE

On February 14, 2025, the applicants -- *Lisa Brooks and Rene'e Holland of Makeway, LLC* -- submitted an application requesting to change the zoning of the subject property from an Agricultural (AG) District to a General Retail (GR) District. The purpose of this request is to accommodate the future construction of a *daycare facility* on the subject property.

ADJACENT LAND USES AND ACCESS

The subject property is located at the southeast corner of the intersection of John King Boulevard and Quail Run Road. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is E. Quail Run Road, which is identified as a *A4U (i.e. arterial, four [4] lane, undivided roadway)* on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Continuing north is the Gideon Grove Subdivision, which was established on May, 3, 2019, consists of 72 single-family residential lots on 29.18-acres, and is zoned Planned Development District 77 (PD-77) for Single-Family 10 (SF-10) District land uses. Beyond this is a residential subdivision that is located outside of the corporate limits of the City of Rockwall.

South: Directly south of the subject property is John King Boulevard, which is identified as a *P6D (i.e. principle arterial, six [6] lane, divided roadway)* on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Continuing south is Phase 8A of the Caruth Lake Subdivision, which was established on December 20, 2012, consists of 63 single-family residential lots on 22.66-acres, and is zoned Planned Development District 5 (PD-5) for Single-Family 8.4 (SF-8.4) District land uses.

East: Directly east of the subject property is E. Old Quail Run Road, which is identified as a *R2 [i.e. residential, two (2) lane, undivided roadway]* on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Continuing east are two (2) lots (*i.e. Lot 1 [1.82-acres], and Lot 2 [2.12-acres], Block A, Utley*

Addition) zoned Single-Family Estate 1.5 (SFE-1.5) District. Beyond this is a 17.51-acre tract of land (*i.e. Lot 1, Block A, Cox Acres*), which has a single-family home situated on the property and is zoned Agricultural (AG) District.

West: Directly west of the subject property is John King Boulevard, which is identified as a *P6D (i.e. principle arterial, six [6] lane, divided roadway)* on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Continuing west is Phase 2 of the Gideon Grove Subdivision, which was established on March 22, 2022, consists of 96 single-family residential lots on 30.06-acres, and is zoned Planned Development District 84 (PD-84) for Single-Family 7 (SF-7) District land uses.

CHARACTERISTICS OF THE REQUEST

The applicant is requesting to rezone the 2.751-acre parcel of land from an Agricultural (AG) District to a General Retail (GR) District for the purpose of constructing a *daycare facility* on the subject property. If approved, this development would then be subject to the land uses and development standards stipulated for the General Retail (GR) District as outlined by Article 04, *Permissible Uses*, and Subsection 04.04, *General Retail (GR) District*, of Article 05, *District Development Standards*, of the Unified Development Code (UDC). A summary of the proposed development standards is as follows:

TABLE 1: GENERAL RETAIL (GR) DISTRICT STANDARDS

MINIMUM LOT AREA	6,000 SF
MINIMUM LOT WIDTH	60'
MINIMUM LOT DEPTH	100'
MINIMUM FRONT YARD SETBACK ^{(1) & (2)}	15'
MINIMUM SIDE YARD SETBACK ⁽³⁾	10'
MINIMUM REAR YARD SETBACK ⁽³⁾	10'
MINIMUM BETWEEN BUILDINGS ⁽³⁾	10'
MAXIMUM BUILDING HEIGHT ⁽⁴⁾	36'

MAXIMUM BUILDING SIZE ⁽⁵⁾	25,000 SF
MAXIMUM LOT COVERAGE	40%
MINIMUM LANDSCAPING	20%

GENERAL NOTES:

- 1: FROM FUTURE RIGHT-OF-WAY AS SHOWN ON THE ADOPTED MASTER THOROUGHFARE PLAN OR AS ACTUALLY EXISTS, WHICHEVER IS GREATER.
- 2: PARKING SHOULD NOT BE LOCATED BETWEEN THE FRONT FAÇADE AND THE PROPERTY LINE.
- 3: THE SETBACK CAN BE REDUCED TO ZERO (0) FEET WITH A FIRE RATED WALL.
- 4: BUILDING HEIGHT MAY BE INCREASED UP TO 60-FEET IF APPROVED THROUGH A SPECIFIC USE PERMIT (SUP) BY THE PLANNING AND ZONING COMMISSION AND CITY COUNCIL.
- 5: A MAXIMUM BUILDING SIZE OF 25,000 SF IN AREA, UNLESS OTHERWISE APPROVED THROUGH A SPECIFIC USE PERMIT (SUP) BY THE PLANNING AND ZONING COMMISSION AND CITY COUNCIL.
- 6: ANY NON-RESIDENTIAL OR PARKING AREA THAT HAS A SIDE OR REAR CONTIGUOUS TO ANY RESIDENTIALLY ZONED OR USED PROPERTY SHALL BE SCREENED WITH A MASONRY FENCE A MINIMUM OF SIX (6) FEET IN HEIGHT WITH CANOPY TREES PLANTED ON 20-FOOT CENTERS. AS AN ALTERNATIVE, THE PLANNING AND ZONING COMMISSION MAY APPROVE AN ALTERNATIVE SCREENING METHOD THAT INCORPORATES A WROUGHT IRON FENCE AND THREE (3) TIERED SCREENING.

INFRASTRUCTURE

Based on the applicant's submittal the following infrastructure would be required to be constructed if this request is approved:

- (1) Water Improvements. The development will be required to tie into the existing 12-inch waterline on the west side of E. Old Quail Run Road.
- (2) Sewer Improvements. The development will be required to tie to the existing ten (10) inch sanitary sewer line located adjacent to and along the eastern property line of the subject property and along the west side of John King Boulevard. Additionally, the applicant will be required to pay pro-rata for sewer improvements in the amount of \$279.00 plus \$593.37 per acre.
- (3) Roadways. E. Quail Run Road is a M4D (*i.e. major collector, four [4] lane, divided roadway*), which requires a minimum of an 85-foot right-of-way and a four (4) lane divided concrete street. Old E. Quail Run Road is identified as a R2U (*i.e. residential, two [2] lane, undivided roadway*), which requires a minimum right-of-way width of 50-feet. The applicant will need to verify the right-of-way of both of these roadways and ensure the required right-of-way has been dedicated (*i.e. 42.5-feet as measured from the centerline of the roadway for E. Quail Run Road and 25-feet as measured from the centerline for Old E. Quail Run Road*). If additional right-of-way is needed this will be required to be dedicated at the time of final plat. If the proposed development takes access off of Old E. Quail Run Road, the applicant will be required to rebuild the road at a minimum of a 24-foot pavement width along the full frontage of the property along Old E. Quail Run Road.
- (4) Drainage. Detention will be required and sized per the Engineering Department's *Standards of Design and Construction Manual*.

CONFORMANCE WITH THE CITY'S CODES

According to Subsection 04.04, *General Retail (GR) District*, of Article 05, *District Development Standards*, of the Unified Development Code (UDC), "(t)he General Retail (GR) District is a zoning district intended to provide limited retail and service uses ... [~~that~~] include most types of retail and office activity, and are typically located on/at the intersections of major thoroughfares. This district does not include strip commercial/retail centers, large shopping centers, wholesaling operations, lumberyards, contractor yards, and or warehouses with high volumes of truck traffic." This section goes on to state that "(t)he General Retail (GR) District is not a major commercial/retail district and should try to avoid intensive commercial land uses that carry large volumes of retail traffic. The noise, traffic, litter, late night hours, and other influences that could be harmful to residential areas requires adequate buffering and screening from residential areas. Traffic from land uses in this district should not pass through residential areas, except on arterial or major collectors." In this case, the subject property has adjacency to three (3) roadways, E. Quail Run Road which is identified as a M4D (*i.e. major collector, four [4] lane, divided roadway*), John King Boulevard, which is identified as a P6D (*i.e. principle arterial, six [6] lane, divided roadway*), and Old E. Quail Run Road which is identified as a R2U (*i.e. residential, two [2] lane, undivided roadway*).

Given that Old Quail Run Road provides direct access to existing residential properties, staff strongly recommends that access to the proposed *daycare facility (or any other non-residential land use)* not be taken from Old E. Quail Run Road. This would prevent cut-through traffic that could negatively impact the existing residential neighborhoods. Instead, access should be focused along John King Boulevard and/or E. Quail Run Road, which are designed to accommodate higher traffic volumes and commercial development. If this zoning change is approved, the future site plan review and traffic circulation design should ensure that no commercial traffic is directed onto Old Quail Run Road in order to maintain the integrity and character of the adjacent residential area.

CONFORMANCE WITH OURHOMETOWN VISION 2040 COMPREHENSIVE PLAN

According to the OURHometown Vision 2040 Comprehensive Plan, the subject property is designated for Low Density Residential land uses and is situated within the Northeast Residential District. The Northeast Residential District is "...characterized by its established low-density residential subdivisions and rural/estate style lots. This district is anticipated to be a future growth center for the City, having several large vacant tracts of land suitable for low-density residential development." Currently, the subject property is designated for Low Density Residential land uses, which is defined as two (2) to two and one-half (2 ½) dwelling units per acre. If approved, the applicants' proposed request would require this designation to be changed from Low Density Residential to a Commercial/Retail designation. According to the Land Use Designations contained in the Comprehensive Plan, "(t)he Commercial/Retail land use category is characterized by single to multi-tenant commercial retail centers along major arterials at key intersections. These areas are typically considered to be convenience shopping centers and serve adjacent residential subdivisions ... (t)hese areas should be designed with the pedestrian in mind and provide connections between the commercial land use and the adjacent residential subdivisions."

When looking at the District Strategies for the Northeast Residential District, District Strategy #4 does address the establishment of Neighborhood/Convenience Centers stating that "...commercial in this district is intended to support the existing residential subdivisions and should be compatible in scale with the adjacent residential structures..." In addition, when examining strategies for existing residential developments, the Housing section of the Comprehensive Plan states that the City should "...(p)rotect existing single-family residential subdivisions from the negative effects of non-residential developments by requiring separation and screening using large berms, landscaping, and buffers to create a natural transition." [Policy #3, Goal 01; Section 02.01, Chapter 08]. In addition, the Non-Residential section of the Comprehensive Plan states that "(n)on-residential buildings adjacent to residential properties should be designed to a residential scale to assist the transition of land uses, and mitigate any potential negative visual impacts of the commercial development." [Policy 3, Goal 04; Chapter 09].

In summary, the applicants' request does make a compelling argument to change the Future Land Use Map based on the definition of the Commercial/Retail land use. Furthermore, the current land use designation of the property -- Low Density Residential -- also does not appear to be consistent with the location of the property. More specifically, the property is oddly shaped and is situated on a future six (6) lane roadway (*i.e. John King Boulevard*); however, since this request does not conform to the current future land use designation stipulated by the Future Land Use Plan, this request is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission..

STAFF ANALYSIS

The applicant's request to rezone the subject property from Agricultural (AG) District to General Retail (GR) District aligns with the intended use for a *daycare facility*; however, given the proximity of existing residential neighborhoods, the proposed zoning change raises concerns regarding compatibility of the other land uses permitted within the General Retail (GR) District with surrounding land uses. While the General Retail (GR) District does allow for the proposed *daycare facility*, it also permits a broader range of commercial activities that may not be suitable adjacent to residential properties. The Neighborhood Services (NS) District, by contrast, is designed to accommodate small-scale retail and service establishments that support residential areas while maintaining a more appropriate transition between commercial and residential uses. The Neighborhood Services (NS) District also allows the *daycare facility* as a *by-right*, and provide the ability to request a Specific Use Permit (SUP) for buildings that exceed 5,000 SF in size. Staff should point out that per the concept plan the applicant does appear to be looking at a building that would exceed 5,000 SF in size, and that would require a Specific Use Permit (SUP).

The City's Comprehensive Plan designates this area for Low-Density Residential land uses. A change to Commercial/Retail would be required to support this request. While the Comprehensive Plan does recognize the need for neighborhood-serving commercial uses, it also emphasizes the importance of ensuring that commercial development remains compatible with adjacent

residential areas by incorporating appropriate screening, buffering, and scaled-down development. This appears to be consistent with the Neighborhood Services (NS) District zoning designation.

Given these considerations, staff recommends that the City Council evaluate whether the General Retail (GR) District is the most appropriate zoning district for this location. The Neighborhood Services (NS) District may offer a more balanced approach, providing the applicant the ability to establish the *daycare facility* while maintaining a scale and intensity of development that better integrates with the surrounding residential properties. Ultimately, the decision on rezoning remains a discretionary decision for the City Council, following a recommendation by the Planning and Zoning Commission. To assist in the decision-making process, staff has provided a comparison of land use for both the General Retail (GR) District and the Neighborhood Services (NS) District for review.

NOTIFICATIONS

On February 21, 2025, staff notified 71 property owners and occupants within 500-feet of the subject property. Staff also notified the Caruth Lakes (*Caruth Ridge Estates*), Stoney Hollow, and Dalton Ranch Homeowners Association (HOA), which are the only Homeowner's Associations (HOAs) or Neighborhood Groups participating in the Neighborhood Notification Program that are within 1,500-feet of the subject property. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At the time this report was written, staff has received four (4) notices in opposition of the applicant's request. All of these notices were within the 500-foot notification buffer.

CONDITIONS OF APPROVAL

If the City Council chooses to approve the applicant's request to rezone the subject property from an Agricultural (AG) District to a General Retail (GR) District, then staff would propose the following conditions of approval:

- (1) By approving this zoning change, the City Council will effectively be approving changes to the Comprehensive Plan and Future Land Use Map. Specifically, this will change the designation of the subject property from a Low Density Residential designation to a Commercial/Retail designation; and,
- (2) Any construction resulting from the approval of this Zoning Change shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On March 11, 2025, the Planning and Zoning Commission approved a motion to recommend approval of the Zoning Change, but recommending the zoning designation be changed to Neighborhood Services (NS) District as opposed to General Retail (GR) District. This motion was approved by a vote of 7-0.

This request for General Retail is surrounded by neighborhoods (Gideon Grove I and II) and single family residences. General Retail is overly broad and would allow retail businesses not compatible with the area. Neighborhood Services zoning is better suited to the environment and protects residents/property owners from retail businesses that negatively impact their property value and area esthetics. A daycare (over 7) is allowed under Neighborhood Services and could meet the applicants proposal of 10,000 s/f with an SUP while protecting the current residents/property owner from General Retail categories.

Subject: Request for Rezoning Approval – Proposed Childcare Facility

Dear Planning and Zoning Commission,

I am writing to formally request the rezoning of the property at the southeast corner of John King and East Quail Run (A0012 SR Barnes, Tract 1-04) to allow for the construction and operation of a childcare facility. We intend to improve the land and provide a much-needed neighborhood service by establishing a high-quality childcare center that will support the growing needs of families in our community.

Currently, the property does not have the appropriate zoning designation for the facility and services we plan to offer. However, there is a clear and pressing demand for childcare in this area:

- There are seven schools within a two-mile radius, with Rockwall ISD planning an additional elementary school in the northern part of town.
- The surrounding area is experiencing significant residential growth, with hundreds of new homes and developed lots.
- The site is located on John King Boulevard, a major thoroughfare for parents commuting to and from work. Additionally, John King will eventually become State Highway 205, further increasing accessibility and visibility for families needing childcare services.
- There are currently no childcare facilities along John King Boulevard, leaving a gap in essential services for families in the area.

We believe this rezoning request aligns with the city's vision for responsible growth and development. Our facility will not only enhance the surrounding neighborhood but also provide a valuable resource to families, supporting working parents and contributing to the overall well-being of our community.

Thank you for your time and consideration. We appreciate the opportunity to work with the Planning and Zoning Commission and look forward to discussing our proposal further. Please do not hesitate to reach out if additional information is needed.

Sincerely,
Lisa Brooks & Rene'e Holland

11 NORTHEAST RESIDENTIAL DISTRICT

↑ NORTHERN ESTATES DISTRICT (PAGE 1-24)

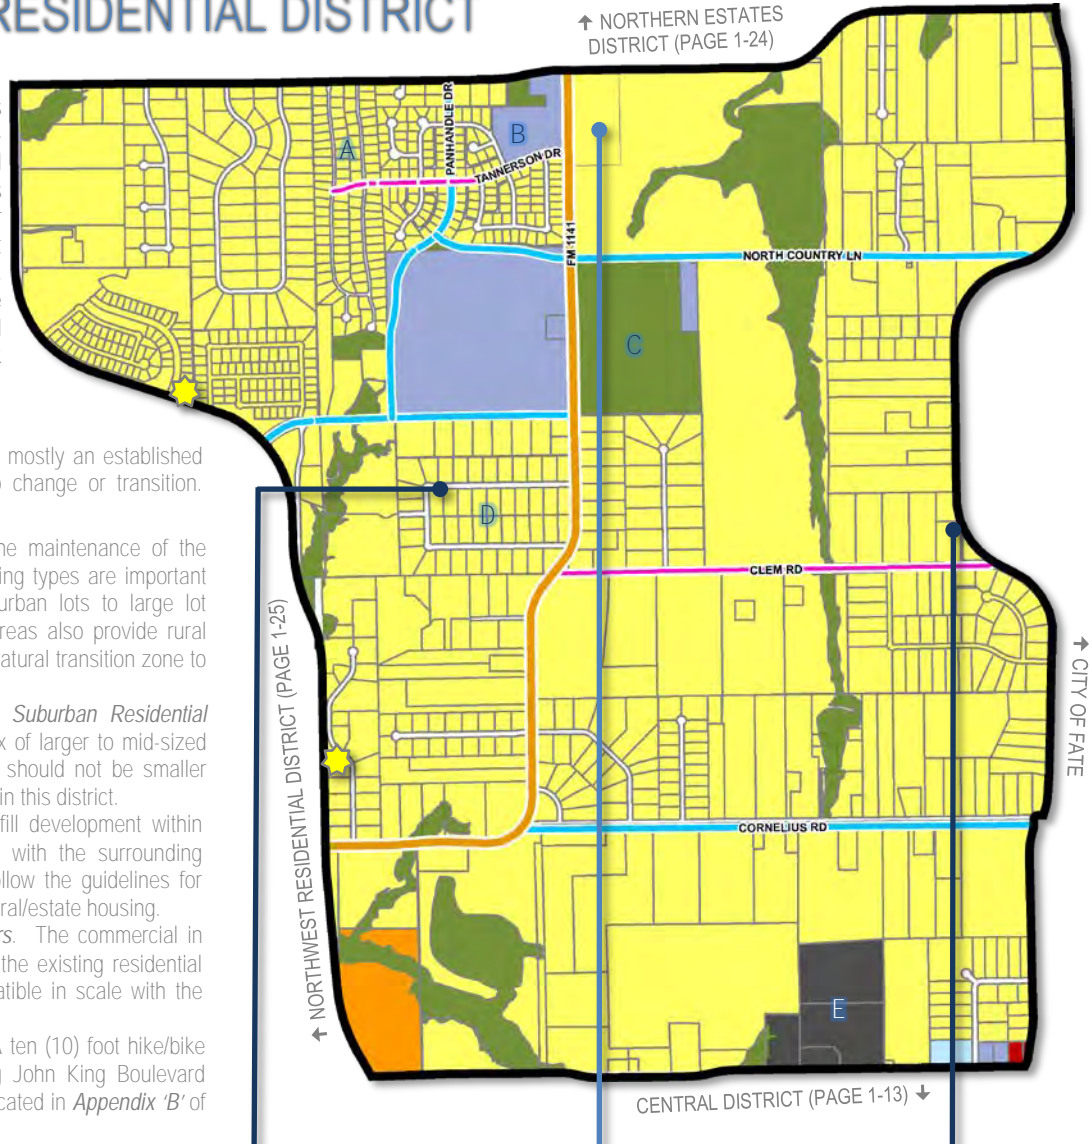

DISTRICT DESCRIPTION

The *Northeast Residential District* is characterized by its established low-density residential subdivisions and rural/estate style lots. This district is anticipated to be a future growth center for the City, having several large vacant tracts of land suitable for low-density, residential development. In addition, the City currently owns a large tract of land that will be a northern community park and serve this district in the future.

