

## Residential Recycling Information

The City of Rockwall encourages all residents to participate in the recycling program. Recycled items are picked up one time per week by Republic (formerly known as Allied Waste) on your scheduled day of either Monday, Tuesday, Thursday or Friday. Please place items out by 7:00 am.

- Republic will provide each resident with an 18 gallon container for the collection. Residents can also rent a recycle poly cart for an additional \$4.40 per month. This is an optional program. **All recycling must be in the container provided by Republic or a clear trash bag. Any other containers will not be picked up.** Please allow 4 to 6 weeks to receive the rental poly cart.
- You can recycle metal cans, aluminum cans, and glass (clear, green and brown). Mirrors, window glass, plate glass or light bulbs cannot be recycled.
- Plastic bottles (#1, #2, #3, #4, #5 and #7 can be recycled). Examples of these items include milk jugs, plastic soft drink bottles, and detergent bottles. Please rinse and remove all lids.
- Newspaper, magazines, junk mail, envelopes, cereal boxes, cardboard, catalogs, slick and glossy inserts found in your newspaper are also recyclable items. Please put paper products in the bottom of your bin to prevent them from blowing away. Please do not put wet paper or paper contaminated with FOOD products in the bin.