DISTRICT STRATEGIES

The *Northeast Residential District* being mostly an established residential district, is not anticipated to change or transition. The strategies for this district are:

- 1 Estate and Rural Residential.** The maintenance of the *Estate* and *Rural Residential* housing types are important to balancing the diversity of suburban lots to large lot housing within the City. These areas also provide rural reserves for the City and create a natural transition zone to the east, towards FM-3549.
- 2 Suburban Residential.** Any new *Suburban Residential* developments should include a mix of larger to mid-sized lots. Lots in these developments should not be smaller than existing *Suburban Residential* in this district.
- 3 Infill Development.** Residential infill development within this district should be compatible with the surrounding structures and should generally follow the guidelines for low density, suburban housing or rural/estate housing.
- 4 Neighborhood/Convenience Centers.** The commercial in this district is intended to support the existing residential subdivisions and should be compatible in scale with the adjacent residential structures.
- 5 John King Boulevard Trail Plan.** A ten (10) foot hike/bike trail should be incorporated along John King Boulevard with rest stops and signage as indicated in *Appendix 'B'* of this Comprehensive Plan.

TO: Mayor and City Council
DATE: March 17, 2025
APPLICANT: Tzemach Moshe Kalmenson
CASE NUMBER: Z2025-007; *Specific Use Permit for a Church/House of Worship at 917 N. Goliad Street*

SUMMARY

Hold a public hearing to discuss and consider a request by Tzemach Moshe Kalmenson for the approval of a Specific Use Permit (SUP) allowing a *Church/House of Worship* on a 0.5010-acre tract of land identified as Block 29 of the Gardner Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 50 (PD-50) [*Ordinance No. 25-07*], situated within the North Goliad Corridor Overlay (NGC OV) District, addressed as 917 N. Goliad Street, and take any action necessary.

BACKGROUND

Based on the Historic Sanborn Maps, the subject property was annexed sometime between April 1934 and June 20, 1959. According to the Rockwall County Appraisal District (RCAD) there is a 906 SF single-family home, a 400 SF detached garage, and a 529 SF detached carport located on the subject property. According to the January 3, 1972 zoning map, the subject property was zoned Single-Family 2 (SF-2) District. This zoning designation changed to a Single-Family 3 (SF-3) District sometime between January 3, 1972 and January 22, 1982 **based on the City's historic zoning maps**. The zoning designation of the subject property again changed from a Single-Family 3 (SF-3) District to a Single-Family 7 (SF-7) District sometime between January 22, 1982 and May 16, 1983 based on the **City's historic zoning maps**. **On August 20, 2007, the City Council** approved a zoning change [*Case No. Z2007-018; Ordinance No. 07-29*] that incorporate the subject property into Planned Development District 50 (PD-50). Since the property has been within Planned Development District 50 (PD-50), the ordinance has been amended four (4) times [*Ordinance No. 16-15, 17-19, 23-60, & 25-07*] in order to establish new permitted uses within the district. The last amendment was approved on February 3, 2025 [*i.e. Case No. Z2024-060; Ordinance No. 25-07*] by the City Council. This amendment to the Planned Development District updated the permitted land uses to allow a *Church/House of Worship* by Specific Use Permit (SUP).

PURPOSE

The applicant -- *Tzemach Moshe Kalmenson* -- is requesting the approval of a Specific Use Permit (SUP) to allow a *Church/House of Worship* within Planned Development District 50 (PD-50) on the subject property.

ADJACENT LAND USES AND ACCESS

The subject property is addressed as 917 N. Goliad Street. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is a vacant 0.257-acre parcel of land (*i.e. Lot 2, Block A, Rakich Addition*). Beyond this is a 0.31-acre parcel of land (*i.e. Block 32 of the Garner Addition*) developed with 2,320 SF single-family home. Following this is a 1.00-acre parcel of land (*i.e. Lot 1, Block A, Isaac Pena Addition*) developed with a 4,471 SF *Office Building*. North of this is Live Oak Street, which is identified as a R2 (*i.e. residential, two [2] lane, undivided roadway*) on the Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. All of these properties are zoned Planned Development District 50 (PD-50) for Residential Office (RO) District land uses.

South: Directly south of the subject property are four (4) parcels of land (i.e. Part of Block 29 of the Garner Addition; Lot 3, Block 3, Adams Addition; Lot 1, Block 1, Misty Addition; Lot 1, Block 1, Henry Addition) developed with non-residential land uses (i.e. Daycare and Office). Beyond this are two (2) vacant parcels of land (i.e. Block 26 and part of Block 27 of the Garner Addition). Following this is W. Heath Street, which is identified as a R2 (i.e. residential, two [2] lane, undivided roadway) on the Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. All of these properties are zoned Planned Development District 50 (PD-50) for Residential Office (RO) District land uses.

East: Directly east of the subject property is N. Goliad Street [SH-205], which is classified as a A5D (i.e. arterial, five [5] lane, divided roadway) on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Beyond this is the North Town Addition, which is comprised of 41 single-family homes that are zoned Single-Family 7 (SF-7) District.

West: Directly west of the subject property is N. Alamo Road, which is classified as a Minor Collector on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Following this is a 0.4940-acre parcel of land (i.e. Lot 1 of the Jayroe Addition) developed with a 1,988 SF single-family home zoned Single-Family 10 (SF-10) District. Following this is Phase 1 of the Preserve Subdivision, which is comprised of 135 single-family homes that are zoned Planned Development District 41 (PD-41) for Single-Family 10 (SF-10) District land uses.

CHARACTERISTICS OF THE REQUEST

The applicant has submitted an application and a concept plan requesting a Specific Use Permit (SUP) for a *Church/House of Worship* on the subject property. According to the Rockwall Central Appraisal District (RCAD) there is an existing 906 SF single-family home, a 400 SF detached garage, and a 529 SF detached carport situated on the subject property. The **applicant's letter details that the subject property is intended to be used as a "... sanctuary space ... for weekly services ..."** of

10-20 people. In addition, the applicant has indicated to staff that the intent of this property is to serve the current needs of the organization. The proposed concept plan details the proposed locations for parking and the existing access drives on N. Goliad Street and N. Alamo Road.

CONFORMANCE WITH THE CITY'S CODES

Subsection 02.02(C), *Institutional and Community Service Land Uses*, of Article 13, *Definitions*, of the Unified Development Code (UDC), defines a *Church/House of Worship* as “(a) facility or area primarily used for religious gatherings, ceremonies, and worship services. It typically includes a sanctuary or worship hall, administrative offices, classrooms for religious education, and often ancillary facilities such as a fellowship hall, kitchen, and parking lot. These facilities serve as places for spiritual practice, community gatherings, and religious observance for adherents of a particular faith or denomination.” **In this case, the applicant's** proposed use falls under this classification. According to the *Permissible Use Charts* contained in Article 04, *Permitted Uses*, of the Unified Development Code (UDC), a *Church/House of Worship* is not permitted in a Residential Office (RO) District; however, given that the subject property is located within Planned Development District 50 (PD-50) the *Church/House of Worship* land use is permitted by Specific Use Permit (SUP). The Planned Development District 50 (PD-50) ordinance was recently amended [*i.e. Case No. Z2024-060; Ordinance No. 25-07*] to permit the *Church/House of Worship* land use by Specific Use Permit (SUP) at the request of the applicant. This was done to acknowledge that the *Church/House of Worship* land use is may be appropriate within PD-50, but the City Council should have discretionary oversight with regard to this land use and its impacts on PD-50.

STAFF ANALYSIS

In review of the proposed concept plan, it appears that the proposed parking field should accommodate the parking requirements outlined in Table 5, *Parking Requirement Schedule*, of Article 06, *Parking and Loading*, of the Unified Development Code (UDC); however, this will be finalized at the time of site plan. In addition, the concept plan indicates the southern driveway will be removed and a shared access drive will be utilized as the primary access point from N. Goliad Street. The applicant will be required to install this driveway and plat this as a cross-access easement. The concept plan also shows that the rear access drive onto N. Alamo Road will be utilized. The City Council -- *following a recommendation from the Planning and Zoning Commission* -- should consider the implications of allowing a non-residential land use to use a roadway that primarily serves single-family homes. With this being said, N. Alamo Road is classified as a *Minor Collector* on the Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan, and there are three (3) other non-residential properties that have access off of N. Alamo Road. The approval of a Specific Use Permit (SUP) is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission.

OURHOMETOWN VISION 2040 COMPREHENSIVE PLAN

According to the *Land Use Plan* contained in the OURHometown Vision 2040 Comprehensive Plan, the subject is situated within the *Downtown District*. This district includes the *North Goliad Corridor*, otherwise known as Planned Development District 50 (PD-50). The OURHometown Vision 2040 Comprehensive Plan describes the *Downtown District* as “... a unique Live/Work corridor that supports a range of small boutiques (*with a SUP*) and offices, and represents a successful adaptive reuse effort by the City.” **In this case, the applicant is requesting to** convert a single-family home into a *Church/House of Worship*. Given that the applicant intends to adaptively reuse the single-family home, and not change the building footprint or the exterior of the building, it appears that the intent of the *North Goliad Corridor* is maintained. That being said, this is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission.

NOTIFICATIONS

On February 21, 2025, staff mailed 109 notices to property owners and occupants within 500-feet of the subject property. In addition, staff notified The Preserve, Caruth Lakes, and Lakeview Summit **Homeowner's Association (HOA)**, which are the only HOAs within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At this time, staff has received one (1) notice in favor of the **applicant's request**.

CONDITIONS OF APPROVAL

If the City Council chooses to approve **the applicant's request** for a Specific Use Permit (SUP) for a *Church/House of Worship* within Planned Development District 50 (PD-50), then staff would propose the following conditions of approval:

- (1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the SUP ordinance and which are detailed as follows:
 - (a) The proposed *Church/House of Worship* shall be limited to the area depicted in **Exhibit 'B'** of the SUP ordinance; and
 - (b) The proposed *Church/House of Worship* shall be required to plat the property before the issuance of a Certificate of Occupancy (CO).
- (2) Any construction resulting from the approval of this zoning change shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On March 11, 2025, the Planning and Zoning Commission approved a motion to recommend approval of the SUP by a vote of 7-0.

Z2025-007 Sup for a Church/House of Worship

I am in favor of the request.

Z2025-010 Zoning Change from AG to GR

I am in favor of the request.

Rockwall is growing at a fast pace, great for our economy, communities and our great City. The downside being the infrastructure cannot handle the additional traffic. Goliad Street really needs widening for the safety of the traveling public. I'm sure the City has plans to handle the congestion on this major street, hopefully sooner than later.

Sincerely,

Sara Mcfadin

My name is Moishy Kalmenson and I serve as Rabbi of the local Jewish community. Together with my wife Chana, we direct Chabad of Rockwall County, a non-profit organization and house of worship for Jews across the county.

We moved just over four years ago to Rockwall. Currently, we operate out of our home. We are under contract on 917 N Goliad/918 N Alamo. Our plan for this property is to use it as our house of worship(synagogue)/community center.

Currently, the zoning for 917 N Goliad is PD 50: RO, without an allowance for house of worship. We are applying to change the zoning code to allow for a house of worship with an SUP.

A house of worship strengthens the bonds, roots, and values of a community, and enhances and deepens the quality of life for the entire community.

Our plan would be to provide ample parking on the lot (total of half acre), above the required amount for our sanctuary size. Additionally, as per Jewish law, some of our community members actually walk to synagogue, further alleviating parking concerns.

The scale of our community is small; there are only a few hundred Jews in the county. (Our religious services are geared for Jewish congregants, while classes and other activities are open to the community.) The space would be a total of 1300 sq ft, with a sanctuary space of 400 square ft. For weekly services we have 10-20 attendees. Even with projected growth over the upcoming years, this would not be adding a significant burden to the traffic on the 205.

(Additionally, our services are on Saturday, which would not coincide with any Sunday Church traffic.)

For these reasons we are asking to amend the zoning to allow a house of worship in PD50 with a SUP.

This would allow the city to ensure that in the future there won't be traffic/parking concerns, while still enabling houses of worship to serve the wonderful Rockwall community.

Thank you for your consideration!

DATE: March 17, 2025
APPLICANT: Pat Atkins; *Saddle Star Land Development*
CASE NUMBER: Z2025-008; *Zoning Change from Agricultural (AG) District to General Retail (GR) District*

SUMMARY

Hold a public hearing to discuss and consider a request by Pat Atkins of Saddle Star Land Development on behalf of Betty Thompson for the approval of a Zoning Change from an Agricultural (AG) District to a General Retail (GR) District for a 6.511-acre identified as Tract 1-1 of the P. B. Harrison Survey, Abstract No. 97, City of Rockwall, Rockwall County, Texas, zoned Agricultural (AG) District, situated within the SH-205 By-Pass Overlay (SH-205 BY-OV) District, located at the southeast corner of the intersection of John King Boulevard and FM-552, and take any action necessary.

BACKGROUND

On October 4, 2021, the city council approved the voluntary annexation [*Case No. A2021-006*] of the subject property through *Ordinance No. 21-47*. Upon annexation, the subject property was zoned Agricultural (AG) District. According to Rockwall County Appraisal District (RCAD), there is a 2,930 SF single-family home that was built in 1992 currently situated on the property.

PURPOSE

On February 14, 2025, the applicant -- *Pat Atkins of Saddle Star Land Development* -- submitted an application requesting to change the zoning of the subject property from an Agricultural (AG) District to a General Retail (GR) District.

ADJACENT LAND USES AND ACCESS

The subject property is located at the southeast corner of the intersection of John King Boulevard and FM-552. The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is FM-552, which is identified as a *A4D (i.e. arterial, four [4] lane, divided roadway)* on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Continuing north is a 17.375-acre vacant tract of land zoned Planned Development District 74 (PD-74) for limited General Retail (GR) District land uses. Beyond this is Phase 10 of the Breezy Hill Subdivision, which was established on March 6, 2018 and consists of 82 single-family residential lots. This subdivision is zoned Planned Development District 74 (PD-74) for Single-Family 10 (SF-10) District land uses.

South: Directly south of the subject property is a residential lot located outside the corporate limits of the City of Rockwall. Directly south of this is a 15.00-acre tract of land that is zoned Planned Development District 79 (PD-79) for Single Family 8.4 (SF-8.4) District land uses. This is the future Phase 3 of Saddle Star Estates Subdivision.

East: Directly east of the subject property are two (2) residential lots located outside the corporate limits of the City of Rockwall. Beyond this is the Park Ridge Estates Subdivision, which is also located outside the corporate limits of the City of Rockwall.

West: Directly west of the subject property is John King Boulevard, which is identified as a *P6D (i.e. principle arterial, six [6] lane, divided roadway)* on the City's Master Thoroughfare Plan contained in the OURHometown Vision 2040 Comprehensive Plan. Continuing west is a 12.362-acre vacant parcel of land (*i.e. Lot 2, Block A, Rockwall Middle*

School #4 Addition) which is zoned Single-Family 16 (SF-16) District. Beyond this is a 25.4231-acre parcel of land (i.e. Lot 1, Block 1, *Rockwall Middle School #4 Addition*), which is developed with a 149,569 SF *Public Secondary School* (i.e. *JW Williams Middle School*). This property is also zoned Single-Family 16 (SF-16) District.

CHARACTERISTICS OF THE REQUEST

The applicant is requesting to rezone the 6.511-acre tract of land from an Agricultural (AG) District to a General Retail (GR) District. If approved, this development would then be subject to the land uses and development standards stipulated for the General Retail (GR) District as outlined by Article 04, *Permissible Uses*, and Subsection 04.04, *General Retail (GR) District*, of Article 05, *District Development Standards*, of the Unified Development Code (UDC). A summary of the proposed development standards is as follows:

AS AN ALTERNATIVE, THE PLANNING AND ZONING COMMISSION MAY APPROVE AN ALTERNATIVE SCREENING METHOD THAT INCORPORATES A WROUGHT IRON FENCE AND THREE (3) TIERED SCREENING.

INFRASTRUCTURE

Based on the applicant's submittal the following infrastructure would be required to be constructed if this request is approved:

- (1) Water Improvements. The development will be required to tie into the existing 16-inch waterline along E. FM-552. In addition, a minimum eight (8) inch water line will need to be looped through the site and must be placed within a 20-foot wide easement.
- (2) Wastewater. The applicant shall submit for an Infrastructure Study to the City's water/wastewater consultant. At a minimum, the applicant will need to install an eight (8) inch sewer service in accordance with the City's Wastewater Collection Plan and the approved Infrastructure Study. Additionally, the applicant will be required to pay a pro-rata for sewer improvements in the amount of \$86.44 per acre.
- (3) Drainage. Detention will be required and sized per the Engineering Department's Standards of Design and Construction Manual. The applicant shall be required to perform a flood study to delineate the fully developed 100-year localized floodplain for all ponds, creeks or streams, and draws on the subject property. Detention will be required and sized per the required detention study, and be situated outside the floodplain and erosion hazard setback. The applicant will also be required to perform a Wetlands and Waters of the United States (WOTUS) study for any existing ponds on the subject property. Any changes to the existing floodplain will require approval from the Natural Resource Conservation Service (NRCS), the City of Rockwall, and the Federal Emergency Management Agency (FEMA).

CONFORMANCE WITH THE CITY'S CODES

According to Subsection 04.04, General Retail (GR) District, of Article 05, District Development Standards, of the Unified Development Code (UDC), "(t)he General Retail (GR) District is a zoning district intended to provide limited retail and service uses ... [~~that~~] include most types of retail and office activity, and are typically located on/at the intersections of major thoroughfares. This district does not include strip commercial/retail centers, large shopping centers, wholesaling operations, lumberyards, contractor yards, and or warehouses with high volumes of truck traffic." This section goes on to state that "(t)he General Retail (GR) District is not a major commercial/retail district and should try to avoid intensive commercial land uses that carry large volumes of retail traffic. The noise, traffic, litter, late night hours, and other influences that could be harmful to residential areas requires adequate buffering and screening from residential areas. Traffic from land uses in this district should not pass through residential areas, except on arterial or major collectors." In this case, the subject property has adjacency to two (2) major roadways, John King Boulevard, which is identified as a P6D (i.e. principle arterial, six [6] lane, divided roadway), and FM-552 which is identified as a A4D (i.e. arterial, four [4] lane, divided roadway).

CONFORMANCE WITH OURHOMETOWN VISION 2040 COMPREHENSIVE PLAN

According to the OURHometown Vision 2040 Comprehensive Plan, the subject property is designated for Low Density Residential land uses and is situated within the Northeast Residential District. The Northeast Residential District, is "...characterized by its established low-density residential subdivisions and rural/estate style lots. This district is anticipated to be a future growth center for the City, having several large vacant tracts of land suitable for low-density residential development." Currently, the subject property is designated for Low Density Residential land uses, which is defined as two (2) to two and one-half (2 ½) dwelling units per acre. If approved, the applicants' proposed request would require this designation to be changed

from Low Density Residential to a Commercial/Retail designation. According to the *Land Use Designations* contained in the Comprehensive Plan, "(t)he Commercial/Retail land use category is characterized by single to multi-tenant commercial retail centers along major arterials at key intersections. These areas are typically considered to be convenience shopping centers and serve adjacent residential subdivisions ... (t)hese areas should be designed with the pedestrian in mind and provide connections between the commercial land use and the adjacent residential subdivisions." In this case, the majority of the subject property is in floodplain with only approximately two (2) acres of land outside the floodplain. It would be difficult to develop this with residential homes designated as Low Density Residential as the two (2) acres would only allow for limited number of residential lots, and these lots would face on to major roadways (i.e. *FM-552 or John King Boulevard*).

When looking at the *District Strategies* for the Northeast Residential District, *District Strategy #4* does address the establishment of Neighborhood/Convenience Centers stating that "...commercial in this district is intended to support the existing residential subdivisions and should be compatible in scale with the adjacent residential structures..." In addition, when examining strategies for existing residential developments, the *Housing* section of the Comprehensive Plan states that the City should "...(p)rotect existing single-family residential subdivisions from the negative effects of non-residential developments by requiring separation and screening using large berms, landscaping, and buffers to create a natural transition." [*Policy #3, Goal 01; Section 02.01, Chapter 08*]. The *Non-Residential* section of the Comprehensive Plan also states that "(n)on-residential buildings adjacent to residential properties should be designed to a residential scale to assist the transition of land uses, and mitigate any potential negative visual impacts of the commercial development." [*Policy 3, Goal 04; Chapter 09*]. In this case, the aforementioned floodplain area does offer a large natural buffer between any non-residential development on the subject property. In addition, the property adjacent to this property on the north side of FM-552 is zoned Planned Development District 74 (PD-74) for limited General Retail (GR) District land uses.

STAFF ANALYSIS

The subject property is located at a key intersection, adjacent to two (2) major roadways (*John King Boulevard and FM-552*) as well as established residential developments. While the applicant has requested a zoning change to General Retail (GR) District, staff has evaluated whether this designation is the most appropriate use given the site constraints, adjacent land uses, and conformance with the OURHometown Vision 2040 Comprehensive Plan. The property is primarily bordered by residential uses to the south and east, with a public middle school to the west as well as a vacant lot to the north that is zoned for limited General Retail (GR) District land uses. The General Retail (GR) District permits larger-scale commercial development, which could generate increased traffic, noise, and light pollution, potentially impacting adjacent to these established residential areas. The Neighborhood Services (NS) District, which allows for small-scale commercial and service-oriented businesses, could serve as a more suitable transitional zoning designation. A significant portion of the property lies within a floodplain, leaving only approximately two (2) acres of developable land. Given these limitations, a Low Density Residential designation is unlikely to be feasible, as it would support only a small number of residential lots fronting onto a major roadway.

While the General Retail (GR) District would accommodate larger commercial developments, its permitted uses may not be entirely compatible with adjacent residential properties. The property is currently designated Low Density Residential under the OURHometown Vision 2040 Comprehensive Plan, which prioritizes single-family residential development. Approving the request would require amending the *Future Land Use Map* to reflect a Commercial/Retail designation. The Comprehensive Plan's district strategies emphasize maintaining compatibility between commercial and residential uses. Specifically, *District Strategy #4* encourages the establishment of small-scale Neighborhood/Convenience Centers that complement residential areas and *Policy #3, Goal 01* recommends that buffering measures such as landscaping and screening be implemented to mitigate the impact of non-residential development on residential areas.

This being said, the adjacent property to the north is already zoned for limited General Retail (GR) District land uses within Planned Development District 74 (PD-74), which could justify extending commercial zoning southward. The presence of major thoroughfares at the site supports commercial development, as arterial roads are designed to accommodate higher traffic volumes associated with retail and service-oriented businesses; however, considering the scale of development allowed under General Retail (GR) District and its potential impacts, the Neighborhood Services (NS) District could serve as a more appropriate alternative, providing a transition between the residential areas and the commercial corridor. Given all of this, the Planning and Zoning Commission and City Council will need to evaluate whether a Neighborhood Services (NS) District designation may be more appropriate or if the site is acceptable for General Retail (GR) District zoning. To assist in this evaluation, staff has provided a comparison of permitted land uses for both General Retail (GR) and Neighborhood Services (NS) Districts for review. With

all this being said, this zoning change remains a discretionary request for the City Council pending a recommendation from the Planning and Zoning Commission.

NOTIFICATIONS

On February 21, 2025, staff notified eight (8) property owners and occupants within 500-feet of the subject property. Staff also notified the Stone Creek Homeowners Association (HOA), which is the only Homeowner's Associations (HOAs) or Neighborhood Group within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At the time this report was written, staff has received four (4) notices in opposition of the applicant's request. All of the responses were outside of the 500-foot notification buffer.

CONDITIONS OF APPROVAL

If the City Council chooses to approve the applicant's request to rezone the subject property from an Agricultural (AG) District to a General Retail (GR) District, then staff would propose the following conditions of approval:

- (1) By approving this zoning change, the City Council will effectively be approving changes to the Comprehensive Plan and Future Land Use Map. Specifically, this will change the designation of the subject property from a Low Density Residential designation to a Commercial/Retail designation; and,
- (2) Any construction resulting from the approval of this Zoning Change shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION

On March 11, 2025, the Planning and Zoning Commission approved a motion to recommend approval of the Zoning Change, but recommending the zoning designation be changed to Neighborhood Services (NS) District as opposed to General Retail (GR) District. This motion was approved by a vote of 6-1, with Commissioner Hagaman dissenting.

Hi Ryan

Thank you. I was speaking with Bethany about this case this morning. I was looking for clarification regarding the applicants claim that the Comprehensive Plan identifies this area as retail, but it shows it as residential. For what it's worth, I am opposed to this zoning change, as there are 17+ acres across the street slated for retail.

Appreciate you sending this my way though!

Regards,

Craig

With this being said, the decision to do this is up to the Planning and Zoning Commission. Certainly would object to the change of Zoning, from a low density residential to retail. The developer bought the property fully aware of the Zoning as it existed at time of purchase.

Likewise, I bought property relying on the Zoning and that the property would not be commercial/retail. Looking for the City to uphold existing Zoning.

Robert,

This property is designated for *Low Density Residential* land uses, which is defined as two (2) to two and one-half (2 ½) dwelling units per acre. If the zoning change is approved, the applicants' proposed request would require this designation to be changed from Low Density Residential to a Commercial/Retail designation.

I strongly oppose the zoning change from AG to GR for several compelling reasons. John King is already a heavily traveled road, and this change will exacerbate traffic congestion unnecessarily. Moreover, the lack of transparency regarding the types of businesses intended for this tract raises serious concerns about the nature of future development. There is no necessity to build more in this area, as it will only lead to overdevelopment. I chose to move to Rockwall for its small-town charm, and I am determined to prevent it from becoming another Dallas, which is the likely outcome if AG zoned areas continue to be removed. This change could also cause significant harm to the ecosystem, further illustrating the detrimental impact of this zoning change.

11 NORTHEAST RESIDENTIAL DISTRICT

↑ NORTHERN ESTATES DISTRICT (PAGE 1-24)

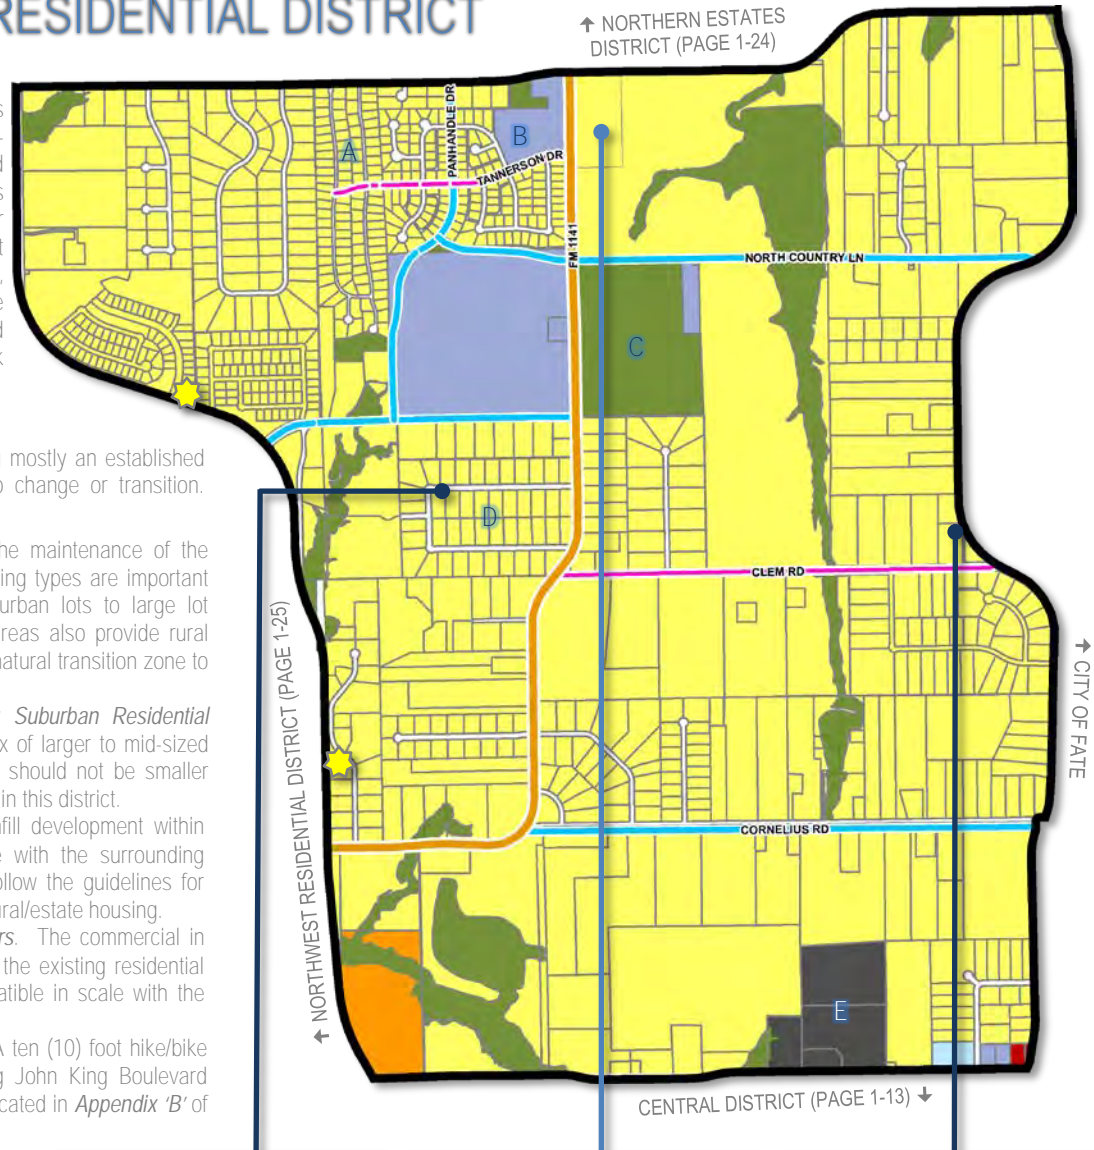

DISTRICT DESCRIPTION

The *Northeast Residential District* is characterized by its established low-density residential subdivisions and rural/estate style lots. This district is anticipated to be a future growth center for the City, having several large vacant tracts of land suitable for low-density, residential development. In addition, the City currently owns a large tract of land that will be a northern community park and serve this district in the future.

DISTRICT STRATEGIES

The *Northeast Residential District* being mostly an established residential district, is not anticipated to change or transition. The strategies for this district are:

- 1 Estate and Rural Residential.** The maintenance of the *Estate* and *Rural Residential* housing types are important to balancing the diversity of suburban lots to large lot housing within the City. These areas also provide rural reserves for the City and create a natural transition zone to the east, towards FM-3549.
- 2 Suburban Residential.** Any new *Suburban Residential* developments should include a mix of larger to mid-sized lots. Lots in these developments should not be smaller than existing *Suburban Residential* in this district.
- 3 Infill Development.** Residential infill development within this district should be compatible with the surrounding structures and should generally follow the guidelines for low density, suburban housing or rural/estate housing.
- 4 Neighborhood/Convenience Centers.** The commercial in this district is intended to support the existing residential subdivisions and should be compatible in scale with the adjacent residential structures.
- 5 John King Boulevard Trail Plan.** A ten (10) foot hike/bike trail should be incorporated along John King Boulevard with rest stops and signage as indicated in *Appendix 'B'* of this Comprehensive Plan.

CHARACTERISTICS OF THE REQUEST AND **CONFORMANCE TO THE CITY'S CODES**

On April 1, 2024, the City Council approved *Ordinance No. 24-10*, which amended both the Unified Development Code (UDC) and the Municipal Code of Ordinances for the purpose of creating zoning and regulatory restrictions for *Short-Term Rentals*. Specifically, this ordinance: [1] amended the *Permissible Land Use Charts* to create a *Short-Term Rental* land use, [2] created *Conditional Land Use Standards* for each type of *Short-Term Rental* (i.e. *Owner Occupied* and *Non-Owner Occupied*), [3] created a *Short-Term Rental Permit and Registration Program*, [4] created *General Standards for Short-Term Rentals*, [5] established a minimum general commercial insurance coverage requirement, [6] established enforcement and penalty procedures, [7] required a responsible party as part of the permit and registration, [8] created an appeal process, and [9] established non-conforming rights for properties that were in operation prior to the adoption of the ordinance. As part of this process, staff sent out notices to all existing *Short-Term Rentals* in the City of Rockwall, and established a *grace period* from April 1, 2024 to July 1, 2024 to allow existing *Short-Term Rentals* the ability to submit for a *Short-Term Rental Permit and Registration*. During this *grace period* existing *Short-Term Rentals* were exempted from the proximity requirements established by the zoning ordinance.

According to Article 13, *Definitions*, of the Unified Development Code (UDC), a *Short-Term Rental* is defined as “... a residential dwelling unit, apartment, condominium, or *Guest Quarters/Secondary Living Unit/Accessory Dwelling Unit* in which the entire structure or a portion thereof is offered for rent for a period exceeding 12-hours, but less than 30 consecutive days, to a particular occupant. In practice, a *Short-Term Rental* is considered to be a residential land use, and is not considered to be a *Limited-Service Hotel, Full-Service Hotel, Residence Hotel, Motel, or Bed and Breakfast* as defined in this Unified Development Code (UDC).” This definition section goes on to define a *Non-Owner Occupied Short-Term Rental* as “(a) single-family home, townhome, or duplex -- or a portion thereof -- in which the property owner or operator does not occupy the dwelling unit during the rental, or that the owner or property owner does not occupy another dwelling unit -- or portion thereof -- on the same property (i.e. the property owner or operator is not on-site as an occupant during the rental of the property).” According to the *Permissible Use Charts* contained in Article 04, *Permissible Uses*, of the Unified Development Code (UDC), a *Non-Owner-Occupied Short-Term Rental* is permitted in a Single-Family 7 (SF-7) District with the following conditions:

- (a) *Short-Term Rentals* that are *Non-Owner-Occupied* shall not be located within 1,000-feet of another *Short-Term Rental* that is *Non-Owner Occupied*; however, *Short-Term Rentals* that were in existence prior to April 1, 2024 that [1] meet the criteria established in Subsection 06.05, *Non-Conforming Short-Term Rentals*, of this Article, and [2] received a valid permit and registration -- in accordance with Article 2, *Short-Term Rentals*, of Chapter 13, *Rental Housing*, of the *Municipal Code of Ordinances* -- prior to July 1, 2024 shall be exempted from the proximity requirements.
- (b) *Short-Term Rentals* that are *Non-Owner-Occupied* that do not meet proximity requirements may be considered on a case-by-case basis by the Planning and Zoning Commission and City Council through a *Specific Use Permit (SUP)*. In considering a *Specific Use Permit (SUP)* for a *Short-Term Rental* that is *Non-Owner-Occupied* the Planning and Zoning Commission and City Council shall consider the size, location, and impact of the proposed and existing *Short-Term Rentals* on the adjacent residential properties and their occupants.
- (c) The *Short-Term Rental* shall not incorporate accessory land uses that are not permitted within the underlying zoning district (e.g. *Banquet Facility/Event Hall which includes meeting halls and wedding venues*) as stipulated by the *Permissible Use Charts*.
- (d) In order to establish and operate a *Short-Term Rental (Non-Owner-Occupied Single-Family Home, Townhome, or Duplex)* in the City of Rockwall, a permit and registration shall be required in accordance with the requirements of Article 2, *Short-Term Rentals*, of Chapter 13, *Rental Housing*, of the *Municipal Code of Ordinances*.

In this case, the applicant submitted a request for a *Non-Owner-Occupied Short-Term Rental (STR)* at 1827 Mystic Street, and at the time of application it was determined that there were already two (2) permitted *Non-Owner-Occupied Short-Term Rentals* within 1,000-feet of the subject property, **and that the applicant’s request** failed to meet the proximity requirements to allow another *Non-Owner-Occupied Short-Term Rental*. Based on this, the applicant was notified that a *Specific Use Permit (SUP)* would need to be requested before the *Short-Term Rental Permit* could be submitted and issued. In response to this, the applicant has provided the necessary permit application and photos of the property, which are included in the attached packet.

STAFF’S ANALYSIS

When evaluating a *Specific Use Permit (SUP)* for a *Non-Owner-Occupied Short-Term Rental*, the Planning and Zoning Commission and City Council should assess the size, location, and impact of both the proposed and existing *Short-Term Rentals* on nearby residential properties and their occupants. The proposed *Short-Term Rental* is located 329.5-feet from an existing, permitted *Non-Owner-Occupied Short-Term Rental* (i.e. 2885 Newport Drive) [Permit No. STR2024-3781] that accommodates up to ten (10) guests with four (4) bedrooms and three and a half (3 ½) bathrooms, and it is also located 793.3-feet from another existing, permitted *Non-Owner-Occupied Short-Term Rental* (i.e. 108 Reliance Court) [Permit No. STR2024-4311] that has four (4) bedrooms and two and a half (2 ½) bathrooms. These two (2) *Non-Owner-Occupied Short-Term Rentals (STRs)* were in existence before the *Short-Term Rental (STR)* ordinance was adopted on April 1, 2024; however, only one *Non-Owner-Occupied Short-Term Rental* (i.e. 2885 Newport Drive) [Permit No. STR2024-3781] applied for the *Short-Term Rental (STR)* permit within the three (3) month grace period. The other *Non-Owner-*

FIGURE 1: SUBJECT PROPERTY PROXIMITY TO TWO (2) EXISTING NON-OWNER-OCCUPIED SHORT-TERM RENTALS

Occupied Short-Term Rental (i.e. 108 Reliance Court) [Permit No. STR2024-4311] is also within the 1,000-foot buffer from another permitted Non-Owner-Occupied Short-Term Rental but received approval for a Specific Use Permit (SUP) [i.e. Case No. Z2024-046, Ordinance No. 24-17, S-347] to allow it to continue functioning as a short-term rental. The proposed Short-Term Rental is a 1,834 SF single-family home that has four (4) bedrooms and two (2) bathrooms that accommodates up to six (6) guests. In this case, the City Council -- pending a recommendation from the Planning and Zoning Commission -- must consider if the request for the Specific Use Permit (SUP) for a Non-Owner-Occupied Short-Term Rental (STR) would constitute a proliferation of the land use within this subdivision. With all that being said, a Specific Use Permit (SUP) is a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission.

NOTIFICATIONS

On February 19, 2025, staff mailed 137 notices to property owners and occupants within 500-feet of the subject property. Staff also notified the **Lago Vista, Water's Edge at Lake Ray Hubbard, Signal Ridge, and Signal Ridge**, Phase 4 Homeowners Associations (HOAs), which are the only Homeowners Associations (HOAs) or neighborhood organizations within 1,500-feet of the subject property participating in the Neighborhood Notification Program. Additionally, staff posted a sign on the subject property, and advertised the public hearings in the Rockwall Herald Banner as required by the Unified Development Code (UDC). At the time this report was drafted, staff has received one (1) notice in favor (*which is from the property owner*) and nine (9) notices **in opposition of the applicant's request**.

CONDITIONS OF APPROVAL

If City Council chooses to approve of **the applicant's request** for a Specific Use Permit (SUP) for a *Non-Owner-Occupied Short-Term Rental (STR)*, then staff would propose the following conditions of approval:

- (1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the Specific Use Permit (SUP) ordinance and which are detailed as follows:
 - (1) The *Subject Property* shall conform to the information provided within the Short-Term Rental Permit Application depicted in **Exhibits 'B'** of this ordinance; and,
 - (2) After the issuance of a *Short-Term Rental Permit and Registration* by the City of Rockwall, should the applicant allow this permit/registration to expire, lapse or be revoked by the City of Rockwall, this Specific Use Permit (SUP) shall automatically expire and be considered abandoned in accordance with Subsection 02.02, *Specific Use Permit (SUP)*, of Article 11, *Development Applications and Review Procedures*, of the Unified Development Code (UDC).
- (2) Upon obtaining a *Short-Term Rental Permit and Registration*, should the property owner/responsible party operating under the guidelines of this ordinance fail to meet the minimum operational requirements set forth herein and outlined in the Unified Development Code (UDC), the City may (*after proper notice*) initiate proceedings to revoke the Specific Use Permit (SUP) in accordance with Subsection 02.02(F), *Revocation*, of Article 11, *Development Applications and Revision Procedures*, of the Unified Development Code (UDC) [Ordinance No. 20-02].

PLANNING AND ZONING

On March 11, 2025, the Planning and Zoning Commission approved a motion to recommend denial of the Specific Use Permit (SUP) by a vote of 7-0.

Short term rentals have a reputation of becoming "Party Houses" drawing large crowds. Traffic and parking on Summer Lee Dr. is bad today and would get worse if large parties were had at this location

Subject: Specific Use Permit: Case No. Z2025-009 SUP for a Short-Term Rental
Date: Monday, March 10, 2025 6:00:40 PM

To whom it may concern,

We are the homeowners at 2881 Newport Drive, Rockwall, TX, and received a letter from Ryan Miller informing us that a SUP has been applied to for the address of 1827 Mystic Street. We are opposed to the request as we believe allowing short term rental of a house in our neighborhood would disturb the quiet and peaceful family dynamic that our neighborhood offers and we so enjoy. Short term rentals typically result in additional noise, new people constantly coming and going creating safety concerns, and overall disregard for the neighborhood itself since the renters don't live here and care for it in the way the home owners do. Lastly, we fear this could have a negative impact on property values within our neighborhood which we wish to protect.

As we are about to welcome our first child, and specifically bought this house for its peaceful, safe, and family oriented neighborhood, we hope to hear that this SUP is declined.

Respectfully,

Jessie Nelson & Matthew Smith, homeowners of 2881 Newport Drive

Case No. Z2025-009: SUP for a Short-Term Rental

Please place a check mark on the appropriate line below:

I am in favor of the request for the reasons listed below.

I am opposed to the request for the reasons listed below.

noise, parking, often management is offsite and can not see, much less control short term rental behavior. less long term rental availability for new residents to the community. this can lead to higher rental cost, leading to locals being priced out of being able to afford housing -> leading to further need to live further away and more traffic in order to shop or work locally.

Subject: Protest of Z2025-009 SUP
Date: Monday, March 10, 2025 6:39:31 PM

Please accept this email as notification that I am OPPOSED to the request for the SUP for a short-term rental at 1827 Mystic Street for the following reasons -

In neighborhoods that are close to tourist destinations, such as this with Lake Ray Hubbard and the Harbor a short walk away, residents who do not own their homes often face inflated rental prices that force them to move because landlords are choosing to convert their long-term rentals into STRs. That is exactly what is happening with this property, as it has been a long-term rental property the entire time we've lived in the neighborhood. If you allow permits for 100 new STRs in 2025, then 100 new homes must be built to counterbalance the loss of those properties and keep up with housing demand.

With the Harbor being across the street and the ongoing construction around I30, traffic in the area is already extremely dense. There is a distinct lack of adequate parking, as is evident any night of the week when you see how many cars park on Summer Lee, blocking a lane of traffic and making it extremely dangerous to walk, and drive, in the neighborhood. This problem is much worse when special events are happening, like the Thursday night concerts at the Harbor during the Summer. Despite the signs that get posted at the end of each street saying "No Event Parking", there are always excess cars parked on the streets of the neighborhood during these events. I've stood on my front porch and watched people pull into the neighborhood, unpack chairs and picnic baskets from the trunk and proceed to walk toward the Harbor, despite the signs. If this home is turned into an STR, what is to stop the individual renters from exceeding occupancy limits and making the parking issue even worse?

This is a nice, quiet, family neighborhood that happens to be conveniently located to shopping, dining and the lake. Everyone respects each other's privacy but also looks out for each other and for suspicious activity in the neighborhood. We have a very low crime rate, despite our proximity to the Harbor and ease of access to the neighborhood. As it stands, most people who don't live here simply drive by and don't pay this neighborhood much attention. If this home is turned into an STR, we'll constantly have strangers whose true intentions are unknown added to the mix. Because tourists go on vacation to have a good time and party, they may affect the quality of life for the permanent residents of our neighborhood. Complaints regarding litter, illegal parking, and noise disturbances are most often higher in communities with STRs.

Large groups of unsupervised strangers with unknown backgrounds provide security risks for nearby families, leaving parents unable to let their kids safely use front and back yards. Shootings, sex offenders, drug deals etc. have been well documented issues at STRs. STRs don't screen occupants coming to the property and, while they may have rules in place about things like parking, noise and parties, there is no one on-site to make sure that the occupants are following these rules. It's left up to the permanent residents of the neighborhood to "police" the STR occupants. If someone decides to throw a party and disturb the entire neighborhood, it isn't the STR owner who is immediately affected but the rest of the neighborhood. If an argument gets out of hand and someone decides to settle it with gunfire, it

isn't the property owner's family at risk, it's those of the permanent residents.

We moved into this neighborhood because of what it is: a quiet, family-oriented neighborhood in a wonderful location with long-term, caring neighbors all around. We ask that you respect our desire to maintain the integrity of our neighborhood and deny this application to turn this property into an STR.

Thank you,

Mary Blocker

Several very good hotels are within walking distance of this residence on Myrtle. There is no need to disrupt a stable single-family ~~residence~~ neighborhood with constantly changing traffic and occupants.

There would be too much of chaotic activity in the neighborhood, therefore property value would go down.

This is a well established upscale residential area, that maintained its character for over 25 years. Allowing Short-Term Rentals (STR) would disrupt the peace and stability in the neighborhood by increasing noise & safety concern. STRs lead to transient occupancy, negatively impact property values, and set a precedent for zoning changes that undermine the residential nature of our community. If this request is approved, our neighborhood's security and quality of life could be significantly compromised.

AGREEMENT

We agree to provide the insurance described in this policy in return for the premium paid. **You** agree to comply with all responsibilities, conditions, and terms of this policy. **We** will not pay any sums or perform any acts or services unless expressly provided for in this policy.

PRIMARY INSURANCE REQUIREMENTS

 - a. Personal residence or rental property owned, rented, or leased by **you** or any **covered person**; and
 - b. **Auto, watercraft, or recreational vehicle** owned, leased, rented, or provided for the regular use of any covered person.
2. **You** agree that all **your primary insurance** will be maintained with the coverages and at the limits declared and described in the Personal Umbrella Schedule for all **covered persons**. If **your primary insurance** does not provide the limits indicated, the **covered person** will be responsible for the amount of the **net loss** up to the indicated limits of the **primary insurance** as described in the Umbrella Schedule.
3. In the event of bankruptcy or insolvency of any **primary insurer**, the insurance afforded by this policy shall not replace such **primary insurance**, but shall apply as if the **primary insurance** was valid and collectible.

WHAT THIS POLICY COVERS

Coverage A – Bodily Injury, Personal Injury, and Property Damage Liability.

1. This policy covers a **covered person's** legal obligation to pay damages for a covered **loss** over and above the **retained limit**.

If a **covered person** is legally obligated to pay damages for a **loss** to which this policy applies, **we** will pay the **net loss** minus the **retained limit**.

2. The Limit of Liability as shown in this policy's Declarations Page for Coverage A is the most **we** will pay for any one **loss**, regardless of the number of **covered persons**, persons or organizations injured, claims made, **suits** brought, or organizations making claims or bringing **suits**.

Coverage B – Excess Uninsured and Underinsured Motorists Bodily Injury Insurance.

1. The terms, conditions, and exclusions of the uninsured motorists insurance (including underinsured motorists) of the **Auto** liability **primary insurance** policy listed in the Personal Umbrella Schedule also apply to this coverage.

2. **We** will pay those sums which a **covered person** or their legal representative shall become legally entitled to recover as damages because of **loss** which is covered by the uninsured motorists insurance (including underinsured motorists) of the **Auto liability primary insurance** policy listed in the Personal Umbrella Schedule, less the applicable limit of liability of uninsured or underinsured motorists insurance.
3. The Limit of Liability as shown in this policy's Declarations Page for Coverage B is the most **we** will pay for any one **loss**, regardless of the number of **covered persons**, persons or organizations injured, claims made, **autos** covered under this policy, **autos** involved in an accident, coverages under this policy, exposures, or premiums charged in the Declarations Page, or persons or organizations making claims or bringing **suits**.
4. The Policy Total Limit as shown in this policy's Declarations Page for Coverage B is the most **we** will pay for all **losses** during each annual policy period. The Policy Total Limit applies separately to the **Policy Period** and to each subsequent consecutive annual period unless the policy period is extended after issuance for an additional period of less than 12 months. In that case, the additional period will be deemed part of the last preceding period for purposes of determining the Policy Total Limit.

TERRITORIAL SCOPE

Coverage A – Bodily Injury, Personal Injury, and Property Damage Liability.

This insurance applies to **loss** anywhere in the world.

Coverage B – Excess Uninsured and Underinsured Motorists Bodily Injury Insurance.

This insurance applies to **loss** within the policy territory defined in the uninsured motorists insurance (including underinsured motorists) of the **Auto liability primary insurance policy** listed in the Personal Umbrella Schedule.

INVESTIGATION, SETTLEMENT AND DEFENSE

Coverage A – Bodily Injury, Personal Injury, and Property Damage Liability.

1. If a claim is made or a **suit** is brought against a **covered person** for damages because of a **loss** to which this insurance applies:
 - a. At **our** discretion, **we** will investigate any **loss** and settle any claim or **suit**. **We** have a duty to provide a defense at **our** expense by counsel of **our** choice unless the **loss** is covered by **your primary insurance** or other insurance.
 - b. **We** have the right but not the duty to join, at **our** expense, with the **covered person** or any primary insurer in the investigation, defense, or settlement of any claim or **suit** which **we** believe may require a payment under this policy. When **we** have no duty to provide a defense, **we** will not contribute to costs and expenses incurred by the **covered person** or any primary insurer, or which any primary insurer is obligated to provide.
 - c. In any country where **we** are prevented from defending a **covered person** because of laws or other reasons, **we** will pay any expense incurred with **our** written consent for that defense.
2. When **we** have the duty to defend a claim or **suit** under this policy, **we** will:
 - a. Pay premiums on bonds to release attachments up to the limit of this policy. **We** will also pay premiums on appeal bonds and the cost of bail bonds but **we** will not apply for or furnish such bonds.
 - b. Pay interest, which accrues after the date of judgment and before **we** pay or tender, or deposit in court, that part of any judgment within this policy's applicable Limit of Liability.
 - c. Pay all reasonable expenses incurred at **our** request. **We** will pay the **covered person** up to \$200 per day, but not to exceed \$10,000 in total for loss of earnings for attending hearings or trials at **our** request.
 - d. Pay all expenses **we** incur and costs taxed against a **covered person** in any **suit we** defend.
 - e. **Our** duty to defend any claim or **suit** arising out of a single **loss** ends when the applicable limit of liability is exhausted in the payment of judgments or settlements.

3. When **we** settle a claim, **we** will pay all settlement expenses **we** have agreed to pay.

Coverage B – Excess Uninsured and Underinsured Motorists Bodily Injury Insurance.

1. **We** have no duty or obligation to assume the responsibility for the investigation, settlement or defense of any claim made or any **suit** brought by or on behalf of any **covered person**.
2. However, **we** have the right and shall be given the opportunity to investigate and to be associated in the control of any claim or **suit** or **loss** which may, in **our** opinion, create liability on **our** part under the terms of this policy.

Any change to this policy must be made by endorsement issued by **us**. **We** will adjust the premium if necessary. Changes which occur after the inception of the policy, in the number of drivers, **autos**, **recreational vehicles**, **watercraft**, or residential premises covered by the policy must be declared to **us** at the same time they are declared to **your primary insurance**. **We** will adjust the premium if necessary.

- c. If **we** cancel this policy, **we** will compute unearned premium due to **you** as soon as possible following cancellation of **your** policy. If **you** cancel this policy, **we** will compute unearned premium at 90% of pro-rata and return any premium due to **you** as soon as possible following cancellation of **your** policy. If the result of computing unearned premium shows that **you** owe **us** unpaid premium, **you** agree to pay **us** as soon as **you** receive **our** bill for premium due.

4. Non-Renewal of **Your** Policy

We may decide not to renew **your** policy for another year. **We** will give **you** not less than sixty (60) days' written notice before the policy expiration date stated in the Declarations Page. **We** will give **you our** reason for non-renewal of **your** policy at the same time **we** send **you our** notice of non-renewal. The amounts **we** pay will be in addition to **our** limit of liability.

No **covered person** may bring legal action against **us** concerning this policy unless such **covered person** has fully complied with all of its terms and conditions. No legal action may be brought against **us** until judgment against such **covered person** has been finally determined after trial or by agreement between the claimant or the claimant's legal representative and **us**. This policy does not give anyone the right to make **us** a party to any action to determine the liability of a **covered person**. **We** are not liable for damages that are not payable under the terms of this policy or that are in excess of the applicable limits of liability.

9. **Our** Right to Recover from Others

After **we** have made payment under this policy, **we** have the right to recover the payment from anyone, other than **you**, who may be held responsible for the **loss**. A **covered person** will be required to sign any papers and do whatever else is necessary to transfer this right to **us**. Neither **you** nor anyone else **we** insure in this policy has the right to do anything after a **loss** to prejudice **our** right.

10. Sole Agent

We do not provide coverage for any **covered person** who has made fraudulent statements or engaged in fraudulent conduct in connection with any **loss** for which coverage is sought under this policy.

If a **covered person** gives notice of loss under this policy knowing such notice to be false or fraudulent as regards amounts or otherwise, such loss shall be excluded from cover under the policy, and **we** shall have the right, in our sole and absolute discretion, to avoid its obligations under or void this policy in its entirety, and in such case, all cover for loss under the policy shall be forfeited and all premium deemed fully earned and non-refundable.

14. Trade Or Economic Sanctions

This insurance does not provide any coverage, and **we** shall not make payment of any claim or provide any benefit hereunder, to the extent that the provision of such coverage, payment of such claim or provision of such benefit would expose **Us** to a violation of any applicable trade or economic sanctions, laws or regulations, including but not limited to, those administered and enforced by the United States Treasury Department's Office of Foreign Assets Control (OFAC).

Proof of mailing will be sufficient proof of notice.

- (1) When this policy has been in effect for 60 days or less and is not a renewal with **us**, **we** may cancel for any reason. **We** will let **you** know at least 10 days before the date cancellation takes effect. **We** will provide the reason for cancellation within **our** notice to **you**.

- (2) Except as provided below, **we** may not cancel a policy of liability insurance that is a renewal or continuation policy or a policy of liability insurance that is in its initial policy period after the 60th day following the date on which the policy was issued:

(a) Fraud in obtaining coverage;

4. Non-Renewal of **Your** Policy

We may elect not to renew this policy. If **we** do not renew, **we** will deliver to **you**, or mail to **you** at **your** mailing address shown in the Declarations or at the last mailing address known to **us**, written notice of non-renewal at least 60 days before the expiration date of this policy. If notice is mailed or delivered less than 60 days before the expiration date, this policy will remain in effect until the 61st day after the date on which the notice is mailed or delivered. Earned premium for any period of coverage that extends beyond the expiration date will be computed pro rata based on the previous year's premium. The transfer of a policyholder between admitted companies within the same insurance group is not considered a refusal to renew.

Under the provisions of the Texas Insurance Code Section 551.152, **we** may not refuse to renew this policy solely because the policyholder is an elected official.

Proof of mailing will be sufficient proof of notice. **We** will provide the reason for non-renewal within **our** notice to **you**.

PLANNING AND ZONING DEPARTMENT
385 S. GOLIAD STREET • ROCKWALL, TX 75087
PHONE: (972) 771-7745 • EMAIL: PLANNING@ROCKWALL.COM

TO: Mayor and City Council
DATE: March 17, 2025
APPLICANT: Price Pointer, *TCB Construction*
SUBJECT: Z2025-010; *Amendment to Planned Development District 50 (PD-50)*

On February 14, 2025, the applicant -- *Price Pointer* -- submitted an application requesting to amend Planned Development District 50 (PD-50) to incorporate a 1.65-acre parcel of land (*i.e. Lot 1, Block A, Olive-Fannin Addition*) into the boundaries of the Planned Development District. The 1.65-acre parcel of land is currently zoned Downtown (DT) District and Single-Family 7 (SF-7) District, is situated within the Old Town Rockwall (OTR) Historic District, and is addressed as 201 Olive Street (*see Figure 1*). According to a letter provided by the property owner -- *Jay Odom* --, the purpose of the request is to build residentially scaled office buildings that will have a historic look, and that can blend with the adjacent residential properties in the Historic District.

According to the OURHometown Vision 2040 Comprehensive Plan the subject property is located within the *Downtown District*, and according to the *Future Land Use Map* contained within this document the subject property is designated for *Medium Density Residential (MDR)* and *Downtown (DT)* land uses. The *Downtown District* is described as "...the cultural heart of the community and embodies the small town atmosphere that is characteristic of the City of Rockwall." This section goes on to describe Planned Development District 50 (PD-50) as being "... a unique *Live/Work* corridor that supports a range of small boutiques (*with a SUP*) and offices, and represents a successful adaptive reuse effort by the City." The requested zoning change would require the subject property to be reclassified from a *Medium Density Residential (MDR)* and *Downtown (DT)* land use designation to a *Live/Work (LW)* land use designation, which is defined by the Comprehensive Plan as an area that is "... considered to be transitional and require[s] added flexibility for the purpose of maintaining a specific small town aesthetic along major roadways. These areas are used to buffer residential areas from major roadways or more intense commercial land uses ...". Based on the requested changes to the *Future Land Use Map*, the applicant's request does not conform to the *Land Use Plan* contained within the OURHometown Vision 2040 Comprehensive Plan; however, the requested zoning change may have merit based on the following: [1] the land uses directly west of the subject property are currently designated for *Live/Work (LW)* land uses and the change would be consistent with this designation; [2] the dual designation (*i.e. MDR and DT designations*) on the *Future Land Use Plan* and the current zoning designation (*i.e. DT and SF-7*) of the subject property are not aligned with how the property was platted (*in addition this parcel may not be conducive for a single-family home based on its current configuration*); and, [3] the subject property is located within the Old Town Rockwall (OTR) Historic District, which will require additional oversight from the Historic Preservation Advisory Board (HPAB). In addition, staff should point out that the Residential-Office (RO) District -- *which is the base zoning district for Planned Development District 50 (PD-50)* -- is considered to be the most restrictive non-residential zoning classification due to it only allowing a small subset of non-residential land uses. These uses are mostly restricted to office land uses; however, the Planned Development District does have some allowances for retail, restaurant, and banquet facility land uses through a Specific Use Permit (SUP). With all this being said, the fact that this is a request for a zoning change makes this a discretionary decision for the City Council pending a recommendation from the Planning and Zoning Commission. The proposed change to the *Future Land Use Plan* can be considered a condition of approval of this case. On March 11, 2025, the Planning and Zoning Commission approved a motion to recommend approval of the zoning case by a vote of 6-0, with Commissioner Odom recusing himself from the case.

Since the proposed case involves modifying the boundaries of Planned Development District 50 (PD-50), staff has notified all property owners and residents within the Planned Development District. In addition, staff mailed out notifications to all property owners and occupants within 500-feet of the boundary of Planned Development District 50 (PD-50) and the 1.65-acre subject property, and to all Homeowner's Associations (HOAs) within 1,500-feet of the boundaries of the zoning change (*i.e. Lakeview Summit, the Preserve, and the Caruth Lakes Homeowner's Associations*). This was done in accordance with the requirements of Subsection 02.03(A), *Notice of Public Hearing*, of Article 11, *Development Application and Review Procedures*, of the Unified Development Code (UDC). Of the 375 property owner notices staff mailed on February 24, 2025, staff has received [1] two (2) responses in favor and two (2) responses in opposition to the applicant's request inside the buffer, and [2] and two (2) responses

in favor of the applicant's request outside the buffer. Should the City Council have any questions, staff will be available at the March 17, 2025 City Council meeting.

Date: Wednesday, March 5, 2025 10:55:13 PM

Dear Ryan,

I am writing in support of Jay Odom's Zoning Request change to Residential Office for his 1.6 acres of property located between N. Goliad and N. Fannin Streets, and north of Olive St. Case # Z 2025-010.

Since the property abuts Bin 303, a commercial business, and also the houses facing N. Goliad Streets that are currently zoned Residential Office, I believe that Residential Office Zoning is a natural zoning change for this property also.

I have seen the transformation of the many properties Jay has owned and renovated in Old Town. I have all the confidence in the world that this project will blend in with the surroundings of our Downtown and Old Town, while being a charming asset to the area.

Sincerely,

Carol Crow

Subject: Case# Z2025-010- Rezoning Request by Applicant Price Pointer for Jay Odom, Downtown Rockwall, T
Date: Friday, March 7, 2025 1:11:19 PM

Hello,

I am writing to show my support for this property to be rezoned as PD50. I feel it is the best and least impactful zoning for this land. It makes sense to extend the adjacent PD50 and will have the least impact on the area. I think a few architecturally appropriate offices is a much better choice than several rent houses, as it could certainly end up being. The DT zoning on a part of this land up for rezoning could be even more of a negative impact on the area, and that is already zoned DT. I am located at 105 W Kaufman St, downtown, and am within 500 feet of the property in question.

Thank you and please contact me with any questions.

Dear Planning Department:

Our residence is at 503 N Fannin St, Rockwall Historic District. We are opposed to the request from AG to GR zoning change behind our home. We would like to speak to the Planning and Zoning Commission at the public hearing on Tuesday, March 11, 2025 at 6:00 pm. It is our understanding that the property in question would change from residential to PD-50 if approved. Of the 3 properties adjacent to this parcel, our home would be impacted the most.

Thank you,
Jim & Kathy Seregow

This letter is in regard to the zoning change request on my property off on Olive St in the downtown area of Rockwall. This property is surrounded by commercial properties including shops, restaurants and offices to the West and South. I would like to build offices on this land. I would like to build them in the historic, bungalow/frame style, which would compliment the area well. There are many examples of these type of offices throughout downtown and the North Goliad corridor. I live on property connected to this land, so it is important for me to protect the area which I care about very much. I spent six years on the Rockwall Historic Preservation Advisory Board protecting our downtown area. I believe offices on this property help protect the area from any type of high density type development which could ruin the historic integrity of my neighborhood.

Thank you for your consideration.

 DATE: March 17, 2025
 SUBJECT: MIS2025-002; *Appeal of a Decision by the Planning and Zoning Commission Concerning an Exception to the Fence Requirements for 1511 Orion Drive*

On February 25, 2025, the Planning and Zoning Commission denied *Case No. MIS2025-002* by a vote of 4-1, with Commissioner Hagaman dissenting and Commissioners Thompson and Deckard absent. This case dealt with a request by Cameron Thatcher for an *Exception* to the fence requirements for the purpose of allowing a fence on a *Keystone Lot* to encroach ten (10) feet beyond the front yard building setback at 1511 Orion Drive. Staff has included the memorandum provided to the Planning and Zoning Commission that outlines the details of the request in the attached packet. In response to this denial, the applicant has submitted a letter requesting to appeal the decision of the Planning and Zoning Commission to the City Council. According to Subsection 09.01, *Exceptions to the General Standards*, of Article 11, *Development Applications and Review Procedures*, of the Unified Development Code (UDC), "(i)f the Planning and Zoning Commission denies a request for an exception, the applicant may appeal the decision to the City Council by filing a written appeal to the Director of Planning and Zoning or his/her designee."

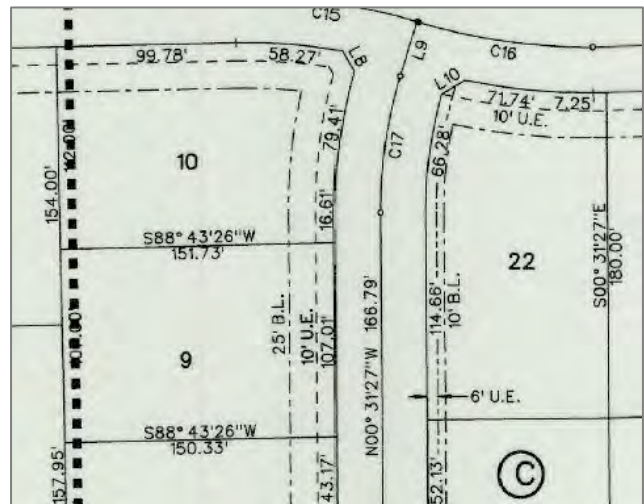

FIGURE 1: DIFFERENCE BETWEEN A KEYSTONE LOT AND A CORNER LOT (WHERE LOT 10 IS A KEYSTONE LOT AND LOT 22 IS A CORNER LOT).
BL = BUILDING SETBACKS

In the applicant's appeal letter -- *which was written by Jon Thatcher* -- the applicant states that "...(t)he fact that Mr. Thatcher is one of two lots in a 132-lot residential subdivision that is significantly impacted by the regulations of the ordinance demonstrates that it is a unique or extraordinary condition that exists as it relates to this property and creates an unnecessary hardship for the full use and enjoyment of the property." In reviewing this case, the Unified Development Code (UDC) states "(u)nless otherwise specified by the Unified Development Code (UDC), an applicant may request the Planning and Zoning Commission grant an exception to the provisions contained in the Unified Development Code (UDC), where unique or extraordinary conditions exist or where strict adherence to the technical requirements of the Unified Development Code (UDC) would create an undue hardship." As is outlined in the memorandum that was provided to the Planning and Zoning Commission, the subject property -- *along with the rest of the Winding Creek Subdivision* -- was established by the *Final Plat* on January 10, 2024 (*approved by City Council on May 16, 2022*

FIGURE 17: FENCES BACKING TO A SIDE YARD

by Case No. P2022-017). At the time of establishment, the Winding Creek Subdivision had three (3) *Keystone Lots* (i.e. 1503 & 1511 Orion Drive and 1911 Pegasus Lane). All of these lots were platted with a 25-foot front yard building setback adjacent to both street frontages. This was different than the standard for corner lots, which have both a 25-foot front yard building setback and a ten (10) foot side yard setback adjacent to their street frontages (see *Figure 1*). It should point out that all of the *Keystone Lots* in the Winding Creek Subdivision are currently vacant or in the process of being constructed. According to Subsection 08.03(D), *Fence Placement*, of Article 08, *Landscape and Fence Standards*, of the Unified Development Code (UDC), "...(c)orner lots shall be permitted to construct a fence along the side yard property line adjacent to a street (as depicted in *Figure 15*); however, in cases where a house is facing in the same direction as the side yard of a corner lot, the side yard fence adjacent to the street shall not extend beyond the front yard building setback (as depicted in *Figure 17*)." Based on this subdivision still being in the developing stages, with only 32 of the 138 lots being issued building permits, there does not appear to be any unique or extraordinary conditions or a hardship that would prevent the applicant from adhering to the *Fence Standards*.

It should also be pointed out that in the applicant's appeal letter, Mr. Thatcher states "...I have included with this correspondence some photographs of a few residential properties in the City of Rockwall that demonstrate where such exceptions have been either approved or the properties were grandfathered or otherwise overlooked in the building inspection process." Staff should note that three (3) of the examples provided were located in the City of Fate and that the remaining four (4) examples (*of which only two [2] houses are depicted*) were from the Stone Creek Subdivision, which was originally zoned in 2007 and did not have *Keystone Lot* requirements in the Planned Development District. The current fence standards were adopted by the City Council with the adoption of the updated Unified Development Code (UDC) in February 2020 by *Ordinance No. 20-02*.

Regardless of this information, an appeal of a decision by the Planning and Zoning Commission is a discretionary decision for the City Council. Approval of an appeal by the City Council requires a supermajority vote (i.e. *a three-fourths vote of those members present*), with a minimum of four (4) votes in the affirmative required for approval. Should the City Council have any questions, staff will be available at the March 17, 2025 City Council meeting.

Re: MIS2025-002; Exception to Fence Requirement Section 8.03(D)(1)(d) of the City of Rockwall Unified Development Ordinance – 1511 Orion Drive

Dear Mr. Miller:

I represent Cameron Thatcher in the matter stated above. Please accept this letter as our formal appeal of the decision of the Planning and Zoning Commission to deny Cameron's request for an exception to the fence requirements in Section 8.03(D)(1)(d) of the City of Rockwall Unified Development Ordinance that was rendered during their recent meeting held on February 25, 2025. Mr. Thatcher has contracted with Shaddock Homes to build a house in the Winding Creek subdivision at 1511 Orion Drive. He is specifically requesting an exception from the aforementioned fence requirements of the UDO to allow him to extend the north side fence that faces Draco Drive an additional 15 feet past the 25-foot building setback line for his side yard.

The fence requirements of Section 8.03(D)(1)(d) are specific to corner lots, which impose even stricter requirements on those corner lots that back up to a house that faces the same direction as the side yard of the corner lot. In the Winding Creek subdivision, there are 3 of these types of corner lots, one of which is my client's. One of the remaining two lots has a side yard improved with a retaining wall that will not allow for a side fence to be extended. The fact that Mr. Thatcher is one of two lots in a 132-lot residential subdivision that is significantly impacted by the regulations of the ordinance demonstrates that it is a unique or extraordinary condition that exists as it relates to this property and creates an unnecessary hardship for the full use and enjoyment of the property.

The residential lot is approximately 0.40 acres in size. However, because of the lot shape, location and layout, there is a considerable amount of the lot that becomes unusable for a young family. It shrinks the usable fenced backyard space available for Mr. Thatcher's children to run and play, the placement of outdoor activities (trampoline, swing set, etc.), his wife to plant and maintain her raised garden, or for his future consideration of an in-ground swimming pool. Additionally, there is a cluster mailbox near the front corner of Mr. Thatcher's lot facing Draco Drive. Extending the side fence will allow him to utilize more of his property with increased privacy due to the likelihood of increased foot traffic caused by the cluster mailbox.

The Council's granting of the exception will not harm neighboring properties in the area.

At the Planning and Zoning Commission meeting, staff stated that the exception would establish a precedent for these types of lots. Further, one of the Commission members stated that the side fence extending out past the building line creates line of sight issues. As previously mentioned, there are only two other corner lots of this type in the neighborhood. One of which, as previously stated, is unable to extend its side fence because of an existing retaining wall. Additionally, I have included with this correspondence some photographs of a few residential properties in the City of Rockwall that demonstrate where such exceptions have been either approved or the properties were grandfathered or otherwise overlooked in the building inspection process. The granting of such an exception would not be a case of first impression. However, with the possibility of only one other lot in the subdivision that would even have the potential of seeking the same or similar exception from the City's UDO, the extension of the side fence at 1511 Orion Drive does very little to establish a precedent. Regarding the line-of-sight question, since the request is only to extend the side fence rather than extend and wrap around towards the front of the residence, there is over one hundred feet of clearance from the front corner of the proposed fence to the corner of the intersection. This distance provides a good deal of visibility as one approaches the intersection of Draco Drive and Orion Drive. Moreover, the fence is not proposed to come all of the way to the sidewalk, but rather, up to the 10-foot utility easement, leaving plenty of visibility through the intersection and down the right of way.

The Commission had one additional comment regarding the request for the exception stating that the extension of the fence creates an issue for the neighbors in how the streetscape looks stating that there would be "this one weird fence sticking out." In an effort to mitigate any negative impacts on the streetscape, Mr. Thatcher would propose as a condition of the exception to increase landscaping down the side fence line to create a more appealing visual for the neighbors and the neighborhood overall, especially with the increased foot traffic from the cluster mailbox. This would include ornamental shrubs and/or bushes and flowers. I have provided some images of some examples of similar landscaping down the fence line.

Thank you for your assistance in processing this appeal to the City Council of Rockwall. If staff have any questions regarding the request and appeal, please feel free to contact me.

Sincerely,

Jon Thatcher

SUBJECT: MIS2025-002; *Exception to the Fence Requirements for 1511 Orion Drive*

On February 14, 2025, the applicant -- *Cameron Thatcher* -- submitted a development application requesting the approval of an *Exception* to the fence requirements for the purpose of allowing a fence on a *Keystone Lot* to encroach ten (10) feet beyond the front yard building setback at 1511 Orion Drive. The subject property is a 0.40-acre parcel of land (i.e. *Lot 10, Block D, Winding Creek Subdivision*) that is situated within the Winding Creek Subdivision, and is zoned Planned Development District 91 (PD-91) [*Ordinance No. 21-49*]. Planned Development District 91 (PD-91) was adopted on October 18, 2021 [*Case No. Z2021-036*]. The subject property -- *along with the rest of the Winding Creek Subdivision* -- was established by the *Final Plat* on January 10, 2024 (*approved by City Council on May 16, 2022 by Case No. P2022-017*). At the time of establishment, the Winding Creek Subdivision had three (3) *Keystone Lots* (i.e. *1503 & 1511 Orion Drive and 1911 Pegasus Lane*). All of these lots were platted with a 25-foot front yard building setback adjacent to both street frontages. This was different than the standard for corner lots, which have both a 25-foot front yard building setback and a ten (10) foot side yard setback adjacent to their street frontages (see *Figure 1*). Staff should point out that all of the *Keystone Lots* in the Winding Creek Subdivision are currently vacant or in the process of being constructed.

A *Keystone Lot* is a corner lot whose rear property line is shared with the side yard property line of another lot (see *Figure 17: Fences Backing to a Side Yard* -- from *Article 08, Landscape and Fence Standards, of the Unified Development Code [UDC]* -- for an example of a *Keystone Lot*). According to Subsection 08.03(D), *Fence Placement*, of *Article 08, Landscape and Fence Standards*, of the Unified Development Code (UDC), "...(c)corner lots shall be permitted to construct a fence along the side yard property line adjacent to a street (as depicted in *Figure 15*); however, in cases where a house is facing in the same direction as the side yard of a corner lot, the side yard fence adjacent to the street *shall not* extend beyond the front yard building setback (as depicted in *Figure 17*)." The purpose of this requirement is to prevent a *Keystone Lots'* fence from blocking the visibility and view corridor of the property directly behind the *Keystone Lot*. In this case, the applicant is requesting to encroach the 25-foot front building setback line by 15-feet (see *Figure 2*), which will block the visibility and view corridor of the property situated at 2113 Draco Drive.

and Zoning Commission have any questions concerning the applicant's request, staff will be available at the February 25, 2025 Planning and Zoning Commission meeting.

Since the *Fence Placement* requirements stipulated by Article 08, *Landscape and Fence Standards*, of the Unified Development Code (UDC) don't specifically layout criteria or a process for *Exceptions*, this request is subject to the process and procedures for an *Exception* as stipulated in Subsection 09.01, *Exceptions to the General Standards*, of Article 11, *Development Applications and Review Procedures*, of the Unified Development Code (UDC). This section states that "(u)less otherwise specified by the Unified Development Code (UDC), an applicant may request the Planning and Zoning Commission grant an exception to the provisions contained in the Unified Development Code (UDC), where unique or extraordinary conditions exist or where strict adherence to the technical requirements of the Unified Development Code (UDC) would create an undue hardship." In this case, the applicant has not provided staff with an explanation of the request outlining why the requirements of the Unified Development Code (UDC) cannot be met. In addition, this being a relatively new subdivision where only 32 of the 138 lots have been issued building permits, there does not appear to be any unique or extraordinary conditions or a hardship that would prevent the applicant from adhering to the *Fence Standards*. Staff should also note that if the applicant's request is approved, this could set a precedence for the remaining two (2) *Keystone Lots* in the subdivision. With this being said, requests for *Exceptions* to the requirements of the Unified Development Code (UDC) are a discretionary decision for the Planning and Zoning Commission. In order to approve a request for an *Exception*, a supermajority vote (*i.e. a three-fourths vote of those members present*) is required with a minimum of four (4) votes in affirmative. I.1 This is a request approval of a Miscellaneous Case for an Exception to the Fence Standards on a 0.40-acre parcel of land identified as Lot 10, Block D, Winding Creek Subdivision, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 91 (PD-91) for Single-Family 10 (SF-10) District, and addressed as 1511 Orion Drive.

I.2 For questions or comments concerning this case please contact Ryan Miller in the Planning Department at (972) 772-6441 or email rmiller@rockwall.com.

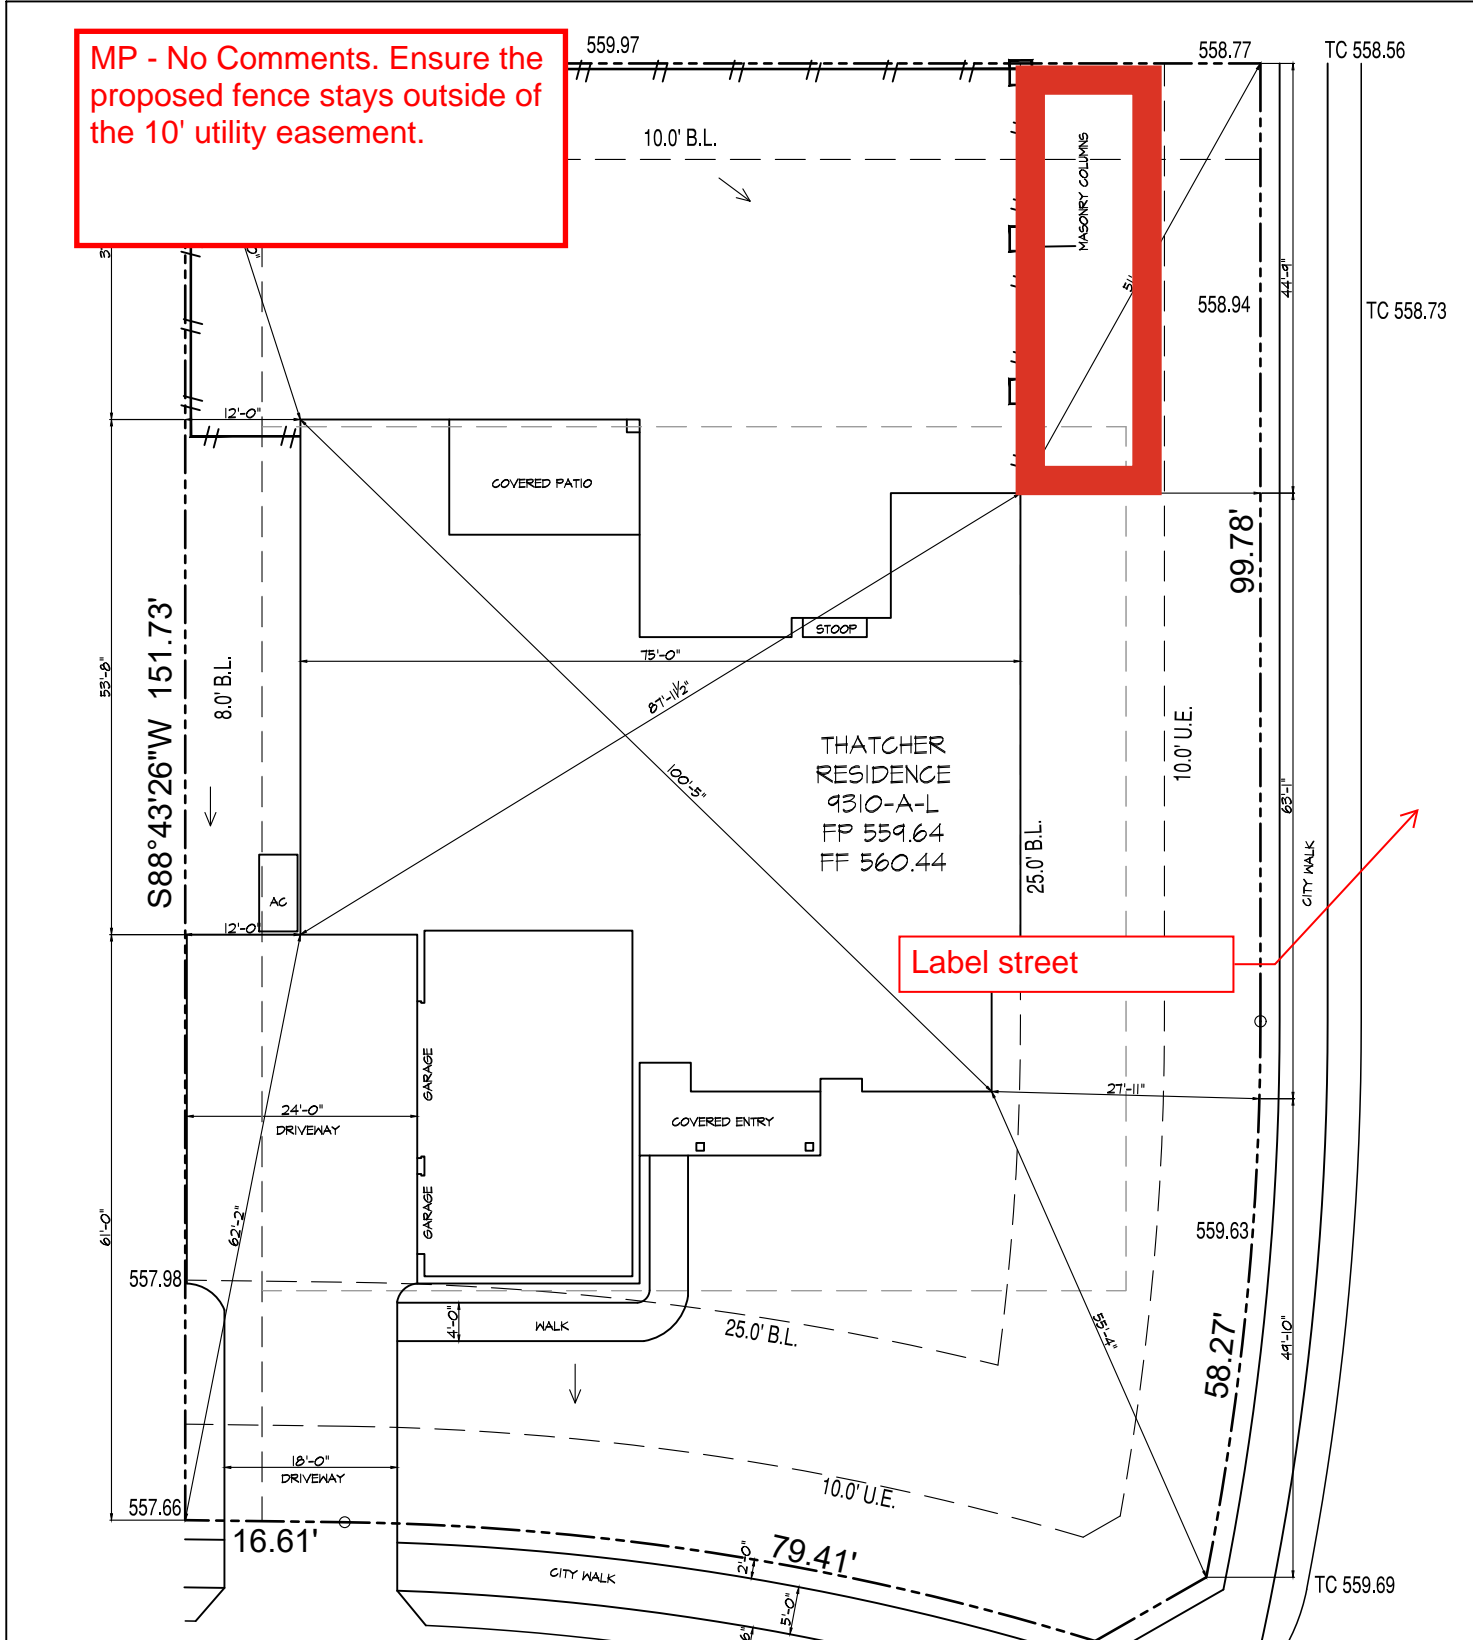

I.3 According to Article 13, Definitions, of the Unified Development Code (UDC), a fence is defined as "(a)ny wall or structure of any material for which the purpose is to provide protection from intrusion, both physical and visual, to prevent escape, mark a boundary, enclose, screen, restrict access to, or decorate any lot, building, or structure."

I.4 According to Subsection 08.03(D), Fence Placement, of Article 08, Landscape and Fence Standards, of the Unified Development Code (UDC), "...(c)orner lots shall be permitted to construct a fence along the side yard property line adjacent to a street (as depicted in Figure 15); however, in cases where a house is facing in the same direction as the side yard of a corner lot, the side yard fence adjacent to the street shall not extend beyond the front yard building setback (as depicted in Figure 17)."

I.5 In this case, the subject property is considered to be a Keystone Lot, which is defined as a corner lot whose rear property line is shared with the side yard property line of another lot. Based on this the lot is subject to the requirements stipulated by Subsection 08.03(D) of Article 08, Landscape and Fence Standards, of the Unified Development Code (UDC). The request to encroach into the side yard property line adjacent to Draco Drive will require an Exception from the Planning and Zoning Commission. Please note that a supermajority vote (i.e. a three-fourths vote of those members present) is required for the approval of an exception.

I.6 Please note the scheduled meeting for this case will be held on February 25, 2025 at 6:00 PM in the City Hall Council Chambers. Please also note that a representative is required to be present for the meeting to answer any questions the Planning and Zoning Commission may have regarding your request.

MP - No Comments. Ensure the proposed fence stays outside of the 10' utility easement.

No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or all non-standard street signage (name blades, posts, etc) will be owned and maintained by the HOA.

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

We further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; we, our successors and assigns hereby waive any claim, damage, or cause of action that we may have as a result of the dedication of exactions made herein.

City of Rockwall

INTRODUCTORY SECTION

City of Rockwall

March 17, 2025

To the Honorable Mayor,
Members of the City Council,
And the Citizens of the City of Rockwall, Texas:

The Annual Comprehensive Financial Report (ACFR) of the City of Rockwall for the fiscal year ended September 30, 2024, is hereby submitted in accordance with Section 7.18 of the City Charter. The financial statements are presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants.

Management assumes full responsibility for both the completeness and reliability of all of the information presented in this report. Fairness of the presentation, including all disclosures, rests with the City. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds in the City. All disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

To provide a reasonable basis for making these representations, management of the City of Rockwall has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City of Rockwall's financial statements in conformity with GAAP. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that:

- (1) the cost of a control should not exceed the benefits likely to be derived; and
- (2) The valuation of costs and benefits requires estimates and judgments by management.

Because the cost of internal controls should not outweigh their benefits, the City of Rockwall's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects. The internal control structure is subject to periodic evaluation by City management.

The City of Rockwall's financial statements have been audited by Brooks, Watson & Co., a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Rockwall for the fiscal year ended September 30, 2024, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent

auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City of Rockwall's financial statements for the fiscal year ended September 30, 2024, are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview and analysis of the financial statements as required by GAAP. MD&A complements this letter of transmittal and should be read in conjunction with it.

PROFILE OF THE GOVERNMENT

The City of Rockwall, Texas, county seat of Rockwall County, Texas was incorporated in 1874. Its name is derived from an underground rock wall discovered in 1852. The unusual rock formations are found throughout the county. The City is located on the eastern shore of Lake Ray Hubbard, 22 miles east of downtown Dallas on Interstate Highway 30. The Dallas/Fort Worth area is recognized as one of the top growth areas in the country. The Dallas/Fort Worth International Airport and Love Field in Dallas meet the air transportation needs of the region.

The City currently has a land area of approximately 30.09 square miles and an estimated population of 52,882.

The City of Rockwall adopted a home rule charter in 1985 which established a council-manager form of government. Charter amendments were adopted in 2005 and again in 2015. Policy making and legislative authority is vested in the City Council, which consists of a Mayor and six Council Members, all elected at large. The City Manager is responsible for carrying out the policies and ordinances of the City Council, overseeing the day-to-day operations of the City and for appointing the heads of the various departments. The mayor and six council members are elected to two-year staggered terms. The government is empowered to levy a property tax on both real and personal property located within its boundaries. The government also has the power by state statute to extend its corporate limits by annexation, which is done periodically when deemed appropriate by the City Council.

The City of Rockwall provides a full range of services, including police and fire protection; the construction and maintenance of streets and other infrastructure; planning and zoning, parks and recreational activities and general administrative services. Additionally, the City provides water and sewer services as an enterprise function.

Discretely presented component units are legally separate entities and are not part of the primary government's operations. The City of Rockwall is financially accountable for its component units. Accordingly, the Rockwall Economic Development Corporation (REDC) and Rockwall Technology Park Association are included in these financial statements and are explained in more detail in Note 1 of the Notes to the Financial Statements.

Factors Affecting Financial Condition

The information presented in the financial statements is best understood when considered from the broader perspective of the specific environment within which the City of Rockwall operates.

Local Economy

The City of Rockwall is situated in the Dallas/Fort Worth Consolidated Metropolitan Statistical Area. With its concentration of commercial and retail development, the City of Rockwall has long drawn shoppers from surrounding areas. As the national economy began to improve over the last year, Rockwall's local economy benefitted from a mix of new businesses and the renewed success of others. Rockwall saw a slight decrease of (1.12%) in our local sales tax revenues due to unanticipated audit adjustments made by the Comptroller's office. Rockwall is affected by the national economy and the slowing of retail purchases seen nationwide. The city has a varied tax base including a mix of residential, commercial and light industrial properties. The five- and ten-year averages have been 10.3% and 9.8% respectively Total property values rose by 11.5% for fiscal year 2024. The City's largest taxpayers are varied and include industry, retail developments, multi-family properties, and medical facilities. Tables in the Statistical Section provides further information on the principal taxpayers. The Rockwall Economic Development Corporation continues to successfully market Rockwall and assist companies looking to locate their business in the City. The year's highlights included:

- Rockwall Economic Development Corporation reached substantial completion of the development of more than 200 acres of raw land adjacent to their existing Technology Park which brings that land to the point of "shovel ready". REDC has been marketing the land and will see new companies relocating soon though not ready for announcement at this time.
- Rockwall Independent School District completed construction and opened two ninth-grade campuses in 2024. These buildings are important to the success of the students as they relieve pressure on the high schools. A top-rated education system in Rockwall has long been one of the most often cited factors when people are asked why they move to Rockwall.
- The Harbor retail development, continues to see increased foot traffic as multiple new Condominium projects brought hundreds of new living spaces. Harbor Hills Condos began leasing in 2024. Ablon at Harbor Village which began leasing in Summer 2022 is nearing full occupancy is one of our top-ten property taxpayers in their first full year. Both bring residents in immediate walking distance to the Harbor restaurant and entertainment offerings New restaurant construction is nearing completion and should be open in early 2025 timeframe.
- Other areas of the City saw several new projects including new restaurant offering and shopping opportunities to strengthen our role as a regional destination.

Long-term Planning

The City Council and staff recognize the need for long-range planning. It is the goal of the City government to provide responsible leadership, services, and infrastructure to achieve a safe environment and provide for a high quality of life.

Financial Policies

The City Council adopted financial policies in 2001 which have guided the City, allowing us to build a strong fund balance, and reinforcing the city's philosophy to budget conservatively for both revenues and expenditures. The general fund reserve policy is reviewed annually. The policy states the City should maintain no less than 3 months of reserves and will allow reserves in excess of 3.5 months of recurring operating expenditures to be transferred to a capital projects fund to be used to fund future projects. The City has maintained reserves at or above this level for many years. This allows the City to respond to emergencies or downturns while not overburdening the taxpayers. Reserves over the 3.5-month level were available to fund capital purchases in 2024.

Budget Overview

The City Manager proposes a balanced budget to the City Council each year by August 15. Public hearings are conducted to receive comments and priorities of the community at large. The City Council must adopt the operating budget and set the City's tax rate for the next year by October 1st of each year. By Charter, the Fund level is the legal level of budgetary control. Any revisions that alter the total expenditures of any fund must be adopted by the City Council.

Capital Improvement Planning

Work continues on street rehabilitation projects approved by voters in May 2018. New projects will begin in FY2025. The City has a pavement assessment on all city streets and alleys which gives an index score to each one. Staff then coupled the assessment data with traffic load data and drainage system assessments to choose the most impactful projects for the program. This data is periodically updated to keep the program effective. Construction work is being phased over several years to minimize the impact of the debt issuance.

Strategic Planning

The City Council and staff worked on an updated strategic planning document with the goal of a simplified, easy to understand final product. The initial stage of the plan included looking at the current breakdown between the residential and commercial tax base and whether or not the current land use plan will allow that mix to be maintained or improved in order to decrease the tax burden on residential properties. It was determined that sufficient non-residential land uses are planned but that any change from non-residential to residential zoning needs to be evaluated in light of the city's strategic goals. The City receives higher sales taxes per capita than other area cities, pointing to the City's long-standing status as a regional shopping destination. As cities to the east and south grow and add retailers the City will strive to add specialty retailers to continue the regional draw. A citizen committee worked with the City Planning Department staff to develop an I-30 Corridor plan which has served as a guide for future development. It breaks the City into sub-districts with design principles and density guidelines for each area. The reconstruction project for I-30 (details below) has resulted in the largest public works investment in Rockwall County's history. The project's impact to area businesses will be extensive.

Recognizing this, the City of Rockwall has assigned staff members to attend all construction planning meetings and to keep residents and businesses updated on traffic changes. They worked with area retailers literally going door to door to be sure they were aware and ready for particularly impactful changes which affected shopping center owners and restaurants. This personal touch showed just how concerned we are for the success of our business community.

Future Development

Transportation

The majority of the City's main thoroughfares are state facilities. TxDOT has been planning for the widening of SH205 in the three counties it serves. Construction work is nearing completion on the North segment of the roadway from our city limits. The City Council and staff worked closely with TxDOT to come to agreement to move the current SH205 to existing John King Boulevard to the East. This had long been the City's desire but previous attempts had not come to fruition. This change will allow the present course of SH205 to become a city street with the ability for traffic flow and speed limits to be managed by the City. This work is projected to begin by 2027. The funding is in place for the project and utility relocations are underway.

TxDOT began the construction for the expansion of I-30 which runs through Rockwall County and is the link between the eastern counties and downtown Dallas. The project adds main travel lanes in both directions as well as three-lane service roads extending across Lake Ray Hubbard. This is expected to ease traffic issues when accidents occur on the main lanes. The first phases of the new bridge service lanes across Lake Ray Hubbard are now open to our west and have already had an impact on the commute for our residents. The project limits in Rockwall County were let in 2022 with construction having begun in fiscal year 2023 and continuing for several years; and is fully funded by TxDOT. Work began in earnest in Rockwall in 2024 and is impacting the commercial corridor.

The City is a member of a County-wide Consortium which allows County government officials to work with officials of each of the seven cities in the county to further transportation planning efforts. The Consortium meets bi-monthly to discuss planning and funding alternatives for projects. The County's bond initiatives allow funding for the advance planning and design of numerous major roadway projects. This allows the projects to be ready to commence as soon as state funding is available for construction. The Consortium was successful in securing new state funding for the widening of SH205 through the City. The County has committed funding to look at the redesign of the current SH205 after the exchange occurs so the road can be more appropriate for a city street. This is important to maintain the unique features of our downtown area and residential areas. The County held a successful bond election in November 2021 to further their efforts to provide planning and engineering funds for state roadways throughout the County thus keeping the list of projects up to date. The work of the Consortium which allows projects to be designed and ready to bid when dollars are available is crucial in getting these new funds. Design work is underway on several of the 2021 bond election roadways. In addition, the City will work with the County on funding for redesigning the current SH205 as it transitions to a city street.

Retail / Entertainment

“The Harbor” development is situated on the shores of Lake Ray Hubbard at I-30. The addition of hundreds of Condos has served to increase sales tax generation in the District by 7.5% in FY2024. The area’s full-service Hilton Hotel and Conference Center and Springhill Suites work closely with Visit Rockwall to bring conferences to our city.

In conjunction with private development, the City established a tax increment financing (TIF) zone on an approximately 103-acre tract which allowed the financing and development of public open space to complement the development and allow citizens access to the Lake Ray Hubbard shore line.

The City designation as the “Free Live Music Capital of North Texas” by the Texas Legislature is supported by the more than 100 concerts at the public venues at the Harbor and San Jacinto Plaza in Downtown Rockwall. The Main Street Advisory Board and “Friends of Downtown Rockwall” citizen volunteer group along with our Recreation department work together to bring special events to the City. The many shops in the Downtown area provide a wide variety of shopping opportunities and vacancies are rare and filled quickly.

Utilities

The water and wastewater rates were increased for calendar year 2024. The City purchases treated water as a founding member city of the North Texas Municipal Water District. Water consumption in FY2024 was 4.2% higher than the prior year. Retail water sales increased by 7.6% while wastewater customer charges increased 8.7% over the prior period. The City’s water system is recognized with the Texas Commission on Environmental Quality’s “Superior” rating.

The City actively works to acquire the right to serve annexed areas which are currently served by wholesale water supply corporations. It remains the City’s desire to be the water provider for all residents in our city limits.

Debt Administration: Two ratios traditionally used to analyze the debt structure of municipalities are presented below.

Outstanding General Obligation Debt at 9-30-24	\$90,910,000
Estimated Population	52,228
G.O. Debt Per Capita	\$1,913
Net G.O. Debt per Assessed Value	1.01%

The City seeks a bond rating update as new debt is issued. The current ratings are shown below:

	<u>General Obligation</u>	<u>Sales Tax (REDC)</u>
Standard & Poor’s Rating Group	AA+	A-
Moody’s Investor Service Inc.	Aa2	A1

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association (GFOA) awards a Certificate of Achievement for Excellence in Financial Reporting for an Annual Comprehensive Financial Report that is easily readable and efficiently organized. To be awarded the Certificate of Achievement, these financial statements must satisfy both GAAP and applicable legal requirements. Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Rockwall, Texas, as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City of Rockwall, Texas' basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Rockwall, Texas, as of September 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Rockwall, Texas and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Rockwall, Texas' ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Rockwall, Texas' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Rockwall, Texas' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and pension and OPEB information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Rockwall, Texas' basic financial statements. The combining and individual fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information included in the Annual Comprehensive Financial Report

Management is responsible for the other information included in the annual comprehensive financial report (ACFR). The other information comprises the introductory section and statistical section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 17, 2025 on our consideration of the City of Rockwall, Texas' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Rockwall, Texas' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Rockwall, Texas' internal control over financial reporting and compliance.

MANAGEMENT'S
DISCUSSION AND ANALYSIS

Management's Discussion and Analysis

As management of the City of Rockwall (the "City"), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2024.

Financial Highlights

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$350,093,139 (net position). Of this amount, \$34,684,990 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors in accordance with the City's fund designation.
- The City's total net position increased by \$21,936,321, primarily caused by increases to utility charges for services and decreases in total liabilities.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$58,029,266. 48.08% of this total amount, \$27,901,503 (unassigned fund balance) is available for use at the City's discretion.
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$27,901,503 or 49.33% of the total general fund expenditures. Sound financial management practices call for at least 25% of unassigned fund balance to general fund expenditures.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the City's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference being reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the City's net position changed during the fiscal year. All changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in the future fiscal periods (e.g., uncollected taxes).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The *governmental activities* of the City include general administration, public safety, public works, and parks and recreation. The *business-type activities* of the City include water and sewer and sanitation operations.

Fund Financial Statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds. *Governmental funds* are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on current sources and uses of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental fund statements of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains seven individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, the Debt Service Fund, Capital Projects Fund, and the Transportation Fund, all of which are considered to be major funds. Data from the other four governmental funds are combined into a single aggregation presentation.

Proprietary Funds. The City maintains two categories of *proprietary funds*-Enterprise Funds and Internal Service Funds. Enterprise funds are used to report the same functions presented as business-type activities in government-wide financial statements. The City uses enterprise funds to account for its water and sewer operations. Internal service funds are used to account for employee benefits and workers compensation. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements immediately follow the basic financial statements.

Required supplementary information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information, the Schedule of Revenues, Expenditures, and Changes in Fund Balances - Budget and Actual - General Fund, and information concerning the City's net pension and total OPEB liability.

Combining and individual fund statements and schedules are presented following the required supplementary information.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of government's financial position. In the case of the City, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$350,093,139 as of September 30, 2024.

The largest portion of the City's net position, \$298,648,066 (85.31%) reflects its investments in capital assets (e.g., land, buildings, furniture, equipment and vehicles, infrastructure, and construction in progress), less any debt used to acquire those assets that is still outstanding. The City uses capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position of \$16,760,083 (4.79%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position of \$34,684,990 (9.91%) may be used to meet the government's ongoing obligations to citizens and creditors.

As of September 30, 2024, the City was able to report positive balances in all three categories of net position for both governmental activities and business-type activities. The following table shows the condensed Statement of Net Position for the City for the current and prior fiscal years:

Analysis of the City's Operations. The following table provides a summary of the City's operations for the year ended September 30, 2024. Governmental activities increased the City's net position by \$9,281,325. Business-type activities increased the City's net position by \$12,654,996. Total revenues for governmental activities decreased by \$3,051,349 to \$81,779,621 due to the decrease in capital grants and contributions. Total expenses for governmental activities increased by \$10,376,455 to \$73,562,451 due to overall growth the city has experienced. This increase mostly affected the general government and public safety costs. Total revenues for business-type activities increased by \$3,943,017 to \$59,253,732 due to the increase in utility rates and city growth. Total expenses for business-type activities increased by \$4,591,860 to \$45,534,581 due to overall growth the city has experienced. This increase mostly affected the general government and public safety costs.

Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City's governmental funds reported ending fund balances of \$58,029,266. \$27,901,503 (48.08%) of this total amount constitutes unassigned fund balance. The remainder of the fund balance is either non-spendable, restricted or committed to indicate that it is not available for new spending. The most significant restrictions include \$6,054,922 for debt service, \$821,860 restricted for public safety, \$10,661,161 restricted for capital projects, and \$3,520,506 restricted for tourism.

The General Fund is the primary operating fund of the City. The General Fund's fund balance decreased by \$4,692,086. This was primarily caused by increased capital outlay and expenditures that are reflective of the continued growth in the City's population and economy.

The Debt Service Fund's fund balance increased by \$79,612, primarily due to an increase in property values and a decrease in debt service costs. This was offset by a decrease in the debt service property tax rate.

The Capital Projects Fund balance increased by \$371,710, primarily due to high investment earnings in the current year. In future years fund balances are expected to decrease as project costs are incurred.

Proprietary fund. As mentioned earlier, the City's proprietary fund statements provide the same type of information found in the government-wide financial statements, but in more detail. Proprietary funds include business-type activity fund and internal service funds.

At September 30, 2024, the water and sewer fund had \$9,992,823 in unrestricted net position and total net position increased by \$12,654,996. The increase in net position was largely due to increases in capital contributions from the development of subdivisions in the City.

At September 30, 2024 the Internal Service Funds had \$311,165 in unrestricted net position and total net position decreased by \$1,235,647 due to an employee healthcare and workers' compensation claims.

General Fund Budgetary Highlights.

During fiscal year 2024, the City Council of the City of Rockwall amended the budget to provide funding for several unforeseen projects and to recognize salary savings over the year, as well as increases or decreases in revenues when compared to original projections. With the adjustments made to the budget, the original budgeted expenditures of \$51,258,850 increased to \$53,547,850, while revenue estimates increased from \$52,166,650 to \$53,292,800.

General fund revenues ultimately were \$54,131,821, exceeding the budget by \$839,021 021 over the amended budget estimate, reflecting a greater than anticipated increase in sales tax collections and interest earnings. Actual general fund total expenditures were \$56,560,498 or \$3,012,648 more than final projections. The primary cause of the expenditure's overage was recognizing the capital expense of the new Police/Fire office building lease and finally receiving several vehicles ordered during previous budget years being received late in this budget year. The City ended the year with a fund balance of \$27,903,649, or \$4,692,086 less than the prior year. This is due to both the new lease recognition and receiving long planned but delayed police vehicles and two fire apparatus planned in earlier budget cycles.

Capital Assets

The City's investment in capital assets for its governmental and business-type activities as of September 30, 2024, was \$380,548,802 (net of accumulated depreciation). This investment in capital assets includes land, buildings, furniture, equipment and vehicles, infrastructure, and construction in progress.

Economic Factors and Next Year’s Budgets and Rates

The City’s elected and appointed officials considered many factors when setting the fiscal year 2025 budget, tax rate, and fees that will be charged for the business-type activities. The City budgeted and increase in sales tax over FY2024 recognizing the small dip in sales tax was due to one-time Comptroller adjustments reasonably not expected to occur again in FY2025. Other revenues were budgeted to be relatively flat in the coming year. In light of the upcoming I-30 widening we cannot be certain our revenues will continue to grow during this prolonged project.

The City of Rockwall’s citizens enjoy above-average income levels per household. This combined with the City’s proximity to major highways, and the Dallas-Fort Worth SMSA make Rockwall an attractive city in which to locate. The City prides itself on a quality school district and “hometown” atmosphere. The Rockwall Economic Development Corporation works to attract businesses with relocation incentives as well as business retention incentives such as workforce training opportunities. The City’s unemployment rate was 4%, which was below national levels.

The City of Rockwall considered these factors when adopting the General Fund budget for fiscal year 2024. The budgeted revenues for fiscal year 2024 total \$55,098,000 for the general fund. Ad valorem tax revenue is determined by two factors, the total assessed value established by the Rockwall Central Appraisal District and the tax rate established by the Rockwall City Council. The property tax rate was reduced to 24.745 cents per hundred dollars of assessed value due to growth in assessed values and the Council’s continued decision to implement the “no-new revenue rate” as has been the case for more than a decade.

The City adopted written financial policies in 2001, which require that revenues and expenditures be projected conservatively. The policies include debt level guidelines. These policies were reviewed by the City Council in 2009 and certain provisions related to the City's fund balance were changed. The amended policy provides that the General Fund reserves should be no less than 3 months of recurring operating appropriations. In addition, the policies provide that should an audited fund balance at the end of the fiscal year exceed 3.5 months, the City Council may elect to transfer a portion to a Capital Projects Fund. The ending unrestricted general fund balance for 2023 provided approximately 6.9 months of reserves for the City. The 2025 budget reflects planned expenditures from reserves including multiple police vehicle and public works trucks from reserves.

The 2025 budget expenditures include two additional School Resource Officers as requested by the Rockwall ISD and an additional patrol sergeant were the only new positions approved by the City Council.

A comprehensive water and sewer rate study was developed during 2018 with rate recommendations over the next several years. This included looking at the North Texas Municipal Water District projected rates for treated water over the next five years and well as budget planning and capital planning for the City's own operations and projects. The water and sewer operations budgets continue to increase as federal mandates impact the need for testing and the addition of sewer transmission infrastructure. A comprehensive rate study will be conducted in fiscal year 2025.

Amounts reported for governmental activities in the Statement of Activities are different because:	
Internal service funds are used by the City's management for equipment maintenance and vehicle replacement. The net revenue (expense) of certain internal service funds is reported with governmental activities.	(1,235,647)
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of these assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount of capital outlays for the fiscal year.	21,719,418
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of these assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount of loss from the sale of capital assets.	(12,897)
Depreciation expense on capital assets is reported in the government-wide statement of activities and changes in net position but they do not require the use of current financial resources. Therefore, depreciation expense is not reported as expenditures in the governmental funds.	(12,996,082)
Current year long-term debt principal payments on contractual obligations, bonds payable and leases are expenditures in the fund financial statements but are shown as reductions in long-term debt in the government-wide financial statements.	8,384,205
Certain expenses do not require the use of current financial resources; therefore, they are not reported as expenditures in governmental funds.

Revenues in the statement of activities that do not provide current financial resources are not reported as revenue in the fund financial statements.	91,081
Certain pension and other post-employment (OPEB) expenditures are not expended in the government-wide financial statements and recorded as deferred resource outflows and inflows. These items relate to contributions made after the measurement date. Additionally, a portion of the City's unrecognized deferred resource outflows and inflows related to the pension and OPEB liabilities were amortized.	<u>(54,189)</u>

CITY OF ROCKWALL, TEXAS
NOTES TO THE BASIC FINANCIAL STATEMENTS
SEPTEMBER 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Rockwall, Texas (the "City") was founded in 1854 and incorporated in 1874. The City operates under the Council-Manager form of government as adopted by a home rule charter approved January 21, 1985. The City provides a full range of municipal services including public safety (police and fire), highway and streets, parks and recreation, health and social services, planning and zoning, and general administrative services. In addition, the City provides water and sewer services as a proprietary function of the City.

The accounting policies of the City conform to generally accepted accounting principles (GAAP) applicable to government units. The following is a summary of the more significant accounting policies.

A. Description of Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. *Governmental activities*, which normally are supported by taxes, intergovernmental revenues, and other nonexchange transactions, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges to external customers for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

B. Reporting Entity

For financial reporting purposes, management has considered all potential component units. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in GAAP. The criteria used are as follows:

Financial Accountability – The primary government is deemed to be financially accountable if it appoints a voting majority of the organization's governing body and (1) it is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits or impose specific financial burdens on the primary government. Additionally, the primary government may be financially accountable if an organization is fiscally dependent on the primary government and there is a potential for the organization to provide specific financial benefits or impose specific financial burdens on the primary government regardless of whether the organization has a separately elected governing board, a governing board appointed by a higher level of government or a jointly appointed board.

Discretely Presented Component Units

Rockwall Economic Development Corporation ("REDC")

The Rockwall Economic Development Corporation ("REDC") is governed by a seven-member Board of Directors appointed, at will, by the City Council. REDC represents the City by promoting it as location for new business; it also acquires and develops land for that purpose. REDC collects a half cent sales tax to support its activities. The funds of REDC are composed of governmental fund types. Stand-alone financial statements for REDC as of and for the fiscal year ended September 30, 2024 are not prepared.

Rockwall Technology Park Association ("RTPA")

The Rockwall Technology Park Association ("RTPA") provides repair and maintenance of the common area within the park being developed by REDC. RTPA's Board of Directors is composed of representatives of the landowners. At September 30, 2019, REDC owned the majority of the land and the Board was therefore composed of REDC board members. When the park becomes 75% or more owned by private landowners, it will become an entity independent of the City. Until then, it is controlled by REDC, a discretely presented component unit of the City. RTPA, is effectively controlled by the City through REDC and thus provides a potential financial benefit or burden to the City. The funds of RTPA are composed of governmental fund types. Stand-alone financial statements RTPA as of and for the fiscal year ended September 30, 2024, are not prepared.

C. Basis of Presentation - Government-Wide and Fund Financial Statements

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds while business-type activities incorporate data from the government's enterprise funds. Separate financial statements are provided for governmental funds and the proprietary funds.

As discussed earlier, the government has two discretely presented component units which are shown in separate columns in the government-wide financial statements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments where the amounts are reasonably equivalent in value to the interfund services provided and other charges between the various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

The fund financial statements provide information about the government's funds, including its fiduciary funds. Separate statements for each fund category; governmental and proprietary are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Debt Service Fund* accounts for the resources accumulated and payments made for principal and interest on long-term debt of governmental funds.

The *G.O. Bonds Capital Projects Fund* accounts for the acquisition or construction of capital assets used in the operation of governmental funds.

The City reports the following major proprietary fund:

The *Water and Sewer Fund* operates the water distribution system, and the wastewater treatment plants, wastewater pumping stations, and collection systems.

Additionally, the City reports the following fund types:

The *Internal Service Funds* account for employees' health insurance and workers' compensation coverage services provided to other departments or agencies of the government on a cost-reimbursement basis.

The *Special Revenue Funds* account for specific revenue sources that are legally restricted to expenditures for specified purposes (not including expendable trusts or major capital projects.)

During the course of operations, the government has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

D. Measurement focus and basis of accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide, and proprietary financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under leases are reported as other financing sources.

Property taxes, sales taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements are recorded as revenues when all eligibility requirements are met, including any time requirements, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 60 days of year-end). All other revenue items are considered to be measurable and available only when cash is received by the government.

E. Assets, Liabilities, Deferred Outflows/Inflows, and Net Position/Fund Balance

Deposits and Investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. For the statement of cash flows, the proprietary fund types consider temporary investments with maturity of three months or less when purchased to be cash equivalents.

The City has adopted a written investment policy regarding the investment of its funds as defined in the Public Funds Investment Act, Chapter 2256, of the Texas Governmental Code. In summary, the City is authorized to invest in the following:

- Direct obligations of the U.S. Government
- Fully collateralized certificates of deposit and money market accounts
- Statewide investment pools
- SEC registered, no load money market mutual funds

Investments for the City are reported at fair value, except for the position in investment pools, which are reported at net asset value per share (which approximates fair value) even though it is calculated using the amortized cost method.

Receivables and Interfund Transactions

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the year are referred to as either "interfund receivables/payables" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds" in the fund financial statements. If the transactions are between the primary government and its component unit, these receivables and payables are classified as "due to/from component unit/primary government." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Advances between funds are offset by a nonspendable fund balance account in the applicable governmental fund to indicate they are not available for appropriation and are not expendable available financial resources.

All trade receivables are shown net of any allowance for uncollectible amounts.

Inventories

The costs of governmental fund type inventories are recorded as expenditures when the related liability is incurred, (i.e., the purchase method). The inventories are valued at the lower of cost or market using the first-in/first-out method.

Land Held for Sale

Land purchased for sale is capitalized at acquisition cost or net realizable value, if lower.

Restricted Assets

Certain proceeds of enterprise fund certificates of obligation are classified as restricted assets on the statement of net position because their use is limited by applicable bond covenants.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items) are reported in the applicable governmental or business type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets, donated works of art, and capital items received in a service concession arrangement are reported at acquisition value. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest costs incurred in connection with construction of enterprise fund capital assets are capitalized when the effects of capitalization materially impact the financial statements.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Property, plant, and equipment of the primary government, as well as the component units, are depreciated using the straight-line method over the following estimated useful years.

<u>Asset Description</u>	<u>Estimated Useful Life</u>
Buildings	20 to 30 years
Bulding Improvements	20 to 50 years
Public domain infrastructure	20 years
System infrastructure	50 years
Equipment	3 to 10 years
Right-to-use equipment	3 to 10 years

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows/inflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/ expenditure) until then. The government only has three items that qualify for reporting in this category. One example is the deferred charge on refunding reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of financial position will sometimes report a separate section for *deferred inflows of resources*. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has only one type of item, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, *unavailable revenue*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenues from property taxes, fines and forfeitures and ambulance fees. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. Deferred inflows of resources can also occur at the government wide level due to differences between investment gains and losses realized on pension investments compared to assumption used within the pension actuarial valuation model.

Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums, discounts, and losses on defeasance are amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Losses on defeasance are reported as deferred outflows of resources. Bond issuance costs are expensed as incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures. However, claims and judgments paid from governmental funds are reported as a liability in the fund financial statements only for the portion expected to be financed from expendable available financial resources.

Net Pension Liability is valued using an actuarial model and represents the difference between the plan fiduciary net position and the net pension liability consistent with GASB statement no. 68. The portion of this liability presented as a current liability is based on actuarially calculations for estimated future payments of benefits and refunds over the twelve months following year end.

Assets acquired under the terms of leases are recorded as liabilities and capitalized in the government-wide financial statements at the present value of net minimum lease payments at inception of the lease. In the year of acquisition, lease transactions are recorded as other financing sources and as capital outlay expenditures in the general fund. Lease payments representing both principal and interest are recorded as expenditures in the general fund upon payment with an appropriate reduction of principal recorded in the government-wide financial statements.

Leases

The City has entered into various lease agreements as either the lessee and lessor. Key estimates and judgments related to leases include how the City determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The City uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the City uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the City is reasonably certain to exercise.

The City monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

Lessee. The City is a lessee for noncancellable lease of a parking lot, building, and office space. The City recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the full accrual financial statements. The City recognizes lease liabilities with an initial, individual value of \$5,000 or more.

At the commencement of a lease, the City initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The leased asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Lessor. The City is a lessor in various arrangements allowing the placement of cellular towers or antennas on City property. The city initially measures the lease receivable and a deferred inflow of resources for the present value of payments expected to be made during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments made. The deferred inflow of resources is recognized as revenue on a systematic basis over the life of the lease.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the Fiduciary Net Position of the Texas Municipal Retirement System (TMRS) and additions to/deductions from TMRS's Fiduciary Net Position have been determined on the same basis as they are reported by TMRS. For this purpose, plan contributions are recognized in the period that compensation is reported for the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Postemployment Benefits ("OPEB")

The City has implemented GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. This statement applies to the individual employers (TMRS cities) in the TMRS Supplemental Death Benefits (SDB) plan, with retiree coverage. The TMRS SDBF covers both active and retiree benefits with no segregation of assets, and therefore doesn't meet the definition of a trust under GASB No. 75 (i.e., no assets are accumulated for OPEB) and as such the SDBF is considered to be an unfunded OPEB plan. For purposes of reporting under GASB 75, the retiree portion of the SDBF is not considered a cost sharing plan and is instead considered a single employer, defined benefit OPEB plan. The death benefit for active employees provides a lump-sum payment approximately equal to the employee's annual salary, calculated based on the employee's actual earnings on which TMRS deposits are made, for the 12-month period preceding the month of death. The death benefit amount for retirees is \$7,500. GASB No. 75 requires the liability of employers and nonemployer contributing entities to employees for defined benefit OPEB (net OPEB liability) to be measured as the portion of the present value of projected benefit payments to be provided to current active and inactive employees that is attributed to those employees' past periods of service (total OPEB liability), less the amount of the OPEB plan's fiduciary net position.

Net Position

For government-wide reporting as well as in proprietary funds, the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources is called net position. Net position is comprised of three components: net investment in capital assets, restricted, and unrestricted.

- Net investment in capital assets consists of capital assets, net of accumulated depreciation/amortization and reduced by outstanding balances of bonds, notes, and other debt that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are included in this component of net position.
- Restricted net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Assets are reported as restricted when constraints are placed on asset use either by external parties or by law through constitutional provision or enabling legislation.
- Unrestricted net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that does not meet the definition of the two preceding categories.

Net Position Flow Assumption

Sometimes the government will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

Fund Balance

In governmental fund types, the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources is called "fund balance." The City's governmental funds report the following categories of fund balance, based on the nature of any limitations requiring the use of resources for specific purposes.

- Nonspendable fund balance represents amounts that are either not in a spendable form or are legally or contractually required to remain intact.

- Restricted fund balance includes amounts that can be spent only for the specific purposes stipulated by external resource providers such as grantors or enabling federal, state, or local legislation. Restrictions may be changed or lifted only with the consent of the resource providers.
- Committed fund balance represents amounts that can be used only for the specific purposes determined by a formal action of the government's highest level of decision-making authority. The governing council is the highest level of decision-making authority for the government that can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.
- Assigned fund balance represents amounts that are intended to be used by the government for specific purposes but do not meet the criteria to be classified as committed. The governing body (Council) has by resolution authorized the finance director to assign fund balance. The council may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.
- Unassigned fund balance represents the residual amount for the general fund that is not contained in the other classifications. The general fund is the only fund that reports a positive unassigned fund balance. Additionally, any deficit fund balance within the other governmental fund types is reported as unassigned.

Fund Balance Flow Assumptions

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Estimates

The preparation of financial statements, in conformity with generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

F. Revenues and Expenditures/Expenses

Program Revenues

Amounts reported as program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

Property Taxes

Property taxes are levied by October 1 on the assessed value listed as of the prior January 1 for all real and business personal property in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. Under state law, property taxes levied on real property constitute a lien on the real property which cannot be forgiven without specific approval of the State Legislature. The lien expires at the end of twenty years. Taxes levied on personal property can be deemed uncollectible by the City.

Property taxes at the fund level are recorded as receivables and deferred revenues at the time the taxes are assessed. Revenues are recognized as the related ad valorem taxes are collected. Additional amounts estimated to be collectible in time to be a resource for payment of obligations incurred during the fiscal year and therefore susceptible to accrual in accordance with Generally Accepted Accounting Principles have been recognized as revenue.

Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation pay benefits up to specified limits. Sick leave is accrued at 6.67 hours per month. However, once an employee has accrued 120 days of sick leave, earned sick leave in excess of 120 days may be converted to vacation leave at a ratio of three days of sick leave to one day of vacation leave up to a maximum of 15 sick leave days per year. Upon termination, any accumulated sick leave over 120 days shall be converted to vacation leave at a ratio of three days of sick leave to one day of vacation leave to be paid to the employee in accordance with the vacation leave policy. Upon retirement from the City, all accrued sick leave shall be converted to vacation pay at a ratio of three days of sick leave to one day of vacation leave and shall be paid to the employee if he/she has 10 or more years of service to the City. Unused compensatory time for nonexempt employees is paid on termination. All vacation pay is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. Compensated absences are reported in governmental funds only if they have matured for example, as a result of employee's resignation and retirement.

Proprietary Funds Operating and Nonoperating Revenues and Expenses

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the water and sewer fund is charges to customers for sales and services. The water and sewer fund also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

II. DETAILED NOTES ON ALL FUNDS AND ACTIVITIES

A. Deposits and Investments

Deposits - State statutes require that all deposits in financial institutions be fully collateralized by U.S. Government obligations or its agencies and instrumentalities or direct obligations of Texas or its agencies and instrumentalities that have a market value of not less than the principal amount of the deposits. In addition, irrevocable letters of credit at 100% of the principal amounts of the deposits may be used to collateralize deposits. The City's deposits, as well as those of the City's component units, including certificates of deposit, were fully insured or collateralized as required by the state statutes at September 30, 2024.

As of September 30, 2024, the primary government and fiduciary funds had the following investments:

<u>Investment Type</u>	<u>Reported Value</u>	<u>Weighted Average Maturity (days)</u>
US Treasury bills	\$ 6,079,128	764
External investment pools	<u>58,891,472</u>	59
Total reported value	<u>\$ 64,970,600</u>	
Portfolio weighted average maturity		125

As of September 30, 2024, the Rockwall Economic Development Corporation had the following investments:

<u>Investment Type</u>	<u>Reported Value</u>	<u>Weighted Average Maturity (days)</u>
Certificate of deposits	\$ 300,000	286
External investment pools	<u>26,001,694</u>	66
Total reported value	<u>\$ 26,301,694</u>	
Portfolio weighted average maturity		69

Interest rate risk: In compliance with the City’s Investment Policy, as of September 30, 2024, the City minimized the interest rate risk, related to current events market turmoil in the portfolio by: limiting the effective duration of security types not to exceed two years with the exception of securities purchases related to reserve funds; structuring the investment portfolio so that securities matured to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the secondary market prior to maturity; monitoring credit ratings of portfolio positions to assure compliance with rating requirements imposed by the Public Funds Investment Act; and investing operating funds primarily in short-term securities, money market mutual funds, or similar government investment pools.

Credit risk: The City’s investment policy limits investments to obligations of the United States, State of Texas, or their agencies and instrumentalities with an investment quality rating of not less than “A” or its equivalent, by a nationally recognized investment rating firm. Other obligations must be unconditionally guaranteed (either express or implied) by the full faith and credit of the United States Government or the issuing U.S. agency and investment pools with an investment quality not less than AAA or AAA-m, or equivalent, by at least one nationally recognized rating service.

Custodial credit risk – deposits: In the case of deposits, this is the risk that in the event of a bank failure, the City’s deposits may not be returned to it. State statutes require that all deposits in financial institutions be insured or fully collateralized by U.S. government obligations or its agencies and instrumentalities or direct obligations of Texas or its agencies and instrumentalities that have a market value of not less than the principal amount of the deposits. As of September 30, 2024, the market values of pledged securities and FDIC exceeded bank balances.

Custodial credit risk – investments: For an investment, this is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City’s investment policy requires that it will seek to safekeeping securities at financial institutions, avoiding physical possession. Further, all trades, where applicable, are executed by delivery versus payment to ensure that securities are deposited in the City’s safekeeping account prior to the release of funds.

TexasRange

The "TexasTERM Local Government Investment Pool", doing business as the Texas Range Investment Program ("Texas Range"), was established by the Advisory Board as a governmental agency under Chapter 791, Texas Government Code, and as a public funds investment pool under the Public Funds Investment Act, Chapter 2256, Texas Government Code. It is governed by the terms of a Common Investment Contract among the City of Austin, the City of Gonzales, and Lake Dallas Independent School District.

Texas Range consists of various Portfolios and series approved by the Advisory Board. It offers a series of professionally managed Portfolios that are available to municipalities, counties, school districts, special districts and other governmental entities in the State of Texas. These currently include the TexasDAILY, TexasDAILY Select and TexasTERM Portfolios. Multiple series may exist within a Portfolio. Participation in the TexasTERM Portfolio requires an open TexasDAILY or TexasDAILY Select account. Texas Range also offers the CD Purchase Program, under which Investors, who have a TexasDAILY and/or a TexasDAILY Select account, can purchase appropriate CDs directly from their issuers or via certain brokers. At September 30, 2024, the fair value of the position in both the TexasTERM and the TexasDAILY approximate fair value of the shares. There were no limitations or restrictions on withdrawals. The TexasDAILY and TexasDAILY Select portfolios have received a AAmmf rating from Fitch Ratings ("Fitch").

D. Long-term Liabilities

From time to time, the City issues general obligation bonds and certificates of obligations to provide funds for the acquisition and construction of major capital facilities and equipment. General obligation bonds and certificates of obligation have been issued for both governmental and business-type activities. The certificates of obligation will be repaid by the debt service fund in combination with system revenues. The City did not issue any new bonded debt in fiscal year 2024.

The following is a summary of changes in the City's total long-term liabilities for the year ended September 30, 2024:

Long-term liabilities applicable to the City's governmental activities are not due and payable in the current period and accordingly, are not reported as fund liabilities in the governmental funds. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. The City intends to retire all of its general long-term liabilities, plus accrued interest, from property taxes and other current revenues from the debt service fund as has been done in prior years. The proprietary fund type long-term debt will be repaid, plus accrued interest, from operating revenues of the respective fund.

Long-term debt at year end was comprised of the following debt issues:

E. Interfund Balances and Activity

The composition of interfund balances as of the year end were as follows:

Receivable fund:	Payable fund:			Total
	General	Internal Service	GO Bonds	
General	\$ -	\$ 607,400	\$ 500	\$ 607,900

Total	<u>\$ 619</u>	<u>\$ 608,584</u>	<u>\$ 500</u>	<u>\$ 609,703</u>

Interfund balances resulted from the timing difference between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. All balances are expected to be paid in the subsequent year.

Transfers during the fiscal year were as follows:

Transfer In:	Transfers Out:			Total
	General	Water and Sewer	Nonmajor Governmental	
General	\$ -	\$ 400,000	\$ 45,850	\$ 445,850

Total	<u>\$ 6,621,495</u>	<u>\$ 1,453,750</u>	<u>\$ 45,850</u>	<u>\$ 8,121,095</u>

Transfers totaling \$2.9 million were made to nonmajor governmental funds to support approved capital purchases. Due to higher-than-expected claims in the internal service funds, the General Fund and Water and Sewer Fund made transfers totaling \$4.4 million to cover these costs. Furthermore, transfers between the General Fund and the Water and Sewer Fund were made to help finance ongoing operations. Additionally, a transfer of \$45,850 from a nonmajor fund to the General Fund was allocated to support a portion of police capital expenditures.

F. Committed Fund Balance

	<u>Committed Fund Balance</u>

G. North Texas Municipal Water District

The District is a conservation and reclamation district and political subdivision of the State of Texas, created and functioning under Chapter 62, Acts of 1951, 52nd Legislature, Regular Session, as amended, originally compiled as Vernon's Article 8270-141 (the "Act"), pursuant to Article 16, Section 59 of the Texas Constitution. The District comprises all of the territory of its member cities, viz., Allen, Garland, Princeton, Plano, Mesquite, Wylie, Rockwall, Farmersville, McKinney, Richardson, Forney, Royse City, and Frisco (the "Member Cities"). The District was created for the purpose of providing a source of water supply for municipal, domestic and industrial use and for the treatment, processing, and transportation of such water to its Member Cities and to its other customers located in North Central Texas, all within the Dallas Standard Metropolitan Statistical Area.

Under the Act, including specifically Section 27 thereof, and under the Constitution and Statutes of the State of Texas, the District has broad powers to: (1) impound, control, store, preserve, treat, transmit and use storm and flood water, the water of rivers and streams, and underground water for irrigation, power and all other useful purposes and to supply water for municipal, domestic, power, industrial and commercial uses and purposes and all other beneficial uses and purposes; and (2) collect, transport, process, treat, dispose of, and control all municipal, domestic, industrial or commercial waste whether in fluid, solid or composite state, including specifically the control, abatement or reduction of all types of pollution. The City retains no ongoing financial interest, equity investments, and/or responsibilities for the District other than the contractual arrangements discussed more fully herein.

The District has long-term contracts with the City to supply treated water and sewer treatment. The City's water contract with the District provides that the City pay a predetermined annual amount for treated water in twelve monthly installments. The amount of this annual payment is based upon an annually established rate per thousand gallons and the largest annual amount of water consumption of past years. The City owns one sewage treatment facility, Squabble Creek, and in 1978 entered into an agreement with the District for the construction of a second facility, Buffalo Creek. Under the terms of this agreement, the District issued contractually secured bonds in its name to construct and operate this sewage disposal plant for the City. In subsequent years, similar contractual agreements have been made to enable the District to expand the sewage treatment facilities and continue to provide sewage treatment services to the City. Under the terms of these contracts, the City's payments, which began when the facilities were first utilized, are equal to the operating and maintenance expenses for the next ensuing calendar year, as shown in the annual budget. The contracts further provide that the debt service payments will be equal to the principal and/or interest coming due on the bonds on the next succeeding interest payment date, plus the fees and charges of the paying agent and the registrar.

These contractual obligations have been included as lease obligations in amounts equal to the bonds outstanding under these agreements. Accordingly, the related assets have been capitalized and are being depreciated over the estimated life of the facilities.

The outstanding principal balance on the debt issues as of September 30, 2024, is \$1,410,009. See Note IV.D. for the annual requirements to amortize the bonds as of September 30, 2024.

With respect to the ground storage reservoir discussed above, prior to the current year, the Cities of Rockwall and Heath were contractually obligated to make timely payments to the District representing 66.67% and 33.33%, respectively, of the related operating expenses and debt service payments.

III. OTHER INFORMATION

A. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; employee health benefits; and other claims of various natures.

The City uses a medical self-insurance fund to pay medical and dental claims of City employees and their covered dependents and minimize the total cost of annual medical insurance to the City. Medical claims in any one year exceeding \$105,000 per covered individual, or approximately \$5,263,214 in the aggregate for the group, are covered through a private insurance carrier. Additionally, life insurance policy premiums for each employee are paid through the fund. The self-insurance fund is funded by operating transfers from other funds and charges to employees for extended benefits at their option. The City does not believe there are material claims incurred but not reported as of September 30, 2024.

The City uses a Self-Insurance and Risk Management Program (as permitted by law and its home rule charter) to insure itself against the various risks of liability or loss to which it is exposed, either through an insurance provider or through a defined self-insurance program. The City issued certificates of obligation, based on an actuarial analysis, to fund a self-insured workers' compensation plan. Under this plan, workers' compensation insurance is provided in accordance with state statutes to all City employees. To protect the assets of the plan from a catastrophic claim, the City has purchased stop loss coverage in the amount of \$100,000 per occurrence, with a maximum City liability of \$300,000 per year.

The Workers' Compensation Fund (an internal service fund) accounts for the activity of this plan. The City establishes claim liabilities based on estimates of the ultimate cost of claims reported but unsettled and of claims incurred but not reported. Any claims incurred and not reported are not believed to be significant to the City's financial statements.

Changes in the balances of claims liabilities during the past two years are as follows:

	Employee Benefits		Workers' Compensation	
	2024	2023	2024	2023
Claims payable:				
Beginning of the year	\$ 452,009	\$ 201,360	\$ 123,766	\$ 282,586
Claims incurred	6,313,701	4,287,611	89,320	59,346
Payment on claims	<u>(6,180,240)</u>	<u>(4,036,962)</u>	<u>(116,943)</u>	<u>(218,166)</u>
End of the year	<u>\$ 585,470</u>	<u>\$ 452,009</u>	<u>\$ 96,143</u>	<u>\$ 123,766</u>

Commercial insurance is purchased for the other risks of loss to which the City is exposed. There have been no significant reductions in insurance coverage and settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

B. Contingent Liabilities

The City is involved in lawsuits with other parties from time to time. While the ultimate result of these matters cannot be predicted with certainty, the City does not expect them to have a materially adverse effect on the basic financial statements.

Amounts received or receivable from granting agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amounts of expenditures which may be disallowed by the grantor cannot be determined at this time although the City expects such amounts, if any, to be immaterial.

C. Defined Benefit Pension Plan

Plan Description

The City of Rockwall participates as one of 934 plans in the nontraditional, joint contributory, hybrid defined benefit pension plan administered by the Texas Municipal Retirement System (TMRS). TMRS is an agency created by the State of Texas and administered in accordance with the TMRS Act, Subtitle G, Title 8, Texas Government Code (the TMRS Act) as an agent multiple-employer retirement system for municipal employees in the State of Texas. The TMRS Act places the general administration and management of the System with a six-member Board of Trustees. Although the Governor, with the advice and consent of the Senate, appoints the Board, TMRS is not fiscally dependent on the State of Texas. TMRS's defined benefit pension plan is a tax-qualified plan under Section 401 (a) of the Internal Revenue Code. TMRS issues a publicly available annual comprehensive financial report (ACFR) that can be obtained at www.tmr.com.

Benefits Provided

TMRS provides retirement, disability, and death benefits. Benefit provisions are adopted by the governing body of the city, within the options available in the state statutes governing TMRS.

At retirement, the benefit is calculated as if the sum of the employee's contributions, with interest, and the city-financed monetary credits with interest were used to purchase an annuity. Members may choose to receive their retirement benefit in one of seven payments options. Members may also choose to receive a portion of their benefit as a Partial Lump Sum Distribution in an amount equal to 12, 24, or 36 monthly payments, which cannot exceed 75% of the member's deposits and interest. The plan provisions are adopted by the governing body of the City, within the options available in the state statutes governing TMRS.

Plan provisions for the City were as follows:

Employee deposit rate	7%
Matching ratio (City to employee)	2 to 1
Years required for vesting	5
Service retirement eligibility	20 years to any age, 5 years at age 60 and above
Updated service credit	100% repeating transfers
Annual increase to retirees	70% of CIP, repeating

Employees covered by benefit terms

At the December 31, 2023, valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	148
Inactive employees entitled to but not yet receiving benefits	141
Active employees	<u>316</u>
Total	<u><u>605</u></u>

Contributions

The contribution rates for employees in TMRS are either 5%, 6%, or 7% of employee gross earnings, and the city matching percentages are either 100%, 150%, or 200%, both as adopted by the governing body of the City. Under the state law governing TMRS, the contribution rate for each city is determined annually by the actuary, using the Entry Age Normal (EAN) actuarial cost method. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Employees for the City of Rockwall were required to contribute 7% of their annual gross earnings during the fiscal year. The contribution rates for the City of Rockwall were 15.02% and 15.87% in calendar years 2023 and 2024, respectively. The City voluntarily elected to contribute 15.26% in 2023, which is more than the required rate. The City's contributions to TMRS for the year ended September 30, 2024, totaled \$4,770,477, and were \$32,919 more than the required contributions.

Net Pension Liability

The City's Net Pension Liability (NPL) was measured as of December 31, 2023, at \$16,274,316, and the Total Pension Liability (TPL) used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The Total Pension Liability in the December 31, 2023, actuarial valuation was determined using the following actuarial assumptions:

Inflation	2.5% year
Overall Payroll growth	2.75% year

Salary increases are based on a service-related table. Mortality rates for active members are based on the PUB (10) mortality tables with 110% of the Public Safety table used for males and 100% of the General Employee table used for females. Mortality rates for healthy retirees and beneficiaries are based on the Gender-distinct 2019 Municipal Retirees of Texas mortality tables. Male rates are multiplied by 103% and female rates are multiplied by 105%. The rates for actives, healthy retirees and beneficiaries are projected on a fully generational basis by the most recent Scale MP-2021 to account for future mortality improvements. For disabled annuitants, the same mortality tables for healthy retirees are used with a 4-year set-forward for males and a 3-year set-forward for females. In addition, a 3.5% and 3.0% minimum mortality rate is applied, for males and females respectively, to reflect the impairment for younger members who become disabled. The rates are projected on a fully generational basis by Scale MP-2021 to account for future mortality improvements subject to the 3% floor.

The actuarial assumptions were developed primarily from the actuarial investigation of the experience of TMRS over the four-year period from December 31, 2018, to December 31, 2022. The assumptions were adopted in 2023 and first used in the December 31, 2023, actuarial valuation. The post-retirement mortality assumption for Annuity Purchase Rates (APRs) is based on the Mortality Experience Investigation Study covering 2009 through 2011 and dated December 31, 2013. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income to satisfy the short-term and long-term funding needs of TMRS.

The long-term expected rate of return on pension plan investments was determined by best estimate ranges of expected returns for each major asset class. The long-term expected rate of return is determined by weighting the expected return for each major asset class by the respective target asset allocation percentage. The target allocation and best estimates of the expected return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return (Arithmetic)
Global Equity	35.00%	6.70%
Core fixed income	6.00%	4.70%
Non-core fixed income	20.00%	8.00%
Other Public and Private Markets	12.00%	8.00%
Real estate	12.00%	7.60%
Hedge Funds	5.00%	6.40%
Private Equity	10.00%	11.60%
Total	100.00%	

Discount Rate

The discount rate used to measure the Total Pension Liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the Total Pension Liability.

D. Other Post-Employment Benefits

Plan Description

The City voluntarily participates in a single-employer other post-employment benefit (OPEB) plan administered by TMRS. The Plan is a group-term life insurance plan known as the Supplemental Death Benefits Fund (SDBF). The Plan is established and administered in accordance with the TMRS Act identically to the City’s pension plan. SDBF includes coverage for both active and retired members, and assets are commingled for the payment of such benefits. Therefore, the Plan does not qualify as an OPEB Trust in accordance with paragraph 4 of GASB Statement No. 75.

Benefits Provided

The SDBF provides group-term life insurance to City employees who are active members in TMRS, including or not including retirees. The City Council opted into this program via an ordinance, and may terminate coverage under, and discontinue participation in, the SDBF by adopting an ordinance before November 1 of any year to be effective the following January 1.

Payments from this fund are similar to group-term life insurance benefits and are paid to the designated beneficiaries upon the receipt of an approved application for payment. The death benefit for active employees provides a lump-sum payment approximately equal to the employee’s annual salary (calculated based on the employee’s actual earnings for the 12-month period preceding the month of death). The death benefit for retirees is considered an other employment benefit and is a fixed amount of \$7,500.

The number of employees currently covered by the benefit terms is as follows:

Inactive employees or beneficiaries currently receiving benefits	105
Inactive employees entitled to but not yet receiving benefits	34
Active employees	<u>316</u>
Total	<u><u>455</u></u>

Contributions

The City contributes to the SDBF at a contractually required rate as determined by an annual actuarial valuation, which was 0.24% for 2023 and 2024, of which 0.05% represented the retiree-only portion for each year, as a percentage of annual covered payroll. The rate is equal to the cost of providing one-year term life insurance. The funding policy for the SDBF program is to assure that adequate resources are available to meet all death benefit payments for the upcoming year; the intent is not to prefund retiree term life insurance during employees’ entire careers. The City and Component Unit’s contributions to the SDBF for the year ended September 30, 2024 was \$13,609 and \$185, respectively, representing contributions for both active and retiree coverage, which equaled the required contributions each year.

Actuarial assumptions

The City and Component Unit’s total OPEB liability of \$711,486 and \$9,590, respectively, were measured as of December 31, 2023, and was determined by an actuarial valuation as of that date.

The Total OPEB Liability in the December 31, 2023, actuarial valuation was determined using the following actuarial assumptions:

Inflation	2.50% per year
Discount rate	3.77%
Actuarial cost method	Entry Age Normal Method
Overall payroll growth	3.6% to 11.85% per year

Salary increases were based on a service-related table. Mortality rates for active members, retirees, and beneficiaries were based on the gender-distinct RP2000 Combined Healthy Mortality Tables with Blue Collar Adjustment, with male rates multiplied by 109% and female rates multiplied by 103%. The rates are projected on a fully generational basis by scale BB to account for future mortality improvements. For disabled annuitants, the gender-distinct RP2000 Combined Healthy Mortality Tables with Blue Collar Adjustment are used with male rates multiplied by 109% and female rates multiplied by 103% with a 3-year set-forward for both males and females.

In addition, a 3% minimum mortality rate is applied to reflect the impairment for younger members who became disabled. The rates are projected on a fully generational basis by scale BB to account for future mortality improvements subject to the 3% floor. Administrative expenses for the SDBF are paid through the TMRS Pension Trust Fund and are wholly accounted for under the provisions of GASB Statement No. 68.

The actuarial assumptions used in the December 31, 2023, valuation were based on the results of an actuarial experience study for the period ending December 31, 2022. Changes in assumptions reflect the annual change in the municipal bond rate and changes in the actuarial assumptions.

Discount Rate

A single discount rate of 3.77% was used to measure the total OPEB liability. Because the plan is essentially a "pay-as-you-go" plan, the single discount rate is equal to the prevailing municipal bond rate. The projection of cash flows used to determine the discount rate assumed that contributions from the City is made at the statutorily required rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to not be able to make all future benefit payments of current plan members. Therefore, the municipal bond rate was applied to all periods of projected benefit payments to determine the total OPEB liability. The source of the municipal bond rate was Fixed-income municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-year Municipal GO AA Index" as of December 31, 2023.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following schedule shows the impact of the Total OPEB Liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (3.77%) in measuring the total OPEB Liability.

For the year ended September 30, 2024, the City and component unit recognized OPEB expense of \$45,449 and \$613, respectively. There were no changes of benefit terms that affected measurement of the total OPEB liability during the measurement period.

MEMORANDUM

TO: Mayor and City Council Members
FROM: Mary Smith, City Manager
DATE: March 14, 2025
SUBJECT: Solid Waste Collection Modifications

On October 7, 2024 Rick Bernas with Republic Waste made a presentation to the City Council. The City's then current contract with Republic Waste, Inc. would have expired December 31, 2025, and Republic was requesting an extension to that agreement. Mr. Bernas went over the long lead time on new vehicles and equipment and indicated the need to know our intentions for the future of the contract. Council voted 6-0 (McCallum had to leave early) to extend the solid waste collection agreement and authorize the City Manager to negotiate the extension terms. Both Rick and I explained that any new contract, whether with Republic or another company, would most certainly have to include a move toward automated service. Carts are the norm across the Metroplex as is limited bulk collections.

Rick Bernas will have a presentation at this Council meeting. He is proposing the move to automated collection with Republic-provided polycarts. This would be one garbage collection cart and one recycling collection cart emptied weekly. In addition, the bulk/brush collection would continue at twice per month but be limited to 6 cubic yards each time. It would NOT have to be bundled and tied as is done in other cities, including Fate. Additional cubic yards of brush would be at an additional fee.

The agreement we are currently operating under provided for 3% CPI adjustment each year. The actual CPI over several of the last five years exceeded that amount significantly. The proposed new rates take into account the current rates not being sufficient due to the limits on the rate adjustments Republic could have requested. It is important to note that approximately 30% of our residents currently participate in the optional polycart rental program, and those customers will actually see an approximate \$5 decrease under the proposed collection and pricing model as the cart rental would no longer apply.

Following the Republic presentation, Council will be able to ask questions and be asked to decide if more information is needed or to take action on the proposed service level changes.
